CAMBRIA COMMUNITY SERVICES DISTRICT

BUDGET MESSAGE

June 5, 2018

Board of Directors Cambria Community Services District

Submitted herewith is the Fiscal Year (FY) 2018/19 Preliminary Budget in the amount of \$11,917,102 for the Cambria Community Services District. This letter of transmittal presents the budget highlights and addresses the main points and major decisions made in compiling this document.

Adoption of a budget is one of the most important actions taken by the Board of Directors. It establishes the District's direction for the near term, and to the extent these decisions also have long term implications. The budget is the District's financial work plan, translated in expenditures, supported by revenues. The budget establishes the priorities of the District for the fiscal year.

Developing and monitoring the budget is an on-going process. The estimates that are developed in this process are modified throughout the budget year to respond to unanticipated events. Monthly reports are provided as a method for on-going review at both the operating and the capital improvement project (CIP) levels.

As part of the February 2018 CCSD Board of Directors Board Meeting, General Manager Gruber presented to the Board a list of detailed goals for each Department to include Administration, Facilities and Resources, Fire, Water and Wastewater. The Board directed General Manager the General Manager to work with each Department, narrow the scope of proposed goals, prioritize the goals based on limited financial resources and focus on no more than three to five goals for each Department. The Board further stated that they did not necessarily want to see the revise list of goals brought back for their review, however a periodic update on the Department goals would be helpful.

As directed I work with each Department Manager/Supervisor in preparing a revised list of goals that were measurable and attainable. Financial Resources for each Department as part of the Fiscal Year 2018/2019 Budget have been given the necessary funding to achieve their Department goals.

FY 2018/19 Budget Highlights

Administrative Costs are projected to be \$1,843,961. The Finance Committee will be reviewing the current methodology and may make a recommendation to the Board of Directors change the current practice in how Administrative Costs are allocated.

Budget Summary

District-wide revenues are projected to be \$11,961,290. District-wide expenditures are projected to be \$11,917,102. Overall, District-wide revenues are projected to exceed projected expenditures by (\$11,961,290 - \$11,917,102) \$177,906.

Balance Budget

The FY 2018-19 Preliminary Budget is balanced at a high cost to the District. To balance the budget staff had to make budget cuts in the amount of \$2,031,431 which are shown below. To mitigate this revenue shortfall for the General Fund, on June 5, 2018, the District put a parcel tax ballot measure before the Cambria residents hoping to get approval for \$378,025 to fund 3 Fire Fighter positions. Results showed that the parcel Tax was not approved by the residents of Cambria. In October 2017, the District hired a water and sewer rate consultant to perform water and wastewater rate studies to help mitigate the water and wastewater revenue shortfalls. On June 19, 2018, staff along with the Board will be holding a workshop with the public to help pass the water and wastewater rates needed to ensure that there are adequate funds to cover the cost of operations and Capital Improvement Projects.
