I am writing to show my support for a much-needed skatepark in Cambria. As someone who grew up in Cambria, raised children in Cambria and wants her grandchildren to stay in Cambria, I implore the CCSD Board and the County of San Luis Obispo to do what is right and provide access to recreation for the young people who live here. The focus, attention, and money have consistently been on the older population, absentee homeowners, and tourists, with little or no thought to our young people. There are safe walking trails, sidewalks, and bathrooms for tourists, pickleball and lawn bowling for the older people prominently displayed in the middle of town, while the schools where the kids go to recreate are located in remote areas. The kids have to navigate dangerous roads with no shoulder, paths, or sidewalks, to get to their playing fields, this alone speaks volumes about the value we place on the youth in our community. We currently have one county playground structure and the seasonal pool as the only youth recreational facilities and Slo county has relied heavily on the Coast Unified School District to provide playing fields for our kids. The Skatepark project is an opportunity to rectify some of this inequity. There is a long list of reasons why this skatepark is beneficial to the community, but let's just focus on the fact that our kids are asking for it and we should support them in their request for youth-friendly spaces.

Respectfully,

Shannon Sutherland

Ossana:

Good morning, Skate Cambria would like to submit the below link to show as our public comments tomorrow morning for the meeting at 10 a.m. it is less than 3 minutes

and includes industry professional endorsing the project. Please let me know you received and that the link is working on your end to be shared. Have a great day.

Thank you,  
Juli

Greetings,

As one of the parents in the 80's and 90's of young children who helped build and pay for the original skate park..

First in a storage container at the parking lot of the Vet's Hall (where the ramps had to be pulled out and set up each week and in cooperation with local building contractors - my husband was one.)

And onto the more professional grade, 1/2 pipe and other ramps on Main St. w/ hidden porta-potties, new fencing etc.

**I strongly support the skate park remaining on Main Street in the public view.**

Kids of certain ages should not be "out of view" in case the community needs to be monitoring their behavior!

Thank you,  
Marcelle Bakula
