CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. **3.B.**

FROM: Paavo Ogren, Interim General Manager
Timothy Carmel, District Counsel

Meeting Date: May 23, 2019

Subject: DISCUSSION AND CONSIDERATION OF APPROVING AMENDED COVENANT RELATED TO PROPERTY LOCATED AT 2706 MAIN STREET, A LEASE WITH THE CAMBRIA HISTORICAL SOCIETY FOR USE OF THAT PROPERTY FOR THE SANTA ROSA SCHOOLHOUSE AND AUTHORIZING WATER AND SEWER SERVICE FOR THE PROPERTY

RECOMMENDATIONS:

Staff recommends that the Board of Directors discuss and consider approval of an Amendment to Covenants, Agreements and Restrictions related to the use of the property located at 2706 Main Street and approval of a Lease Agreement (the "Lease") with the Cambria Historical Society for that property for the relocation of the Santa Rosa Schoolhouse. It is also recommended that the Board authorize providing water and sewer service to the property.

FISCAL IMPACT:

The Lease with the Cambria Historical Society is for the nominal amount of one dollar (\$1.00) per year. The Lease also provides that all costs for the use, operation and maintenance of the property during the term of the Lease will be borne by the Historical Society, including the cost of establishing water and sewer service on the property.

BACKGROUND:

As the Board is aware, the Historical Society has a deadline it must meet to relocate the Santa Rosa Schoolhouse (the "Schoolhouse"), and they have been working diligently to secure a new location. The Historical Society's efforts are now focused on the property located at 2706 Main Street that had previously been used as the District's dog park (the "Property").

A necessary component of relocating the Schoolhouse to the Property is an amendment to Covenants, Agreements and Restrictions (the "Covenant") that restrict the Property's use. When the District purchased the Property from the prior owners, Jim and Janet Bahringer, the purchase included execution of the Covenant. The restrictions on the use and development of the Property would preclude the proposed use by the Historical Society; however, the Bahringers have agreed to amend the Covenant to allow the Schoolhouse to be located on the Property and have approved the attached Amendment to Covenants, Agreement and Restrictions. The proposed Lease with the Historical Society references the Covenant and requires that they are subject to its terms, as amended. The Amendment to Covenants, Agreements and Restrictions is now being presented to the Board for its approval.

A comprehensive Lease has also been prepared that will lease the Property to the Historical Society for one dollar (\$1.00) per year for a period of 25 years, with a 25 year option to extend, subject to District approval. The Lease provides that the Historical Society will be responsible for all costs associated with their use and operation, as well as maintenance of the Property. The Historical Society will also be required to provide insurance, and indemnify and hold the District harmless for its activities and use of the Property. The Historical Society will be able to terminate the Lease upon six months' written notice. If terminated, at the District's option, any improvements that the Historical Society has made will become the District's property. Removal of the Schoolhouse from the Property will be at the Historical Society's expense.

As has been noted in a previous staff report, the Property does not have water or sewer service on it. Although the District has restricted new connections to the water system, as staff has advised the Board, District Counsel has indicated that there is no legal impediment to authorizing new connections at the Property for the Schoolhouse use. Further, when the District established the implementation program for the Water Code Section 350 Emergency Water Shortage Declaration in December 2001, the staff report at that time included the following:

A. New Construction: No Intent to Serve Letters will be issued for new development except as follows:

1. The Board of Directors may consider the issuance of Intent to Serve Letters for affordable housing projects (as defined in CCSD Ordinance 1-99), public educational facilities, publicly owned park and recreation facilities, and other governmental facilities...

While not publically owned, the Schoolhouse will be a form of public educational facility, as well as providing a park-like facility that is open to the public. District Counsel has also advised that under the statutes relating to Water Code Section 350 emergencies, there is nothing prohibiting a new connection for an historical facility such as the Schoolhouse. Therefore, since the Board has the discretion to allow such connections, and it will be on publically owned property being leased to a non-profit entity to preserve an historical facility and maintain it for the community, staff recommends that it authorize providing water and sewer service to the Property, upon payment of appropriate fees. The Lease provides that the Historical Society is responsible for all costs for utilities and services to the Property, including water and sewer. To the extent it may be required by the County for any permits or approvals necessary for the Historical Society's use of the Property, the Board's approval for water and sewer service should also include authorizing staff to issue an Intent to Serve Letter.

AMENDMENT TO COVENANTS, AGREEMENTS AND RESTRICTIONS
(RIGHT OF FIRST REFUSAL)

This Amendment to Covenants, Agreements and Restrictions ("Amendment") is made as of April __, 2019, by and between James and Janet Bahringer ("Owners") and the Cambria Community Services District ("District"). For convenience, Owner and District are sometimes collectively referred to herein as the "Parties" and singularly as a "Party."

This Amendment is made with respect to the following recitals of fact:

A. District previously purchased a parcel of real property from Owners, as described in Exhibit "A," attached hereto and incorporated herein by reference (APN 013-151-045, the "Property").

B. The purchase of the Property included as additional consideration execution of Covenants, Agreements and Restrictions recorded on March 1, 2005 in the Official Records of the County of San Luis Obispo, State of California as Document No. 2005016046 (sometimes referred to herein as the "Covenant") that restricted the use and development of the Property and that benefitted a second parcel of real property located across the street from the Property, as described in Exhibit "B," attached hereto and incorporated herein by reference (APN 013-151-043, the "Benefitted Property").

C. The Cambria Historical Society ("Historical Society") now desires to relocate an historic building, the Santa Rosa Schoolhouse ("the Schoolhouse"), to the Property; however, use of the Property as a location for the Schoolhouse is not a permitted use under the terms of the Covenant.

D. District would like to enter into a lease with the Historical Society in order to provide for the relocation of the Schoolhouse on the Property and Owners are in agreement to amend the Covenant to allow such use.

NOW, THEREFORE, the Parties hereby agree as follows:

1. Notwithstanding anything to the contrary in the Covenants, Agreements and Restrictions, the use of the Property as a location for the Schoolhouse, including all appurtenant uses described in Exhibit "C," attached hereto and incorporated herein by reference, shall be permitted uses of the Property. A site plan showing the location of the Schoolhouse on the Property and appurtenant improvements,

including a public restroom, parking lot and landscaping, is attached hereto as Exhibit "D" and incorporated herein by reference. Once the Schoolhouse is located on the Property, all uses shall be limited to and conform with those set forth in Exhibit C and all improvements shall be limited to and conform with those depicted in Exhibit D, including, but not limited to, access to the property, turnaround area, parking lot, and the approximately 8,000 square foot schoolyard area. No other structures may be located on or uses made of the Property without the prior written consent of the Owners, unless the Schoolhouse and all appurtenant improvements are removed.

- 2. This Amendment may be signed by the Parties in different counterparts and the signature pages combined to create a document binding on all Parties.
- 3. Except as amended herein, all other terms and conditions of the Covenants, Agreements and Restrictions shall continue to be in full force and effect.

IN WITNESS WHEREOF, the Parties have executed this Amendment to be effective as of the year and date first written above.

Santa Rosa School House Plans and Use of the Building and Grounds

Anticipated Schedule of Operations:

- *Open 3 to 4 hours most Saturday and Sunday afternoons. 25 to 35 drop-in visitors*
- *Open occasional weekday mornings from 8:30 am to Noon for school groups. Most likely two or three days per month in October, November, February, March, April and May; 50 to 60 children and adults per school group.*
- *Open occasional mornings and/or afternoons, but not past sunset, for workshops, docent meetings, guest speakers. Fundraising events, also not past sunset, will not exceed 4 times per year.*

When the old Santa Rosa School House is ready, it will be open to the public as a children's museum where we will regularly offer historical experiences reminiscent of life and school in the late 1800s and early 1900s. We hope to offer educational, interactive activities and exhibits that promote understanding of how people lived, learned and worked in earlier times and how they were part of Cambria's evolving community. All ages are welcome and would have opportunities to engage in vintage activities both inside and outside the School House.

We plan to restore the School House to its original design and furnish it with vintage school desks, chalkboards, potbelly stove and educational materials. We hope to develop an outdoor yard surrounding the building that can accommodate groups of 50 to 60 children as they explore vintage tools, make toys, play games of the past and experience practical living activities using vintage materials. A wonderful way to end the field trip would be a picnic lunch in the yard just before returning to school on the bus.

Once open, we plan to open most Saturday and Sunday afternoons for approximately 3 hours year round. We anticipate 25 to 35 visitors to drop in for a tour of the School House and to participate in activities both inside and outside as weather permits. In addition, we'll schedule school fieldtrip groups of 50 to 60 children and their teachers to visit on a weekday morning from approximately 8:30 a.m. to Noon. Currently, at the Museum, we schedule fieldtrips on a Thursday or Friday morning. Field trips would be scheduled during the school year and most likely in October, November, and February, March, April, May.

LEASE AGREEMENT

This Lease Agreement (“Lease”) is entered into by and between the Cambria Community Services District (“District”), and the Cambria Historical Society (“Historical Society”), and is effective as of _____, 2019 (“Effective Date”). The District and the Historical Society (collectively, the “Parties”) agree as follows:

1. Recitals.

a. The District and the Historical Society desire to enter into a lease for District-owned property located at 2706 Main Street, Cambria, California (APN 013-151-045, hereinafter “the Property”), as described in Exhibit “A,” attached hereto and incorporated herein by reference, for the relocation of the historic Santa Rosa Schoolhouse (“Schoolhouse”).

b. The Historical Society is a public benefit, nonprofit corporation whose mission is to: promote an appreciation for the colorful history of Cambria and the surrounding area among residents and visitors; preserve, interpret and exhibit historic information and artifacts; and provide a welcoming center-of-town historic venue for community use.

c. The Schoolhouse, which is owned by the Historical Society, is currently located at 870 Main Street in Cambria, and needs to be permanently relocated to a new location.

d. The District finds that the use of the Property for the location and preservation of the Schoolhouse, which will be operated by the Historical Society for the benefit of Cambria as a parklike and educational not-for-profit museum open to the public, is a public purpose that will serve the community within the powers and authority of the District.

2. Purpose and Objective.

The District and Historical Society declare that it is in the best interest of the residents and taxpayers within the District that the parties cooperate for the purpose of preserving the Schoolhouse, which is of great local historical significance, at the greatest efficiency and for the least cost to the residents and taxpayers of the District.

3. Property Leased.

The District hereby leases to the Historical Society, and the Historical Society leases from the District the Property.

4. Condition of Property.

The Property is leased to Historical Society in its current, existing, “AS IS” condition, and Historical Society’s occupancy of the Property shall constitute Historical Society’s acknowledgement that the Property is suitable for Historical Society’s use.

Historical Society acknowledges that it has been informed about the Property's prior use as the District's dog park, and that it is subject to Covenants, Agreements and Restrictions between the District and the Property's prior owners that benefit property located across the street from the Property. The Covenants, Agreements and Restrictions have been amended to permit the use of the Property as the location of the Schoolhouse, and this Lease and the Historical Society's use of the Property will be subject to the terms of the Covenants, Agreements and Restrictions, as amended.

In addition to the foregoing information about the Property, before entering into this Lease, Historical Society has conducted its due diligence and is familiar with the physical, environmental, and legal condition of the Property, and has had the opportunity to inspect and re-inspect the same (as applicable). Except as expressly provided in this Lease, it is understood and agreed that the District has no obligation and has made no promises to alter or improve the Property.

Historical Society acknowledges that neither the District nor any of the District's agents has made any representation or warranty with regard to the Property or any utilities, infrastructure, easements, licenses, use rights, assessments, or other encumbrances benefiting or burdening the Property, including with respect to their condition, effect on, or suitability for the conduct of Historical Society's relocation of the Schoolhouse, its operations or other uses of the Property.

5. Rent.

The rent to be paid under to this Lease is One Dollar (\$1.00) for each full or partial year during the Term of this Lease. The rent is payable on or before January 1 of each year of the Lease.

6. Term.

The term of this Lease will be for twenty-five (25) years from the Effective Date, with an option to renew ("option") for an additional twenty-five (25) year term. Said option shall be exercised by Historical Society no less than six (6) months prior to the expiration of the initial term. Said option shall be subject to, and shall only be effective upon, the written agreement of the District. Notwithstanding anything herein to the contrary, the term of this Lease is subject to the early termination rights of the Parties as set forth in Section 11.

7. Holdover.

In the event the Historical Society remains in possession of the Property after the expiration of the Lease term, the Historical Society will be a tenant at will with a month-to-month tenancy subject to all the provisions of this Lease, provided that such holdover term may be terminated upon thirty (30) days' written notice by the District.

8. Taxes and Assessments.

a. **Personal Property Taxes.** Historical Society must pay before delinquency all taxes, assessments, license fees and other charges levied and assessed against Historical Society or the District with respect to any personal property (collectively "Personal Property Taxes") that become payable during the Term or are attributable to Historical Society's use or occupancy of the Property. On demand by the District, Historical Society must furnish the District with satisfactory evidence of these payments. Notwithstanding the foregoing, Historical Society has the right to contest the imposition or collection of any such Personal Property Taxes which Historical Society reasonably believes was improperly assessed or calculated.

b. **Statement Regarding Possessory Interest Taxes.** This Lease creates a possessory property interest in Historical Society. Historical Society acknowledges and agrees that Historical Society's leasehold interests may be subject to property taxation, and Historical Society may be subject to the payment of property taxes levied on the interest. Such taxes are referred to in this Lease as "Possessory Interest Taxes," and must be paid by Historical Society as part of Real Property Taxes as provided in Section 8.c below.

c. **Real Property Taxes.** Historical Society is required to pay any real property taxes, impositions, general or special assessment, surcharge, fee, levy, penalty, bond, or similar charge levied on any business conducted on the Property, general and special taxes including Possessory Interest Taxes, gross receipts tax, excise tax levied by any Taxing Authority (defined below) including with respect to the District's receipt of Rent or ownership, management or operation of the Property (collectively, "Real Property Taxes"), now or in the future levied and assessed against the Property by any authority having the power to tax, including any federal, State or County government or any political subdivision ("Taxing Authority"). The District will promptly furnish Historical Society with a copy of any tax bill it receives related to Real Property Taxes. Historical Society must pay any Real Property Taxes not later than the Taxing Authority delinquency date.

d. **Historical Society's Tax Liability Prorated.** Historical Society's liability to pay Real Property Taxes will be prorated on the basis of a 365-day year to account for any fractional portion of a fiscal tax year included in the Term at its inception and expiration or other termination in accordance with this Lease.

e. **Real Property Tax Contest.** Historical Society may not seek a reduction in the assessed valuation of the Property, or contest any Real Property Taxes that are to be paid by Historical Society without the District's prior written consent. If the District consents and Historical Society seeks a reduction or contests any such Real Property Taxes, Historical Society will remain obligated to pay all Real Property Taxes prior to delinquency. The District will not be required to join in any proceeding or contest brought by Historical Society.

9. Use, Operation and Maintenance.

a. Use and Operation. Historical Society will be responsible for all costs related to its use of the Property, including, but not limited to, any Minor Use and Building permits required by San Luis Obispo County, and all costs of moving, building, and restoring the Schoolhouse, and landscaping the grounds. Historical Society agrees that it will continuously operate the Schoolhouse as an historic facility that is open to the public. The Property may be used for no other use, other than uses ancillary to the Schoolhouse, for the duration of the Term, without District's prior written consent.

b. Covenants, Agreements and Restrictions. As set forth in Section 4 above, Historical Society acknowledges that the Property is subject to Covenants, Agreements and Restrictions between the District and the Property's prior owners that benefit property located across the street from the Property. This Lease and the Historical Society's use of the Property will be subject to the terms of the Covenants, Agreements and Restrictions, as amended.

c. Maintenance by District. District will not be responsible for any maintenance or operation of the Property or the Schoolhouse.

d. Maintenance by Historical Society. Historical Society agrees to maintain, or cause to be maintained, the Schoolhouse and Property, including any new improvements that may be constructed by Historical Society. Such maintenance must be performed in a good and workmanlike manner so as to keep the Property in a neat, clean and orderly condition. All maintenance, repairs and general upkeep must conform to all applicable federal and State Occupational Safety and Health Act standards and regulations for the performance of maintenance and all other applicable local, state and federal laws.

10. Construction of Improvements on the Property.

a. Construction. Except with the District's prior written consent, which consent may not be unreasonably withheld, Historical Society may not make or cause to be made any construction, reconstruction, restoration, repair, alterations, additions, remodeling, or improvements ("Construction") on the Property. If Historical Society desires to undertake any Construction, Historical Society must, prior to the commencement of such work, prepare or cause to be prepared, at its sole expense, and must submit to the District for its review, plans and specifications for such work and such additional information as is reasonably requested by the District to make an informed decision on such submission. The plans and specifications must comply with this Lease and all applicable laws. Historical Society further acknowledges and agrees that it must pay at its sole expense the costs of all required permits and approvals for any of its proposed Construction.

b. Protection of District. Nothing in this Lease may be construed as constituting the consent of the District, expressed or implied, to the performance of any labor or the furnishing of any materials in connection with any construction by any contractor, subcontractor, laborer or materialman, nor as giving Historical Society or any

other person any right, power or authority to act as agent of, or to contract for or permit the rendering of any services, or the furnishing of any materials, in such manner as would give rise to the filing of mechanics' liens or other claims against the Property or any improvements thereon. The District has the right at all reasonable times to post, and keep posted, on the Property any notices which the District may reasonably deem necessary for the protection of the District and of such property and improvements from mechanics' liens or other claims. Historical Society must give the District 10 (ten) days' prior written notice of the commencement of any Construction to be done to enable the District to post such notices. In addition, the District may, in its reasonable discretion, require Historical Society to furnish to the District at Historical Society's expense reasonable improvement security, including completion and labor and materials bonds, prior to commencement of any construction. Historical Society must make, or cause to be made, prompt payment of all monies due and legally owing to all persons doing any construction or furnishing any materials or supplies to Historical Society or any of its contractors or subcontractors in connection therewith.

c. Liens and Stop Notices. Historical Society must keep the Property free and clear of all stop notices, mechanics' liens, and other liens on account of any construction performed by or on behalf of Historical Society or persons claiming under Historical Society. Historical Society agrees to and will indemnify and hold the District harmless against any and all liability, loss, damages, costs, attorneys' fees, and all other expenses on account of claims of lien of laborers or materialmen or others for construction performed by or on behalf of Historical Society or materials or supplies furnished to Historical Society or persons claiming under Historical Society. If a claim of a lien or stop notice is given or recorded affecting the Property or any Property Improvements, Historical Society must, within thirty (30) days of such recording or service: (a) pay and discharge the same; (b) effect the release thereof by recording and delivering to the District a surety bond described in California Civil Code §3143, or successor statute in sufficient form and amount which results in the removal of such lien from the Property and improvements thereon; or (c) otherwise obtain or effect the release such lien. Should any claims of lien be filed against the Property or improvements thereon, or any action be commenced affecting the title to such Property, the party receiving notice of such lien or action must forthwith give the other party written notice of such lien or action.

11. Termination.

a. By the District. The District may terminate this Lease if the Historical Society is in default, as set forth in Section 16 of this Lease, and has not cured or commenced to cure such default to the satisfaction of the District within 30 (thirty) days' written notice from District of the default.

b. By the Historical Society. The Historical Society may terminate this Lease: (a) Upon thirty (30) days' written notice if the District is in breach of any of its covenants in this Lease and has not cured such breach within such thirty (30) days; (b) Without cause, upon written notice given at least six (6) months prior to the date upon which the Historical Society wishes to vacate the Property.

c. **Ownership Upon Termination or Expiration.** Upon the expiration or other termination of the Lease for any reason, upon District's election, any and all District-approved construction, including all improvements or structural changes on the Property ("improvements"), but not including any non-permanent personal property or Trade Fixtures of Historical Society, will, without additional compensation to Historical Society, become District's property free and clear of all claims to or against them by Historical Society or any third person. In the event District does not elect to retain ownership of such improvements, except for underground utilities, Historical Society shall, at its sole expense, provide for their removal and return the Property to its original condition. Historical Society must defend, indemnify and hold District harmless against any all claims, liability, losses arising from claims related to the improvements or from District's exercise of the right conferred by this section.

d. **Removal of Schoolhouse and Personal Property at Termination or Expiration.** Upon the expiration or other termination of the Lease, Historical Society, at its own expense, shall provide for the removal and relocation of the Schoolhouse and shall remove all personal property of Historical Society from the Property. Any personal property (whether or not owned by Historical Society) not removed by Historical Society prior to the expiration or other termination of the Term or Lease will be deemed to be abandoned by Historical Society and will, without compensation to Historical Society, become the District's property, free and clear of all claims to or against them by Historical Society or any other person. Historical Society must defend, indemnify and hold the District harmless against any and all claims, liability, losses arising from such claims or from the District's exercise of any rights conferred by this Section 11.d. Historical Society is liable to the District for costs incurred by the District in effecting the removal of the Schoolhouse and of all personal property (whether or not owned by Historical Society) which Historical Society has failed to remove. The provisions of this Section 11.d will survive expiration or other termination of this Lease.

12. Services.

Historical Society, at its sole cost and expense, is responsible and must directly contract and pay for any and all utilities and services required or desired by Historical Society in connection with its use or occupancy of the Property, including telephone, computer and cable lines, wiring, materials, security, heat, air conditioning, water, gas, sewer, electricity, refuse, sewage, garbage, pest control services, and any other utilities, materials or services supplied to or serving the Property ("Services"). Historical Society must hold the District harmless from and against any and all demands, liability, claims, actions and damages to any person or property, costs and expenses, including reasonable attorneys' fees, arising out of or connected with the provision and payment of the Services. Historical Society must comply with federal, state, or local governmental controls, rules, regulations, or restrictions on the use or consumption of Services during the Term.

13. Insurance.

a. Historical Society Insurance. Historical Society must, at its own cost and expense, obtain and keep in force at all times during the Term the insurance coverage specified in Exhibit "B," attached hereto and incorporated by reference herein, and is liable for all premiums, deductibles, and self-insured amounts, if any, in connection with any such insurance. District shall be named as an additional insured on such insurance.

b. Certificates. Historical Society will file and maintain with the District Clerk, certificates of insurance evidencing the existence of the insurance coverages required by this Lease. Each certificate of insurance will be in a form as approved by the District, and each certificate will contain a provision requiring that no substantial change in coverage or termination of the policy to which the certificate relates will be made, except upon 30 (thirty) days' written notice to the District.

14. Indemnity and Liability.

a. Indemnity. Except to the extent claims are caused by the District's sole proven negligence or willful misconduct, Historical Society will indemnify, protect, defend, and hold harmless the District and its elected officials, officers, employees, volunteers, agents, representatives, contractors and each of their successors and assigns from and against any and all claims, judgments, causes of action, damages, penalties, costs, liabilities, and expenses, including all costs, attorneys' fees, expenses and liabilities incurred in the defense of any such claim or any action or proceeding brought thereon, arising at any time during or after the Term as a result (directly or indirectly) of or in connection with (a) any Historical Society default under this Lease (including in the performance or non-performance of any obligation on Historical Society's part to be performed under the terms of this Lease); (b) Historical Society's use of the Property, any portion thereof; (c) any act, error or omission of Historical Society in or about the Property, (d) loss of, injury or damage to, or destruction of property (including merchandise or inventory), including loss of use resulting from such loss, injury, damage, or destruction; or (e) any resulting economic loss, consequential damages, or exemplary damages (collectively, "Claims"). Historical Society must defend such Claims by and through counsel reasonably acceptable to District. The obligations of Historical Society under this Section 14 shall survive the expiration or other termination of this Lease with respect to any claims or liability arising prior to such expiration or other termination and do not interfere or limit the indemnities in Section 17.b.

b. Exemption of District from Liability. Historical Society, as a material part of the consideration to the District, hereby assumes all risk of damage to property, and injury to or death of persons in, upon or about the Property arising from any cause, and Historical Society hereby waives all claims in respect thereof against the District, except to the extent such claims are caused by the District's sole proven negligence or willful misconduct.

15. Non-assignability.

Historical Society may not assign, sublet, or otherwise transfer, whether voluntarily or involuntarily or by operation of law, this Lease or the Property without the District's prior written consent, which may be withheld in the District's sole discretion.

16. Default.

Historical Society is in default of this Lease if at any time it violates any of the covenants or agreements contained in this Lease, and such violations are not cured to the satisfaction of the District after 30 (thirty) days' written notice provided by the District to the Historical Society specifying the particulars of the default. If, in the sole discretion of the District, the default is of such a nature that cure would require more than 30 (thirty) days, Historical Society will be in default unless it commences such cure within such 30 (thirty) days' notice and thereafter diligently pursues completion of such cure.

17. Environmental Matters.

a. Environmental Compliance. Historical Society may not use, handle, store, transport, treat, generate, release or dispose of any Hazardous Materials (defined below) anywhere in, on, under or about the Property. District has the right to enter the Property from time to time to conduct tests, inspections and surveys concerning Hazardous Materials and to monitor Historical Society's compliance with its obligations concerning Hazardous Materials and Hazard Materials Laws. Historical Society must immediately notify the District in writing of: (a) any release or discharge of any Hazardous Material; (b) any voluntary clean-up or removal action instituted or proposed by Historical Society; (c) any enforcement, clean-up, removal or other governmental or regulatory action instituted or threatened; or (d) any claim made or threatened by any person against the District, Historical Society, the Property, any portion thereof, or any improvements thereon relating to Hazardous Materials or Hazardous Materials Laws. Historical Society must also supply to the District as promptly as possible, and in any event within five (5) business days after Historical Society receives or sends same, copies of all claims, reports, complaints, notices, warnings or asserted violations relating in any way to the personal property, the Property and any improvements thereon, or Historical Society's use thereof and concerning Hazardous Materials or Hazardous Materials Laws. In the event Historical Society institutes a cleanup or removal action, Historical Society must provide copies of all work plans and subsequent reports submitted to the governmental agency with jurisdiction to the District in a timely manner. "Hazardous Materials Laws" means all laws, codes, rules, orders, ordinances, directives, regulations, permits, or other requirements of federal, state, county, municipal or governmental authorities having jurisdiction, now in force or which may hereafter be in force concerning the management, use, generation, storage, transportation, presence, discharge or disposal of Hazardous Materials. "Hazardous Materials" means any and all pollutants, wastes, flammables, explosives, radioactive materials, hazardous or toxic materials, hazardous or toxic wastes, hazardous or toxic substances, carcinogenic materials or contaminants and all other materials governed, monitored, or regulated by any Federal, State or local law or regulation, including the Comprehensive Environmental Response, Compensation and Liability Act, the Hazardous Substances Account Act, and/or the Resources Conservation and Recovery Act, together with asbestos, asbestos-containing materials, hydrocarbons, polychlorinated biphenyl ("PCB") or PCB-containing materials, petroleum, gasoline,

petroleum products, crude oil or any fraction, product or by-product thereof. Notwithstanding anything to the contrary, Historical Society may use common cleaning products in a manner consistent with and in amounts used in the ordinary course of business. However, Historical Society must handle, use, store, transport, release, and dispose of such cleaning products in accordance with all applicable laws, including Hazardous Materials Laws.

b. Historical Society's Indemnification. Except to the extent caused by the District's sole proven negligence or willful misconduct, Historical Society must indemnify, defend and hold the District harmless from any claims, causes of action, liabilities, losses, damages, injunctions, suits, fines, penalties, costs or expenses (including attorneys' fees and expenses and consultant fees and expenses) caused or alleged to have been caused by the presence of Hazardous Materials in, on, under, about, or emanating from the Property, including any bodily injury, death, property damage, natural resource damage, decrease in value of the Property, caused or alleged to have been caused by Historical Society or its parties' use, storage, handling, treatment, generation, presence, discharge or release of Hazardous Materials in violation of Historical Society's obligations under this Lease, whether such claims, causes of action or liabilities are first asserted during the Term or thereafter, and including claims made against the District with respect to bodily injury, death or property damage sustained by third parties caused or alleged to have been caused by Historical Society use, storage, handling, treatment, generation, presence, discharge or release of Hazardous Materials. The indemnities required of Historical Society in this Section 17.b are in addition to and do not limit the indemnities required of Historical Society in Section 14.a of this Lease.

18. Districts Right to Enter Property.

The District and its authorized representatives have the right to enter the Property at all reasonable times, after giving Historical Society twenty-four (24) hours' prior written notice (except in emergency, in which case no notice will be required), for any reasonable purpose, including: to determine whether the Property is in good condition and whether Historical Society is complying with its obligations under this Lease; to do any necessary maintenance and to make any restoration to the Property that the District has the right or obligation to perform; and to serve, post or keep posted any notices required or allowed under the provisions of this Lease.

The District has the right, but not the obligation, to maintain and repair, remove or replace, add to or generally improve, utilities and the facilities owned by the District, another public agency or public utility company, whether under, on, upon, or over the Property; and the District has the right, but not the obligation, to do any act or thing reasonably necessary for the safety or preservation of the Property if any excavation or other construction is undertaken or is about to be undertaken on any adjacent property or nearby street. The District is not liable in any manner for any inconvenience, disturbance, loss of business, nuisance, or other damage arising out of the District's entry on the Property as provided in this Section 18 other than any property damage, bodily injury, or death caused by the sole negligence or willful misconduct of the District, its agents, employees or contractors.

BACKGROUND:

The San Luis Obispo County Public Works Department is planning to repair a soil slip-out that threatens a portion of Burton Drive. Subject: Burton Drive PM 2.0 Slip-out Repair Project #245R12B438, Parcel 18-09, Cambria, APN 013-151-031

Dear Ms. Madrid:

On August 7, 2018, the County of San Luis Obispo, Department of Public Works (County) offered to purchase a Public Road and Slope Easement with right of ingress and egress and a Temporary Construction Easement over portions of Cambria Community Services District (CCSD) land located on Burton Drive between Rodeo Grounds Road and Village Lane, Cambria, for the Burton Drive PM 2.0 Slip-out Repair Project (Project). The County plans to repair a soil slip-out that threatens a portion of Burton Drive. The requested easement is necessary to accommodate the slope repair and reasonable access to the area. A temporary construction easement is also required for construction staging.

The ensuing discussions with CCSD personnel revealed the presence of a CCSD 10-inch waterline running through the proposed project area. The as-builts previously obtained from CCSD had not shown this waterline.

The County has now had an opportunity to pothole and positively locate the waterline. It has also been determined that our slope repair project will not conflict with the 10-inch waterline and other CCSD utility facilities on the property. We have incorporated 'consent to common use' language into the Easement Deed to appropriately identify and provide for future coordination of the shared area overlaying the waterline within the County's requested easement.

Enclosed are the following documents outlining the County's updated offer to purchase the necessary real property rights:

- Summary Statement relating to the Purchase of Real Property or an Interest Therein.

Hello Monique,

The pedestrian path is, in fact, on the County's reconstruction plans.

Attached are the "95%" project plans. Plan-sheet two shows Note 5 describing the DG Pathway in the 'Typical Sections'. Plan-sheet three shows Note 17 describing the DG Pathway in the 'plan-view'. Our Project Engineer will be editing the thickness discrepancy between the two notations. We are told that the true thickness of the DG Pathway is to be 12 inches and the width is to be 6 feet.

We had hoped to have the plans re-edited prior to sending, but we are able to sufficiently respond to your Board member's concern with the current set of plans.

Please let me know if there are any additional concerns.

Hi Phil,

We chatted last week about the project for the County. As you may recall, the CCSD has this on our May 9 agenda for board approval.

Please allow this email to be a gentle reminder that we are awaiting the plan documents which show the pedestrian pathway is going to be Replaced during the project work.

I look forward to receiving the documents. We expect to publish the agenda packet on Thursday morning. It would be great if I could receive

The documents before the end of the day tomorrow please.

THIS RIGHT OF WAY AGREEMENT (Agreement) is entered into this ___ day of _____, 2019, by and between Cambria Community Services District, a public agency, hereinafter referred to as GRANTOR and the COUNTY OF SAN LUIS OBISPO, a political subdivision of the State of California, hereinafter referred to as COUNTY;

The GRANTOR and the COUNTY hereby agree as follows:

WITNESSETH:

WHEREAS, COUNTY needs to obtain certain property interests from GRANTOR for the Burton Drive pm 2.0 Slip-Out Repair Project 245R12B438 ("Project"); and

WHEREAS, GRANTOR has executed an easement deed and consent to common use agreement in the form of Easement Deed and Consent to Common Use Agreement No. 18-09 ("Easement Deed") attached hereto as Exhibit 1 covering the property particularly described therein (hereafter, "Permanent Easement"), and has delivered Easement Deed to the COUNTY'S Right of Way Agent for recording pursuant to the terms of this Agreement; and

WHEREAS, Permanent Easement is part of a larger parcel owned by GRANTOR, otherwise identified by COUNTY Assessor as APN 013-151-031 - or further described as 'CCSD Pump Station B-1' in the Quitclaim Deed from the County of San Luis Obispo to the Cambria Community Services District, Document No. 1995013283, Recorded March 30, 1995 in official County Records ("hereafter the "Subject Property"); and

WHEREAS, COUNTY needs said property described in Easement Deed for a public use for which COUNTY has the authority to exercise the power of eminent domain. Both GRANTOR and COUNTY recognize the expense, time, effort, and risk to both parties in determining the compensation for the property by eminent domain litigation. The compensation set forth herein for the property is in compromise and settlement, in lieu of such litigation.

NOW, THEREFORE, in consideration of the mutual covenants, conditions, promises and agreements herein set forth, it is mutually agreed by and between GRANTOR and COUNTY as follows:

1. The parties have herein set forth the whole of their agreement. The consideration set forth herein constitutes the entire consideration for the granting of the Easement Deed, and for the COUNTY'S use of the Subject Property pursuant to the terms of the Easement Deed. The performance of this Agreement relieves the COUNTY of any and all further obligation or claims relating to any uses of the Subject Property allowed by the Easement Deed, including those relating to the construction, maintenance, repair or operation of the proposed public improvement Project.

2. The COUNTY shall:

a. Pay the undersigned GRANTOR the sum of \$2,300.00 for the interests conveyed by

this Agreement and by Easement Deed when title to said Easement Deed vests in the COUNTY free and clear of all liens, encumbrances, assessments, easements, leases (recorded and/or unrecorded), and all taxes, except:

1. Taxes for the fiscal year in which this Agreement is entered which shall be cleared and paid in the manner specified under Article 5 (commencing with Section 5081) of Chapter 4 of Part 9 of Division 1 of the Revenue and Taxation Code, if unpaid at time Agreement is entered.
2. Easements or rights of way over said land for public, public utility or quasi-public utility purposes, if any.
 - b. Pay any escrow and recording fees incurred in this transaction, and if title insurance is desired by the COUNTY, the premium charged therefor.
 - c. Have the authority to deduct and pay from the amount shown in Paragraph 2 (a) above, any amount necessary to satisfy any delinquent taxes due in any fiscal year except the fiscal year in which this escrow closes, together with penalties and interest thereon, and/or delinquent or non-delinquent assessments or bonds except those which title is to be taken subject to, in accordance with the terms of this agreement.
3. GRANTOR hereby warrants and represents that the GRANTOR has no reason to believe that any hazardous waste, extremely hazardous waste, or hazardous substance (as those terms are defined in sections 25117, 25115, and 25316 of the California Health and Safety Code) has come to be located on, beneath or within any of the real property covered by the above referenced Easement Deed or this Agreement. If GRANTOR ever becomes aware of the presence of any hazardous waste, extremely hazardous waste, or hazardous substance on, beneath or within these areas, GRANTOR shall immediately so advise COUNTY.
4. GRANTOR hereby warrants and represents that (1) GRANTOR has sufficient title in the Subject Property to fully convey to COUNTY all of the property rights and interests described in the Easement Deed, subject to any mortgage, loan, required consent or other superior interest, and (2) that GRANTOR'S title in the Subject Property shall not be compromised or transferred by any voluntary or involuntary transfer of any property interest, or the voluntary or involuntary creation of any lien, in the Subject Property to someone other than the COUNTY prior to close of escrow.
5. A Temporary Construction Easement (TCE) is hereby granted to COUNTY and its contractors to enter upon the Subject Property where necessary within that certain area depicted on the map marked Exhibit 2, attached hereto and made a part hereof, for the purpose of construction and construction support activities related to Project including, but not limited to the stockpiling of materials, soil, and equipment. This TCE shall commence on the date of this Agreement and shall terminate upon completion of Project or after two (2) years from the date of commencement, whichever shall occur first. It is understood by the parties that COUNTY anticipates an active Project construction period of approximately six (6) months during the term of this TCE and COUNTY'S Project Manager shall provide GRANTOR with thirty (30) days written notice of commencement of such active Project construction period via U.S. Mail. The amount shown in clause 2.a. herein includes, but is not limited to, full payment for said TCE, including severance

damages, if any. Upon completion of Project construction, the TCE area shall be generally restored to the condition that existed prior to construction, to the extent reasonably practical. While using this TCE, COUNTY shall protect in place the GRANTOR's facilities noted on Exhibit 2.

6. At no expense to GRANTOR, and at the time of roadway construction, the COUNTY or its authorized independent contractor will, from approximately 39' left of engineer's station 1+67.5 to approximately 65' left of engineer's station 2+10 as further depicted on Exhibit 2 attached hereto; 1. Reconstruct or replace, in-kind, project impacted fence and gates.

7. Permission is hereby granted to COUNTY, or its authorized independent contractor, to enter upon the Subject Property, where necessary, for purposes of constructing or re-constructing the fencing improvements as described in Section 6.

8. GRANTOR further understands and agrees that upon completion of the work described in Section 6 above that any such fencing improvements constructed or re-constructed by COUNTY for the benefit of GRANTOR and located upon GRANTOR'S land shall be considered as the sole property of the GRANTOR; the maintenance and repair of said property to be that of the GRANTOR.

9. All work done under this Agreement shall conform to all applicable building, fire and sanitary laws, ordinances, and regulations relating to such work, and shall be done in a good and workmanlike manner. All structures, improvements or other facilities, when removed, and relocated, or reconstructed by COUNTY in connection with the Project, shall be left in as good condition as found at the commencement of the Project.

IN WITNESS WHEREOF, GRANTOR and COUNTY have executed this Agreement the day and year first above written. (As used above the term GRANTOR shall include the plural as well as the singular number as the case may be.)

Burton Dr., Cambria, CA	245R12B438	Burton Drive PM 2.0 Slipout Project
LOCATION	PROJECT#	PROJECT NAME

This EASEMENT DEED AND CONSENT TO COMMON USE AGREEMENT (hereinafter "DEED"), entered into this ____ day of _____, 20____, by and between Cambria Community Services District, a public agency, hereinafter called "GRANTOR", and the COUNTY OF SAN LUIS OBISPO, a political subdivision of the State of California, its successors and assigns, hereinafter called "COUNTY."

WITNESSETH

WHEREAS, GRANTOR is the owner of certain real property located on Burton Drive, Cambria, California, and known as Assessor's Parcel Number 013-151-031, more specifically described as 'CCSD Pump Station B-1' in the Quitclaim Deed from the County of San Luis Obispo to the Cambria Community Services District, recorded March 30, 1995 as Document Number 1995013283 in Official Records of San Luis Obispo County hereinafter referred to as "GRANTOR'S Property"; and

WHEREAS, GRANTOR is also the owner of that certain ten-inch (10") diameter distribution waterline located on GRANTOR'S Property, hereinafter called GRANTOR'S Waterline; and

WHEREAS, COUNTY requires a perpetual drainage and slope easement over GRANTOR'S Property (hereinafter COUNTY Easement Area) for the construction of drainage and slope improvements related to the Burton Drive PM 2.0 Slipout Project No. 245R12B438 (hereinafter COUNTY'S Project); and

WHEREAS, COUNTY and GRANTOR also require a consent to common use agreement over the shared portion of GRANTOR'S Waterline, and COUNTY Easement Area.

CONVEYANCE OF DEED

NOW, THEREFORE, for a Valuable Consideration, receipt of which is hereby acknowledged, GRANTOR hereby GRANTS to the COUNTY the following interests:

EXHIBIT 1 (page 2 of 8)

Perpetual Drainage and Slope Easement: A perpetual easement for drainage and slope purposes including, but not limited to, the right to construct and install, and thereafter use, maintain, repair, and replace drainage structures and appurtenances, excavation slopes, and embankment slopes, public utility facilities, and the right to discharge and direct drainage, surface, flood and storm waters therefrom upon, over and across that certain real property situate in the County of San Luis Obispo, State of California, described as follows (hereafter, "COUNTY Easement Area"); see EXHIBIT "A", attached hereto and made a part hereof.

The GRANTOR hereby further grants to COUNTY all trees, plants and growths (growing or that may hereafter grow) within said COUNTY Easement Area together with the right to alter, trim, remove or use the same in such manner and at such locations as COUNTY may deem proper, needful or necessary, in the construction, reconstruction, improvement or maintenance of the described drainage and slope uses.

The easement granted herein includes the right to plant and maintain grass, plants, trees or shrubs within the COUNTY Easement Area for soil erosion purposes and for protection of the lateral support for the adjoining County road. Additionally, GRANTOR does hereby further grant to COUNTY, its successors and assigns, the right of reasonable ingress and egress to, from, along, over and across GRANTOR'S Property to get to the described easement.

The consideration acknowledged above also constitutes payment in full for any and all damages to GRANTOR'S Property (and any other property of GRANTOR that is contiguous to the COUNTY Easement Area) by reason of the construction, reconstruction, operation, repair and maintenance of said improvements referred to herein. The GRANTOR, for the GRANTOR and the GRANTOR'S successors and assigns, hereby waives any claim for any and all damages to GRANTOR'S Property (and any other property of GRANTOR that is contiguous to the COUNTY Easement Area) by reason of the location, construction, landscaping, maintenance or operation of the public improvements constructed in the COUNTY Easement Area.

CONSENT TO COMMON USE AGREEMENT

The portion of the COUNTY Easement Area that overlaps a portion of GRANTOR'S Waterline is hereinafter referred to as "Area of Common Use" and is described and depicted in EXHIBIT "B" attached hereto. In the event of any conflict between the GRANTOR'S Waterline and the County's easement rights under this Deed, the COUNTY acknowledges the priority of GRANTOR'S Waterline rights over COUNTY's easement rights hereunder.

GRANTOR has and reserves the right and easement to use, in common with the public's use of said County drainage and slope facilities, said Area of Common Use for all of the purposes for which such areas were acquired, without need for any further permit or permission from COUNTY. Except in emergencies, GRANTOR shall give reasonable notice to COUNTY before performing any work on GRANTOR'S facilities in said Area of Common Use where such work will be performed in, on or over the County drainage and slope facilities. In all cases, GRANTOR shall make adequate provision for the protection of the traveling public.

In the event that the future use of said County drainage and slope facilities shall at any time or times necessitate a rearrangement, relocation, reconstruction or removal of any of GRANTOR'S Waterline then existing in said Area of Common Use, COUNTY shall notify GRANTOR in writing of such necessity and agree to reimburse GRANTOR on demand for its costs incurred in complying with such notice. GRANTOR will provide COUNTY with plans of its proposed rearrangement and an estimate of the cost thereof and, upon approval of such plans by COUNTY, GRANTOR will promptly proceed to effect such rearrangement, relocation, reconstruction or removal. GRANTOR shall make adequate provisions for the protection of the traveling public. No further permit or permission from COUNTY for such rearrangement shall be required and if such rearrangement shall require

the relocation of any of GRANTOR'S Waterline outside of said Area of Common Use, but within the COUNTY Easement Area, COUNTY will cooperate with GRANTOR to reasonably amend this Consent To Common Use Agreement to cover the new location of GRANTOR'S Waterline and eliminate any superseded portion of GRANTOR'S Waterline within COUNTY Easement Area.

Both COUNTY and GRANTOR shall use said Area of Common Use in such a manner as not to interfere unreasonably with the rights of the other. Nothing herein contained shall be construed as a release or waiver of any claim for compensation or damages which GRANTOR or COUNTY may now have or may hereafter acquire resulting from the construction of additional facilities or the alteration of existing facilities by either COUNTY or GRANTOR in such a manner as to cause an unreasonable interference with the use of said Area of Common Use by the other party.

The provisions hereof shall inure to the benefit of the COUNTY, its successors and assigns, and shall bind the heirs, executors, administrators, assigns and successors in interest of the respective parties hereto, and all covenants shall apply to and run with the above described property.

CONVEYANCE OF DEED

NOW, THEREFORE, for a Valuable Consideration, receipt of which is hereby acknowledged, GRANTOR hereby GRANTS to the COUNTY the following interests:

Perpetual Drainage and Slope Easement: A perpetual easement for drainage and slope purposes including, but not limited to, the right to construct and install, and thereafter use, maintain, repair, and replace drainage structures and appurtenances, excavation slopes, and embankment slopes, public utility facilities, and the right to discharge and direct drainage, surface, flood and storm waters therefrom upon, over and across that certain real property situate in the County of San Luis Obispo, State of California, described as follows (hereafter, "COUNTY Easement Area"): see EXHIBIT "A", attached hereto and made a part hereof.

The GRANTOR hereby further grants to COUNTY all trees, plants and growths (growing or that may hereafter grow) within said COUNTY Easement Area together with the right to alter, trim, remove or use the same in such manner and at such locations as COUNTY may deem proper, needful or necessary, in the construction, reconstruction, improvement or maintenance of the described drainage and slope uses.

The easement granted herein includes the right to plant and maintain grass, plants, trees or shrubs within the COUNTY Easement Area for soil erosion purposes and for protection of the lateral support for the adjoining County road. Additionally, GRANTOR does hereby further grant to COUNTY, its successors and assigns, the right of reasonable ingress and egress to, from, along, over and across GRANTOR'S Property to get to the described easement.

The consideration acknowledged above also constitutes payment in full for any and all damages to GRANTOR'S Property (and any other property of GRANTOR that is contiguous to the COUNTY Easement Area) by reason of the construction, reconstruction, operation, repair and maintenance of said improvements referred to herein. The GRANTOR, for the GRANTOR and the GRANTOR'S successors and assigns, hereby waives any claim for any and all damages to GRANTOR'S Property (and any other property of GRANTOR that is contiguous to the COUNTY Easement Area) by reason of the location, construction, landscaping, maintenance or operation of the public improvements constructed in the COUNTY Easement Area.

CONSENT TO COMMON USE AGREEMENT

The portion of the COUNTY Easement Area that overlaps a portion of GRANTOR'S Waterline is hereinafter referred to as "Area of Common Use" and is described and depicted in EXHIBIT "B" attached hereto. In the event of any conflict between the GRANTOR'S Waterline and the County's easement rights under this Deed, the COUNTY acknowledges the priority of GRANTOR'S Waterline rights over COUNTY's easement rights hereunder.

GRANTOR has and reserves the right and easement to use, in common with the public's use of said County drainage and slope facilities, said Area of Common Use for all of the purposes for which such areas were acquired, without need for any further permit or permission from COUNTY. Except in emergencies, GRANTOR shall give reasonable notice to COUNTY before performing any work on GRANTOR'S facilities in said Area of Common Use where such work will be performed in, on or over the County drainage and slope facilities. In all cases, GRANTOR shall make adequate provision for the protection of the traveling public.

In the event that the future use of said County drainage and slope facilities shall at any time or times necessitate a rearrangement, relocation, reconstruction or removal of any of GRANTOR'S Waterline then existing in said Area of Common Use, COUNTY shall notify GRANTOR in writing of such necessity and agree to reimburse GRANTOR on demand for its costs incurred in complying with such notice. GRANTOR will provide COUNTY with plans of its proposed rearrangement and an estimate of the cost thereof and, upon approval of such plans by COUNTY, GRANTOR will promptly proceed to effect such rearrangement, relocation, reconstruction or removal. GRANTOR shall make adequate provisions for the protection of the traveling public. No further permit or permission from COUNTY for such rearrangement shall be required and if such rearrangement shall require

the relocation of any of GRANTOR'S Waterline outside of said Area of Common Use, but within the COUNTY Easement Area, COUNTY will cooperate with GRANTOR to reasonably amend this Consent To Common Use Agreement to cover the new location of GRANTOR'S Waterline and eliminate any superseded portion of GRANTOR'S Waterline within COUNTY Easement Area.

Both COUNTY and GRANTOR shall use said Area of Common Use in such a manner as not to interfere unreasonably with the rights of the other. Nothing herein contained shall be construed as a release or waiver of any claim for compensation or damages which GRANTOR or COUNTY may now have or may hereafter acquire resulting from the construction of additional facilities or the alteration of existing facilities by either COUNTY or GRANTOR in such a manner as to cause an unreasonable interference with the use of said Area of Common Use by the other party.

The provisions hereof shall inure to the benefit of the COUNTY, its successors and assigns, and shall bind the heirs, executors, administrators, assigns and successors in interest of the respective parties hereto, and all covenants shall apply to and run with the above described property.

THIS RIGHT OF WAY AGREEMENT (Agreement) is entered into this ____ day of _____, 2019, by and between Cambria Community Services District, a public agency, hereinafter referred to as GRANTOR and the COUNTY OF SAN LUIS OBISPO, a political subdivision of the State of California, hereinafter referred to as COUNTY;

The GRANTOR and the COUNTY hereby agree as follows:

WITNESSETH:

WHEREAS, COUNTY needs to obtain certain property interests from GRANTOR for the Burton Drive pm 2.0 Slip-Out Repair Project 245R12B438 ("Project"); and

WHEREAS, GRANTOR has executed an easement deed and consent to common use agreement in the form of Easement Deed and Consent to Common Use Agreement No. 18-09 ("Easement Deed") attached hereto as Exhibit 1 covering the property particularly described therein (hereafter, "Permanent Easement"), and has delivered Easement Deed to the COUNTY'S Right of Way Agent for recording pursuant to the terms of this Agreement; and

WHEREAS, Permanent Easement is part of a larger parcel owned by GRANTOR, otherwise identified by COUNTY Assessor as APN 013-151-031 - or further described as 'CCSD Pump Station B-1' in the Quitclaim Deed from the County of San Luis Obispo to the Cambria Community Services District, Document No. 1995013283, Recorded March 30, 1995 in official County Records ("hereafter the "Subject Property"); and

WHEREAS, COUNTY needs said property described in Easement Deed for a public use for which COUNTY has the authority to exercise the power of eminent domain. Both GRANTOR and COUNTY recognize the expense, time, effort, and risk to both parties in determining the compensation for the property by eminent domain litigation. The compensation set forth herein for the property is in compromise and settlement, in lieu of such litigation.

NOW, THEREFORE, in consideration of the mutual covenants, conditions, promises and agreements herein set forth, it is mutually agreed by and between GRANTOR and COUNTY as follows:

1. The parties have herein set forth the whole of their agreement. The consideration set forth herein constitutes the entire consideration for the granting of the Easement Deed, and for the COUNTY'S use of the Subject Property pursuant to the terms of the Easement Deed. The performance of this Agreement relieves the COUNTY of any and all further obligation or claims relating to any uses of the Subject Property allowed by the Easement Deed, including those relating to the construction, maintenance, repair or operation of the proposed public improvement Project.

2. The COUNTY shall:

a. Pay the undersigned GRANTOR the sum of \$2,300.00 for the interests conveyed by

this Agreement and by Easement Deed when title to said Easement Deed vests in the COUNTY free and clear of all liens, encumbrances, assessments, easements, leases (recorded and/or unrecorded), and all taxes, except:

1. Taxes for the fiscal year in which this Agreement is entered which shall be cleared and paid in the manner specified under Article 5 (commencing with Section 5081) of Chapter 4 of Part 9 of Division 1 of the Revenue and Taxation Code, if unpaid at time Agreement is entered.
2. Easements or rights of way over said land for public, public utility or quasi-public utility purposes, if any.
 - b. Pay any escrow and recording fees incurred in this transaction, and if title insurance is desired by the COUNTY, the premium charged therefor.
 - c. Have the authority to deduct and pay from the amount shown in Paragraph 2 (a) above, any amount necessary to satisfy any delinquent taxes due in any fiscal year except the fiscal year in which this escrow closes, together with penalties and interest thereon, and/or delinquent or non-delinquent assessments or bonds except those which title is to be taken subject to, in accordance with the terms of this agreement.
3. GRANTOR hereby warrants and represents that the GRANTOR has no reason to believe that any hazardous waste, extremely hazardous waste, or hazardous substance (as those terms are defined in sections 25117, 25115, and 25316 of the California Health and Safety Code) has come to be located on, beneath or within any of the real property covered by the above referenced Easement Deed or this Agreement. If GRANTOR ever becomes aware of the presence of any hazardous waste, extremely hazardous waste, or hazardous substance on, beneath or within these areas, GRANTOR shall immediately so advise COUNTY.
4. GRANTOR hereby warrants and represents that (1) GRANTOR has sufficient title in the Subject Property to fully convey to COUNTY all of the property rights and interests described in the Easement Deed, subject to any mortgage, loan, required consent or other superior interest, and (2) that GRANTOR'S title in the Subject Property shall not be compromised or transferred by any voluntary or involuntary transfer of any property interest, or the voluntary or involuntary creation of any lien, in the Subject Property to someone other than the COUNTY prior to close of escrow.
5. A Temporary Construction Easement (TCE) is hereby granted to COUNTY and its contractors to enter upon the Subject Property where necessary within that certain area depicted on the map marked Exhibit 2, attached hereto and made a part hereof, for the purpose of construction and construction support activities related to Project including, but not limited to the stockpiling of materials, soil, and equipment. This TCE shall commence on the date of this Agreement and shall terminate upon completion of Project or after two (2) years from the date of commencement, whichever shall occur first. It is understood by the parties that COUNTY anticipates an active Project construction period of approximately six (6) months during the term of this TCE and COUNTY'S Project Manager shall provide GRANTOR with thirty (30) days written notice of commencement of such active Project construction period via U.S. Mail. The amount shown in clause 2.a. herein includes, but is not limited to, full payment for said TCE, including severance

damages, if any. Upon completion of Project construction, the TCE area shall be generally restored to the condition that existed prior to construction, to the extent reasonably practical. While using this TCE, COUNTY shall protect in place the GRANTOR's facilities noted on Exhibit 2.

6. At no expense to GRANTOR, and at the time of roadway construction, the COUNTY or its authorized independent contractor will, from approximately 39' left of engineer's station 1+67.5 to approximately 65' left of engineer's station 2+10 as further depicted on Exhibit 2 attached hereto; 1. Reconstruct or replace, in-kind, project impacted fence and gates.

7. Permission is hereby granted to COUNTY, or its authorized independent contractor, to enter upon the Subject Property, where necessary, for purposes of constructing or re-constructing the fencing improvements as described in Section 6.

8. GRANTOR further understands and agrees that upon completion of the work described in Section 6 above that any such fencing improvements constructed or re-constructed by COUNTY for the benefit of GRANTOR and located upon GRANTOR'S land shall be considered as the sole property of the GRANTOR; the maintenance and repair of said property to be that of the GRANTOR.

9. All work done under this Agreement shall conform to all applicable building, fire and sanitary laws, ordinances, and regulations relating to such work, and shall be done in a good and workmanlike manner. All structures, improvements or other facilities, when removed, and relocated, or reconstructed by COUNTY in connection with the Project, shall be left in as good condition as found at the commencement of the Project.

IN WITNESS WHEREOF, GRANTOR and COUNTY have executed this Agreement the day and year first above written. (As used above the term GRANTOR shall include the plural as well as the singular number as the case may be.)

The easement granted herein includes the right to plant and maintain grass, plants, trees or shrubs within the COUNTY Easement Area for soil erosion purposes and for protection of the lateral support for the adjoining County road. Additionally, GRANTOR does hereby further grant to COUNTY, its successors and assigns, the right of reasonable ingress and egress to, from, along, over and across GRANTOR'S Property to get to the described easement.

The consideration acknowledged above also constitutes payment in full for any and all damages to GRANTOR'S Property (and any other property of GRANTOR that is contiguous to the COUNTY Easement Area) by reason of the construction, reconstruction, operation, repair and maintenance of said improvements referred to herein. The GRANTOR, for the GRANTOR and the GRANTOR'S successors and assigns, hereby waives any claim for any and all damages to GRANTOR'S Property (and any other property of GRANTOR that is contiguous to the COUNTY Easement Area) by reason of the location, construction, landscaping, maintenance or operation of the public improvements constructed in the COUNTY Easement Area.

CONSENT TO COMMON USE AGREEMENT

The portion of the COUNTY Easement Area that overlaps a portion of GRANTOR'S Waterline is hereinafter referred to as "Area of Common Use" and is described and depicted in EXHIBIT "B" attached hereto. In the event of any conflict between the GRANTOR'S Waterline and the County's easement rights under this Deed, the COUNTY acknowledges the priority of GRANTOR'S Waterline rights over COUNTY's easement rights hereunder.

GRANTOR has and reserves the right and easement to use, in common with the public's use of said County drainage and slope facilities, said Area of Common Use for all of the purposes for which such areas were acquired, without need for any further permit or permission from COUNTY. Except in emergencies, GRANTOR shall give reasonable notice to COUNTY before performing any work on GRANTOR'S facilities in said Area of Common Use where such work will be performed in, on or over the County drainage and slope facilities. In all cases, GRANTOR shall make adequate provision for the protection of the traveling public.

In the event that the future use of said County drainage and slope facilities shall at any time or times necessitate a rearrangement, relocation, reconstruction or removal of any of GRANTOR'S Waterline then existing in said Area of Common Use, COUNTY shall notify GRANTOR in writing of such necessity and agree to reimburse GRANTOR on demand for its costs incurred in complying with such notice. GRANTOR will provide COUNTY with plans of its proposed rearrangement and an estimate of the cost thereof and, upon approval of such plans by COUNTY, GRANTOR will promptly proceed to effect such rearrangement, relocation, reconstruction or removal. GRANTOR shall make adequate provisions for the protection of the traveling public. No further permit or permission from COUNTY for such rearrangement shall be required and if such rearrangement shall require

the relocation of any of GRANTOR'S Waterline outside of said Area of Common Use, but within the COUNTY Easement Area, COUNTY will cooperate with GRANTOR to reasonably amend this Consent To Common Use Agreement to cover the new location of GRANTOR'S Waterline and eliminate any superseded portion of GRANTOR'S Waterline within COUNTY Easement Area.

Both COUNTY and GRANTOR shall use said Area of Common Use in such a manner as not to interfere unreasonably with the rights of the other. Nothing herein contained shall be construed as a release or waiver of any claim for compensation or damages which GRANTOR or COUNTY may now have or may hereafter acquire resulting from the construction of additional facilities or the alteration of existing facilities by either COUNTY or GRANTOR in such a manner as to cause an unreasonable interference with the use of said Area of Common Use by the other party.

The provisions hereof shall inure to the benefit of the COUNTY, its successors and assigns, and shall bind the heirs, executors, administrators, assigns and successors in interest of the respective parties hereto, and all covenants shall apply to and run with the above described property.

CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. 3.D.

FROM: Paavo Ogren, Interim General Manager

Meeting Date: May 23, 2019

Subject: DISCUSSION AND CONSIDERATION OF ADOPTION OF RESOLUTION 19-2019 APPROVING WATER, SUSTAINABLE WATER FACILITY AND SEWER RATE INCREASES EFFECTIVE JULY 1, 2019 AS AUTHORIZED IN RESOLUTION 27-2018 IN ACCORDANCE WITH PROPOSITION 218

RECOMMENDATIONS:

Staff recommends that the Board of Directors adopt Resolution 19-2019 approving water, Sustainable Water Facility (SWF) and sewer rate increases, effective July 1, 2019.

FISCAL IMPACT:

The proposed water, SWF and sewer rate increases are necessary to provide adequate revenues to: a) fund the annual costs of operating and maintaining CCSD's water, SWF, and sewer systems, and b) support increased funding for capital improvements primarily needed to repair, replace, and/or upgrade aging infrastructure. Specifically, the water rate increases are designed to phase in capital improvement funding to an annual level of \$700,000 over 3 years; the sewer rate increases are designed to phase in capital improvement funding to an annual level of \$800,000 over 3 years; and the SWF rates are designed to help restore balanced budgets assuming the facility is in operation for 2 months of each year on average.

The Bartle Wells analysis indicates that increases prescribed for July 1, 2019 will increase water rates by 10%, SWF rates by 14% and sewer rates by 15%. Details associated with the rate increases are illustrated in Exhibit "A" attached to Resolution 27-2018 and Resolution 19-2019.

DISCUSSION:

On October 4, 2018, the Board of Directors held a public hearing to consider adoption of Resolution 27-2018 establishing water, SWF and sewer rates for the then current fiscal year and increases on July 1, 2019 and July 1, 2020, and to determine if a majority protest to the proposed rate increases existed at that time. Water, SWF and sewer rate analysis and recommendations were prepared by Bartle Wells Associates. The October 4, 2018 meeting followed a number of prior meetings with CCSD's ad hoc Rate Study Committee and the Board of Directors that occurred from April through June 2018. Although a significant number of protests were received at the October 4, 2018 public hearing, a majority protest did not exist and Resolution 27-2018 was adopted.

As set forth in the notice required under Proposition 218 (Notice) leading to the adoption of Resolution 27-2018, the increases are necessary because the CCSD's utilities rely primarily on

revenues from service charges to fund the costs of providing service. As such, water, SWF and sewer rates must be set at levels adequate to fund the costs of operating and maintaining the District's water, SWF and sewer utility systems to support safe and reliable service. The Notice also indicated that the proposed rates were needed to fund capital improvement costs for repairing and replacing aging infrastructure. Many of CCSD's facilities are approaching the end of their useful operating lives and are in need of rehabilitation and/or replacement. These facilities include aging water and sewer pipelines, water pump stations, sewer lift stations, and CCSD's wastewater treatment facilities. Additional infrastructure improvements are needed to comply with regulatory requirements, including capital improvements to CCSD's Sustainable Water Facility and wastewater treatment plant.

Today's recommended action to adopt Resolution 19-2019 is in accordance with Resolution 27-2018 and Proposition 218. At the time that Resolution 27-2018 was adopted, the Board could have established automatic rate increases effective on July 1, 2019 and July 1, 2020. Instead, the Board opted to have those increases specifically considered and approved by the Board prior to implementation. By doing so, the Board reserved the right to review the fiscal status of the District's Water, SWF and Wastewater Funds before implementing the rate increases.

On April 23, 2019, the Finance Committee considered and approved findings supporting the July 1, 2019 rate increases on a 4-1 vote. Those findings are incorporated into the attached Resolution 19-2019. The findings include consistency with the needs established at the time Resolution 27-2018 was adopted on October 4, 2018. Additional findings were adopted by the Finance Committee supporting the rate increases and which identify actions taken by the District to establish goals, and promote accountability, cost effectiveness, coordination of standing committee efforts and budgetary actions, consistent with the need for the increases established in Resolution 27-2018.

**RESOLUTION NO. 19-2019
May 23, 2019**

**A RESOLUTION OF THE BOARD OF DIRECTORS
OF THE CAMBRIA COMMUNITY SERVICES DISTRICT
APPROVING WATER, SUSTAINABLE WATER FACILITY AND
WASTEWATER RATE INCREASES EFFECTIVE JULY 1, 2019**

WHEREAS, after holding a public hearing in accordance with the requirements of Proposition 218, on October 4, 2018, the Board of Directors adopted Resolution 27-2018 approving Water, Sustainable Water Facility, and Wastewater rate increases; and

WHEREAS, Exhibit "A" of Resolution 27-2018 provided for rate increases effective on July 1, 2019 and July 1, 2020, which increases are subject to annual review by the Board of Directors prior to implementation; and

WHEREAS, at its meeting on April 23, 2019, the Finance Committee reviewed recommendations to approve the Water, Sustainable Water Facility (SWF) and Wastewater rate increases and made the following determinations:

- a. The need for the rate increases continues and includes ensuring that there are sufficient revenues from service charges to fund the cost of providing service, including the costs of operating and maintaining CCSD's water, SWF and sewer systems to support safe and reliable service.
- b. That the rate increases also continue to be necessary to:
 - i. Support funding for capital improvements primarily needed to repair, replace and/or upgrade aging infrastructure.
 - ii. To help keep revenues in line with the future cost of inflation.
- c. That the rates to be imposed cover no more than the cost that the District incurs as detailed in the Water, SWF and Sewer Rate analysis prepared by Bartle Wells Association, which was reviewed and considered by the Board of Directors when the Board approved Resolution 27-2018 adopting water, sustainable water facility, and sewer rates, including rates prescribed to be effective on July 1, 2019; and

WHEREAS, the Finance Standing Committee also approved the following additional findings:

- a. To help ensure that the revenues generated from the rates are used for intended purposes, the District is implementing measures to promote accountability, including the following:

- i. To help ensure that the rate increases are spent consistent with the details included in the Bartles Wells analysis, the District Board of Directors established formal goals including an annual Proposition 218 rate review process.
 - ii. To help ensure that District goals are carried out, the Board of Directors also assigned specific goals to its standing committees, including the Finance Committee.
 - iii. To help ensure that the goal to establish a Proposition 218 rate review process is carried out, the Finance Committee established an ad hoc committee to work with District staff in establishing a financial model to monitor actual revenues and expenditures with comparisons to approved budgets and the Bartle Wells analysis and quantification of variances.
 - iv. That the Finance Committee and the Board of Directors have reviewed the financial model, and to promote accountability over the water, SWF, and sewer rates, the financial model is now utilized for fiscal year 2018/19 mid-year budget analysis and will be used for future year budgets and comparisons to the Bartle Wells analysis.
- b. To help ensure that the District's operations and maintenance, and implementation of capital projects, major maintenance projects and other programs and activities are cost effective, the Board of Directors also established goals for the Resource and Infrastructure Committee, which has reviewed District programs and projects, priorities, cost estimates and toured District facilities.
- c. To help ensure coordination between the District's standing committees, an annual joint meeting will be considered by the committee chairs prior to the meeting whereat the Board of Directors will consider approving the District's annual budget.
- d. That the District's annual budget must include provisions for reserves, and the use of reserves, based on the Bartles Wells analysis that was considered by the Board when Resolution 27-2018 was approved and to account for the variances between actual revenues collected and actual expenditures.
- e. That the need for the rate increases continue to exist, that the District is implementing goals and measures to help ensure that revenues generated are utilized for the purposes which they are intended, and that it is in the best interests of the community of Cambria to implement the rate increases prescribed in Exhibit "A" of Resolution 27-2018, effective July 1, 2019; and

WHEREAS, at its May 23, 2019 meeting, after giving notice as required by Government Code Section 53756, the Board of Directors conducted a review of the recommendations of the Finance Committee and the need for the July 1, 2019 Water, Sustainable Water Facility, and Wastewater rate increases.

NOW THEREFORE, BE IT RESOLVED, by the Board of Directors of the Cambria Community Services District that the July 1, 2019 Water, Sustainable Water Facility, and Wastewater rate increases, as set forth in Exhibit "A" of Resolution 27-2018, a copy of which is attached hereto and incorporated herein by reference, are hereby approved and shall be implemented.

CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. 4.A.

FROM: Pamela Duffield, Finance Manager

Meeting Date: May 23, 2019

Subject: DISCUSSION AND CONSIDERATION OF ADOPTION OF THE ITEMIZED REPORT OF WATER AND WASTEWATER STANDBY OR AVAILABILITY CHARGES FOR COLLECTION ON THE COUNTY TAX ROLLS

RECOMMENDATIONS:

At the close of the public hearing, staff recommends that the Board of Directors adopt Resolution 17-2019 Confirming the Itemized Report of Water and Wastewater Standby or Availability Charges, so that the charges can be collected on the County tax rolls.

FISCAL IMPACT:

Collection of the FY 2019/20 Water and Wastewater Standby or Availability Charges through the County tax rolls will ensure that those charges are collected by the CCSD in the most cost-efficient manner, as permitted by State law.

DISCUSSION:

At the April 11, 2019 regular meeting, the Board of Directors fixed Water and Wastewater Standby or Availability Charges, pursuant to Government Code section 61124(b). These charges are imposed on owners of all developed parcels and owners of undeveloped parcels with intent to serve letters or connection permits. These charges are a critical revenue source for CIP, major maintenance and capital outlay projects. Resolution 17-2019 confirms the itemized report of Water and Wastewater Standby or Availability Charges and authorizes their collection on the County tax rolls, pursuant to Government Code section 61115(b).

The County Auditor-Controller’s Office requires that the resolutions submitted to them for charges and assessments to be collected on the tax rolls expressly recite the statutory authority for collection by the County in that manner. Accordingly, the Resolution confirming the itemized report of the FY 2019/20 Water and Wastewater Standby or Availability Charges is being presented to the Board for adoption, so that it can be submitted to the County and the charges can be collected on the tax rolls. This Resolution is presented in a format that is acceptable to the County.
