The Board had a discussion regarding Proposition 218.

President Rice recommended the Directors vote no because the last rate increase approved was a 4% increase, but the Board would look at it following the July 12 joint Committee meeting, and should consider a rate increase at that time.

Vice President Bahringer moved to schedule a public hearing date for the rates indicated in option B with an implementation date of September 1, 2018.

Director Pierson seconded the motion.

Motion Passed: 4-Ayes (Rice, Wharton, Pierson, Farmer), 0-Nays,1-Absent (Bahringer)

Item 4I was heard individually and discussion was held.

President Rice felt it was good to invest for another six months.

Director Pierson asked for deliverables and resolution on I-Bank, resolution of the water rights matter and other matters which can help measure if Balance Public Relations is helping or not. He suggested 3-4 months to evaluate progress, if not cut the tie and figure out something else. If Mr. Florez is only opening doors, maybe it could be for less.

Director Farmer agreed.

Director Wharton suggested we limit the leeway and not allow money to be used for intangibles that don't bring fruit.

Director Pierson moved to continue the current contract for one additional month and for the General Manager and Mr. Florez to hammer out the deliverables in the contract and bring it back to the full Board and approve item 4I on the consent agenda.

Director Farmer seconded the motion.

#### CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors AGENDA NO. **5.A.** 

FROM: Jerry Gruber, General Manager

William Hollingsworth, Fire Chief

Meeting Date: July 26, 2018 Subject: PUBLIC HEARING TO CONSIDER

ADOPTION OF RESOLUTION 21-2018
ORDERING ABATEMENT OF

PUBLIC NUISANCE FOR THE FIRE HAZARD FUEL REDUCTION

PROGRAM (FHFRP)

#### **RECOMMENDATIONS:**

1. Receive staff report.

- 2. Open Public Hearing, consider any protests or objections.
- 3. Close Public Hearing and make any modifications to the parcels listed in Exhibit "A" to Resolution 21-2018.
- 4. Adopt Resolution 21-2018 authorizing the Fire Chief to abate the nuisance by having the weeds and debris removed from the parcels listed in Exhibit "A."

#### FISCAL IMPACT:

The fiscal impact to the CCSD is limited to paying the District's Contractor abatement charges and personnel time in processing inspections and billing. These costs are then recovered from the property owners by billing for reimbursement, plus administrative fees. Property owners that have parcels on the contract abatement list will be billed for services rendered by the District's Contractor, plus a \$100 administrative fee. Funds not recovered through this billing process will be placed on the County Tax Roll for calendar year 2018, with an increased administrative fee of \$200.

#### DISCUSSION:

In accordance with the requirements of the Health and Safety Code, a Notice to Destroy Weeds and remove debris was sent to the owners of 1,994 parcels, which were identified and noticed for weed abatement this year. Many of these parcels were abated by parcel owners and/or their personal contractors prior to the inspection deadline. Of these 1,994 parcels, 135 did not pass inspection and have been placed on the contract abatement list (Exhibit "A").

July 26, 2018 was established as the date to hold a public hearing to consider any objections or protests to the abatement of the weeds. Under the provisions of the Health and Safety Code, the Board is to consider any protest and allow or overrule any or all objections. Thereafter, the Board acquires jurisdiction to have the work of removal accomplished by the District. The Board's decision is final.

By adoption of the attached Resolution, the Board will be ordering the abatement of the offending weeds and debris (Health and Safety Code Section 14900) and directing the Fire Chief to abate them. Health and Safety Code Section 14900.5 also provides that the Board may declare the weed nuisance to be "seasonal and recurrent" and thereafter weeds and debris on parcels that have been designated as having seasonal and recurrent nuisances can be abated in future years without additional hearings. For such parcels, Health and Safety Code Section 14900.6 sets forth noticing requirements in the form of a postcard notice with certain required information. The attached Resolution includes language declaring the weeds and debris on the subject parcels to be seasonal and recurrent.

#### RESOLUTION NO. 21-2018 July 26, 2018

#### A RESOLUTION OF THE BOARD OF DIRECTORS OF THE CAMBRIA COMMUNITY SERVICES DISTRICT ORDERING ABATEMENT OF PUBLIC NUISANCE FOR 2018 FIRE HAZARD FUEL REDUCTION PROGRAM

WHEREAS, on April 19, 2018, Resolution No. 07-2018 declaring the vegetation and hazardous wildland fire fuels located on certain private property a public nuisance within the Cambria Community Services District ("District"), pursuant to Health and Safety Code Section 14880 was duly adopted by the Board of Directors ("Board"); and

WHEREAS, all affected property owners received a "Notice to Destroy Weeds" in conformance with Health and Safety Code Section 14890 et seq. and Section 14893 et seq.; and

WHEREAS, a public hearing to consider all objections or protests, if any, to the proposed removal of weeds pursuant to Section 14898 of the Health and Safety Code was held by the Board on July 26, 2018; and

WHEREAS, pursuant to Health and Safety Code Section 14900, at the conclusion of the public hearing on July 26, 2018, the Board ordered the abatement of the public nuisance by having the weeds removed; and

WHEREAS, said public nuisance consists of noxious or dangerous vegetation and hazardous wildland fire fuels growing upon the parcels of real property described on Exhibit "A," which is attached hereto and incorporated herein by reference as though here fully set forth, all of which parcels are located within said District; and

WHEREAS, it is in the public interest that said public nuisance be abated and that the District authorities be directed to remove and abate said vegetation and hazardous wildland fire fuels; and

WHEREAS, Health and Safety Code Section 14900.5 further provides that in the event the public nuisance is declared to be seasonal and recurrent by the Board, thereafter such seasonal and recurring weeds shall be abated every year without the necessity of any further hearing, subject to notice to property owners in accordance with Health and Safety Code Section 14900.6.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Directors of the Cambria Community Services District as follows:

Section 1. That the recitals set forth herein above are true, correct and valid.

| Section 2. That pursuant to Section 14900 of the Chief is hereby directed to abate said nuisance having the dangerous vegetation and hazard parcels of real property described in said Exhibition. | or to cause said nuisance to be abated by ous wildland fire fuels removed from the                  |

#### CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors AGENDA NO. **6.A.** 

FROM: Jerry Gruber, General Manager

Bob Gresens, District Engineer

Meeting Date: July 26, 2018 Subject: DISCUSS AND REVIEW PATHWAY

FOR ESTABLISHING STAGE 3 CONSERVATION MEASURES AND IMPLEMENTING USE OF THE SUSTAINABLE WATER FACILITY

#### **RECOMMENDATIONS:**

Staff recommends that the Board of Directors discuss and consider the criteria for establishing the declaration of a Stage 3 Water Shortage Emergency.

#### FISCAL IMPACT:

There is no fiscal impact associated with establishing criteria for the declaration of a Stage 3 Water Shortage Emergency.

#### **DISCUSSION:**

At the June 2018 Board meeting, it was requested that an item be placed on the July agenda to discuss what the pathway would be for establishing Stage 3 water conservation measures, restrictions and regulations, and utilizing the Sustainable Water Facility (SWF). Accordingly, this staff report is being presented to provide some background information to assist the Board in its discussion.

At the outset, it is important to keep a couple of things in mind. The CCSD's current ability to operate the SWF under the emergency Coastal Development Permit (the "Permit") issued by San Luis Obispo County is only during a declared "Stage 3 Water Shortage Emergency." In that respect, the Permit states the following:

This emergency permit is valid until such time that the CCSD-declared Stage 3 Water Shortage Emergency has ended, or the project has been authorized to continue to serve existing development through approval of a regular Coastal Development Permit, whichever is sooner. While processing the regular Coastal Development Permit, the emergency water facility may only be re-activated and utilized to produce water in the event of the occurrence of another Stage 3 Water Shortage Emergency and only after the CCSD has issued a formal declaration of the existence of such a Stage 3 Water Shortage Emergency. It is the intent of this condition, while processing the regular Coastal Development Permit, to enable use of the emergency water facility to produce water for existing development in Cambria during the existence of a declared Stage 3 Water Shortage Emergency, since the community historically experiences severe periodic droughts.

It should be noted that the provisions for Stages 1, 2 and 3 water shortage emergencies are found in Chapter 4.12 of the CCSD Municipal Code, which was based on an earlier December

8, 2000 Baseline Water Supply Analysis Report<sup>1</sup>. Those provisions, however, have not technically been the sole basis for declaring water shortage emergencies in Cambria. That is because Chapter 4.12 and its provisions are based upon using a predictive model, which has not been field verified or calibrated to ensure its accuracy since that time. It is also believed by staff that the impacts of global warming are beginning to be realized with more extreme variations in weather patterns. For example, events during 2013 and 2014 were associated with a high-pressure zone off the California Coast, which remained stationary for an unusually long period while diverting storms away from the Central Coast<sup>2</sup>. Although the past model serves as a good reference, there are other empirical factors that staff relies upon in projecting water supply and demand while applying provisions in State law (Water Code Section 350, et seq. and Water Code Section 375, et seq.) to implement restrictions and regulations during the water shortage emergencies.

Use of "Stage 3" in the most recent Water Shortage Emergency declaration (January 30, 2014) has been based upon Stage 3 being the most serious water supply situation warranting the imposition of severe restrictions and regulations<sup>3</sup>. The Permit also utilized that terminology, and the CCSD is currently only able to operate the SWF during a declared Stage 3 Water Shortage Emergency. Therefore, until the CCSD can secure a regular Coastal Development Permit for the SWF, operation is limited to declared, severe water situations during the periodic droughts that are experienced by the community.

When the recent Stage 3 Water Shortage Emergency was declared in January, 2014 by adoption of Resolution 04-2014, it included recitals regarding the severity of the CCSD's water supply situation. It also included the fact that on January 17, 2014, the Governor of the State of California had declared a state of emergency due to record dry conditions and concerns over the State's dwindling water supplies. That Proclamation also stated that "[I]ocal urban water suppliers and municipalities are called upon to implement their local water shortage contingency plans immediately in order to avoid or forestall outright restrictions that could become necessary later in the drought season."

Staff's review of the CCSD's water supplies in 2013 and 2014 led to the following conclusion:

...the domestic water supply for the CCSD may be inadequate based upon the continued lack of precipitation and the current water levels in the aquifers that provide the domestic water supply for the CCSD, and specifically that water levels in the San Simeon and Santa Rosa creek aquifers are such that staff has determined that the available water supply may be insufficient to meet demand.

<sup>&</sup>lt;sup>1</sup> "Final Report, Baseline Water Supply Analysis, Cambria Community Services District," Kennedy/Jenks Consultants, K/J 004621.00, Decmber8, 2000.

<sup>&</sup>lt;sup>2</sup> Referred to in certain 2013-2014 news stories as the "Ridiculously Resilient High Pressure."

<sup>&</sup>lt;sup>3</sup> From the December 8, 2000 report, water reduction goals were set at: Stage 1 – a 7% reduction based on voluntary reductions; Stage 2 – a 15% reduction (about 3 units per permanent resident per month) including surcharges for exceeding maximum water use allotments; and, Stage 3 – reduce to provide only human consumption, sanitation, and fire protection needs (about 2 units per permanent resident per month).

On Monday July 18, 2019 staff met to discuss to current water supply status and the SWF. Discussion ensued relating to specific trigger mechanism that would require the District to declare a Stage 3 Water Shortage Emergency and allow the District to operate the SWF. It should be noted that recent amendments to the Title 22 permit for the SWF require sampling one month prior to starting the SWF, therefore staff will need to anticipate well levels, WBE Levels and the gradient levels with continued monitoring, historical data and years of operational experience. Based upon the forgoing, staff recommends the following criteria should be used to monitor the CCSD's water supply for specific circumstances that can form the basis for a new Stage 3 Water Shortage Emergency declaration by the Board of Directors.

- 1. WBE Monitoring Well falls below three feet.
- 2. San Simeon Well Field reaches eight feet.
- 3. Santa Rosa Well has historically operated above mean sea level at its peak performance when the well level remains between 40-50 feet above mean sea level. In 2014 the Santa Rosa Well 4 reached a level between 20-25 feet and the District experienced operational challenges associated with the running of the Santa Rosa Well 4 at that time. After consulting with the District Engineer, the District does not want to allow the Santa Rosa Well 4 to get to levels equal to 2014, therefore staff feels that the minimum would be between 30-35 above mean sea level as an additional trigger mechanism.
- 4. The gradient between the treated wastewater mound below the percolation basins and the upstream potable wells reaches zero.
- 5. Staff continues to also monitor production and compare it to an estimated amount of water remaining within each aquifer based on groundwater levels, although there is not a methodology that the District has to determine the amount of riparian water use or consumption remaining at a given time in each aquifer. Additionally, there are other factors that can impact demand projections, which go beyond modeling. A recent case in point is the reopening of Hwy 1, which should increase tourism. Staff will continue to monitor production closely.
- 6. The timing of when surface flow ceases each year and the corresponding time that seasonal rains serve to recharge each aquifer. Staff has found that from 1987 through 2017, the average month and day when flow ceased at Palmer Flats was July 11. For this same period, the 25<sup>th</sup> percentile ranking for flow to stop was June 11. In comparison to the 2013 and 2014 drought years, flow at Palmer Flats stopped much earlier (May 29 and April 17, respectively). A statistical method was developed in the earlier 2000 modeling effort to estimate this timing, which tied to a Southern Oscillation Index value for the month of October. Generally, earlier surface flow stoppage at Palmer Flats results in more stress on dry-season supply. In reviewing the most recent drought years of 2013 and 2014, the October SOIs were -1.9 and -8.0, which per the 2000 study should have correlated with a normal or wet year. However, we know this was not the case, which casts doubt on the past model's accuracy in predicting the start and length of the dry season. For purposes of developing a trigger for the flow timing concern, staff is suggesting whenever the flow at Palmer Flats ceases before June 11, it should be viewed as an early alert point to more vigilantly monitor well levels and to consider declaring a Stage 3 should a Stage 2 already be in effect. This would be coupled with analyzing the supply in each aguifer and projected demand.

- 7. A catastrophic failure of either or both aquifers would immediately trigger the need for a Stage 3 declaration.
- 8. A sustained large wildland or forest fire depending on the intensity and duration could also be a reason for declaring a Stage 3.
- Large earthquake that would cause damage to the District's wells.
   A tsunami that would impact the District's wells.

TO: Board of Directors AGENDA NO. **6.B.** 

FROM: Bob Gresens, District Engineer

Meeting Date: July 26, 2018 Subject: DISCUSSION AND CONSIDERATION

OF AWARD OF CONTRACT FOR THE WASTEWATER TREATMENT PLANT INFLUENT SCREEN INSTALLATION

**PROJECT** 

#### **RECOMMENDATIONS:**

Staff recommends that the Board of Directors award the contract for the Wastewater Treatment Plant Influent Screen Installation project (the "Project") to Brough Construction, increase funding for the project from \$150,000 to \$164,509, and authorize the General Manager to execute the contract in a form acceptable to District Counsel.

#### FISCAL IMPACT:

The low bid for the Project is \$156,675 (\$6,675 greater than the engineer's estimate of \$150,000). From an historic perspective, and prior to its subsequent redesign by staff, the project had received a bid on August 9, 2017 at \$337,622.70. The redesign eliminated a concrete structure by mounting the equipment on the existing grit tank, and further simplified the main piping by avoiding the need for buried pipe. The revised design bid represents a savings of about \$181,000.

The Wastewater Department budget approved on June 21, 2018 included \$150,000 for the Project. Because there is the possibility of changes during construction, staff is recommending approval of a 5% change order contingency beyond the bid amount of \$156,675, which would be \$7,834. Therefore, it is requested that the Board consider authorizing an increase in the line item budget authorization from \$150,000 to \$164,509, which would include the bid amount and a 5% contingency for possible change orders. Staff would then report each month of the status of costs as the installation proceeds. The contract allows for 120 days to complete construction.

#### **DISCUSSION:**

Installation of an influent screen has been a critical need at the Wastewater Treatment Plant ("WWTP") for many years, as it will remove materials at the head of the plant to protect downstream piping, equipment, and treatment processes. The WWTP has relied upon macerators since the early 1980s, which chop up certain larger materials that tend to reform into rags and ropes. Some of the past problems caused by these materials include clogging and blocking of aeration diffusors within the aeration basin, which then requires draining each tank followed by a tedious, time consuming, and expensive cleanup process. At other times, "ragging" from such reformed materials has impacted the plant clarifiers by blocking sludge collection flights, tripping out gear boxes, and clogging return activated sludge pumps. The new screen will help avoid such mishaps by more effectively removing materials from the flow stream near the head of the WWTP.

The Project consists of installing an influent screen apparatus that was pre-purchased by the District in June of 2015. During the second half of 2015, the Project stalled due to a lack of funding, which was exacerbated by a delay in receipt of a major grant payment on another project (\$4.2 million Prop 84 grant payment, which was eventually received on 12/16/2015). During 2016, the influent screen installation design was started, which was completed for bidding during 2017. On August 9, 2017 a bid for the original installation design was received in the amount \$337,622.70. Because of its high installation cost, the original design's installation bid was rejected by the Board on October 26, 2017. The District Engineer subsequently redesigned the Project, which was ultimately posted for bidding on June 13, 2018, with a bid opening on July 18, 2018. This resulted in the current lowest and most responsive bid of \$156,675.

66

Given its importance to the performance of the WWTP, staff believes that the District must promptly move forward with installing the influent screen, even though it is slightly above the budgeted line item amount of \$150,000. With 5% added to allow for possible change orders during construction, the total amount to be budgeted at this time is recommended at \$164,509. If necessary, staff further recommends the \$14,509 difference be borrowed from the General Fund.

The Project is exempt from the California Environmental Quality Act pursuant to CEQA Guidelines Section 15301 Class 1, Existing Facilities and Section 15302 Categorical Exemption, Class 2, Replacement or Reconstruction. A Notice of Exemption was filed for the Project on March 31, 2017.

  One hundred fifty Six thousand Six hundred Seventy five the Dollars (\$156,675.00). The Bidder confirms that it has checked all of the above figures and understands that neither the District nor any of its agents, employees or representatives shall be responsible for any errors or omissions on the part of the undersigned Bidder in preparing and submitting this Bid Proposal.
- 1.2 Acknowledgment of Bid Addenda. The Bidder confirms that this Bid Proposal incorporates and is inclusive of, all items or other matters contained in Bid Addenda issued by or on behalf of the District

  Addenda Nos.

  I received, acknowledged and incorporated into this Bid Proposal.
- 1.3 Alternate Bid Items. The Bidder's price proposal(s) for Alternate Bid Items is/are set forth in the form of Alternate Bid Item Proposal included herewith. Price proposal(s) for Alternate Bid Item(s) will not form the basis for the District's award of the Contract unless an Alternate Bid Item is incorporated into the scope of Work of the Contract awarded.

- Documents Accompanying Bid. The Bidder has submitted with this Bid Proposal and "Attachment A" the following: (a) Bid Security; (b) Subcontractors List; and (c) Non-Collusion Affidavit. The Bidder acknowledges that if this Bid Proposal and the foregoing documents are not fully in compliance with applicable requirements set forth in the Call for Bids, the Instructions for Bidders and in each of the foregoing documents, the Bid Proposal may be rejected as non-responsive.
- Award of Contract. If the Bidder submitting this Bid Proposal and "Attachment A" is awarded the Contract, the undersigned will execute and deliver to the District the Contract for Labor and Materials in the form attached hereto within five (5) days after notification of award of the Contract. Concurrently with delivery of the executed Agreement to the District, the Bidder awarded the Contract shall deliver to the District: (a) Certificates of Insurance evidencing all insurance coverages required under the Contract Documents; (b) the Performance Bond; (c) the Labor and Materials Payment Bond; (d) the Certificate of Workers' Compensation Insurance; and (e) the Drug-Free Workplace Certificate. Failure of the Bidder awarded the Contract to strictly comply with the preceding may result in the District's rescission of the award of the Contract and/or forfeiture of the Bidder's Bid Security. In such event, the District may, in its sole and exclusive discretion elect to award the Contract to the responsible Bidder submitting the next lowest Bid Proposal, or to reject all Bid Proposals.
- Contractor's License. The undersigned Bidder is currently and duly licensed in accordance with the California Contractors License Law, California Business & Professions Code §§7000 et seq., under the following classification(s) bearing License Number(s) 85/220, with expiration date(s) of 5/31/20. The Bidder certifies that: (a) it is duly licensed, in the necessary class(es), for performing the Work of the Contract Documents; (b) that such license shall be in full force and effect throughout the duration of the performance of the Work under the Contract Documents; and (c) that all Subcontractors providing or performing any portion of the Work shall be so properly licensed to perform or provide such portion of the Work.
- Acknowledgment and Confirmation. The undersigned Bidder acknowledges its receipt, review and understanding of the Drawings, the Specifications and other Contract Documents pertaining to the proposed Work. The undersigned Bidder certifies that the Contract Documents are, in its opinion, adequate, feasible and complete for providing, performing and constructing the Work in a sound and suitable manner for the use specified and intended by the Contract Documents. The undersigned Bidder certifies that it has, or has available, all necessary equipment, personnel, materials, facilities and technical and financial ability to complete the Work for the amount bid herein within the Contract Time and in accordance with the Contract Documents.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of American Fire and Casualty Company, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS – Section 12. Power of Attorney. Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts – SECTION 5. Surety Bonds and Undertakings. Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-infact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Gregory W. Davenport, the undersigned, Assistant Secretary, of American Fire and Casualty Company, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

## ADDENDUM NUMBER 1 TO THE BID DOCUMENTS

Amendment Date: July 16, 2018

# BID DOCUMENT NUMBER 01-2018 Wastewater Treatment Plant Influent Screen Installation Project

- A. This Addendum shall be considered part of the bid documents for the above-mentioned project as though it had been issued at the same time and shall be incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original bid documents, this Addendum shall govern and take precedence. BIDDERS MUST SIGN THE ADDEDNDUM AND SUBMIT IT WITH THEIR BIDS.
- B. Bidders are hereby notified that they shall make any necessary adjustments in their estimates as a result of this Addendum. It will be construed that each bidder's proposal is submitted with full knowledge of all modifications and supplemental data specified herein.

Except as described below, the original bid document remains unchanged. The bid documents are modified and/or clarified, as follows:

1. Insert the following sentences within paragraph 2 of the BID PROPOSAL after the sentence "The Bidder has submitted with this Bid Proposal and "Attachment A" the following: (a) Bid Security; (b) Subcontractors List; and (c) Non-Collusion Affidavit."

"Standard forms are not being provided by the District for the Bid Security or Subcontractor List. Regardless, each Bidder shall provide with their bid, a Bid Bond or cashier check. BID BOND must be payable to the District and shall accompany all bids for construction projects. A bidder can submit other forms of security such as cash, certified or cashier's checks. The bid bond or check shall be for 10% of the contract value. The Bidder shall provide with their bid a list of all subcontractors, which shall include the name of each subcontractor, their contractor license number, proposed work the subcontractor will be completing, and estimated value of their work. A Non-collusion Affidavit is attached."

If you need directions regarding the location of the bid opening or where to send bids, please contact the District office at 805-927-6223.

BIDDER MUST ACKNOWLEDGE THIS AMENDMENT BY SIGNING BELOW AND ATTACHING THE SIGNED ADDENDUM TO THE BID FORM:

| Meeting Dat            | te: July 26, 2018          | Subject: | CONTINUED DISCUSSION AND CONSIDERATION TO EXTEND THE AGREEMENT FOR CONSULTANT SERVICES WITH BALANCE PUBLIC RELATIONS FOR AN ADDITIONAL SIX MONTHS |

#### **RECOMMENDATIONS:**

Staff recommends that the Board approve Amendment No. 4 ("Amendment") to the existing Agreement for Consultant Services ("Agreement") with Balance Public Relations extending the term for an additional six months through January 31, 2019.

#### FISCAL IMPACT:

The cost associated with extending the Agreement for a six-month period is \$7,000 per month, for a total of \$42,000, plus out of pocket expenses. The amount will be divided equally between the Water Department, Wastewater Department and the Sustainable Water Facility Funds

#### DISCUSSION:

At their regular June meeting, the Board of Directors considered a six-month extension of the Agreement with Balance Public Relations and Dean Florez. As noted in the June staff report, ongoing assistance from Mr. Florez in several areas continues to be needed as the CCSD addresses and resolves crucial water and wastewater issues, while also capitalizing on funding opportunities. Mr. Florez is able to assist with meetings with key appointed and elected State officials who play critical roles in funding and the project approval processes.

In June, the Board referred the matter of the extension back to staff and Mr. Florez and requested that the scope of work be clarified to include more specific deliverable items. Mr. Florez has prepared a revised Exhibit A, Scope of Work for the Board's consideration, which is attached to the proposed Amendment.

# AGREEMENT FOR CONSULTANT SERVICES AMENDMENT NO. 4

This Fourth Amendment ("Fourth Amendment") to Agreement for Consultant Services ("Agreement") by and between the **CAMBRIA COMMUNITY SERVICES DISTRICT** ("CCSD") and **BALANCE PUBLIC RELATIONS**, a California corporation ("Consultant") is made and entered into this 26<sup>th</sup> day of July, 2018.

**WHEREAS**, the parties entered into an Agreement dated May 1, 2015 where Consultant provided strategic planning and consulting services to the CCSD, and

**WHEREAS**, on June 25, 2015, the parties amended the Agreement to extend the term through June 30, 2016; and

**WHEREAS**, on June 23, 2016, the parties amended the Agreement again to extend the term through June 30, 2017; and

**WHEREAS**, on July 27, 2017, the parties amended the Agreement again to extend the term through June 30, 2018, and modified the scope of services and reduced the monthly retainer amount as set forth therein, and on June 28, 2018 subsequently extended the Agreement for an additional month to allow time to further define the scope of services to be provided; and

**WHEREAS**, the parties desire to further extend the term of the Agreement for an additional six months and modify the scope of services.

**NOW THEREFORE**, for valuable consideration the receipt and sufficiency of which is acknowledged, the parties agree as follows:

1. Section 1 of the Agreement ("<u>TERM</u>"), shall be amended in its entirety to read as follows:

This Agreement shall commence on May 1, 2015 and shall remain and continue in effect until January 31, 2019, unless sooner terminated pursuant to the provisions hereof.

2. Section 2 of the Agreement ("SERVICES"), shall be amended in its entirety to read as follows:

Consultant shall perform the tasks described and comply with all terms and provisions set forth in Exhibit "A," attached hereto and incorporated herein by this reference.

3. Except as modified herein and in Section 3 of the July 27, 2017 Amendment 3, all other terms and conditions set forth in the Agreement, shall remain unchanged.

**IN WITNESS WHEREOF, DISTRICT** and **CONSULTANT** have executed this Fourth Amendment the day and year first above written.

#### **EXHIBIT A**

#### SCOPE OF WORK

#### Immediate 6-month Work Product: July 1, 2018 to December 31, 2018

- (1) California State Parks. Continued discussion with State Parks allowed Cambria Community Services District desire to install Remote Sensing Instruments on the Lower San Simeon Creek Pedestrian Bridge. BPR will work now to secure approval of this arrangement with direct communication from Coastal Commission on concerns to this action and then return discussion to State Parks if necessary. The right of entry progress has been resolved from an operational standpoint with the Department of State Parks, however, BPR will continue to monitor various issues that have impeded the District and the current arrangement for access and equipment moving forward and clear this approval with the Coastal Commission upon stated on concerns, as well assist District staff with alternatives to the need for such access.
- (2) California State Resources Division of Water Rights. BPR will continue to push completion of water right applications with the State Division of Water Rights and push through the State Water Resources Control Board. BPR will secure key licensing actions necessary through the CCSD Diversion Permits for the San Simeon and Santa Rosa Aquifers. BPR will continue the necessary paperwork, justification and letters so that CCSD can complete the process.
- (3) **Financing issues.** California Infrastructure and Economic Development Bank (I-Bank). Pending rate decisions by the Board, BPR will continue its work with the District regarding financing issues, including the I-Bank's Infrastructure State Revolving Fund (ISRF Program) which could provide financing to District for additional funds for its current capital outlay program ranging from \$50,000 to \$25 million with loan terms for the useful life of the project up to a maximum of 30 years. BPR will also provide guidance regarding issues related to the loan for the Sustainable Water Facility with TPB Investments, Inc., as it may relate to refinancing the loan with funds from the ISRF Program.

#### **Ongoing Key Performance Measures**

Ongoing Key Performance Measures and Work includes the BPR (consultant) working collaboratively with District to develop a comprehensive policy, financial and strategic framework that will strengthen and support the guiding principles and policies of District.

Ongoing work for the District shall include:

#### **Lobbying Work:**

Consultant will maintain status as a fully registered lobbyist for the District. Work product shall include these key performance measures and tasks:

(1) BPR will work with the District to arrange and attend meetings with key legislative and administrative policy makers. This will include, but not be limited to, the chairs of key Senate and Assembly Committees, including the Water and Environmental committee members and staff, as well as numerous consultants, legislative leadership, constitutional officers, and key members of the Governor office alongside key regulatory agencies and department heads.

- (2) BPR will arrange in office "meet and greets" with key pertinent members of the Legislature with a focus on discussions centering on regulatory issues of concern to the District and with whom the District would like to have a closer working relationship.
- (3) BPR will represent the District before legislative committees, and floor sessions if necessary. BPR will draft position letters, testify in committees, prepare and coach District staff to testify in committees and monitor all newly introduced and amended legislation effecting Cambria Community Service District interests.
- (4) BPR will also prepared to sponsor legislation or push regulatory language on behalf the District if requested which will include finding an author, advising and assisting staff in drafting legislation, recommending a political course of action and implementing lobbying strategies to push those sponsored bills or regulatory language through the process.
- (5) BPR will identify, analyze, track and monitor legislation and regulatory proposals related to coding related issues potentially affecting the District. As part of this service, we will work with the District staff to develop a matrix to track each bill of interest.
- (6) BPR will conduct a mandatory monthly conference call in order to check in and share information on legislative and regulatory activities, updates on political and policy changes and any follow up that needs to occur.

## Regulatory Advocacy

Consultant will maintain status as a fully registered lobbyist for the District. Work product shall success with the various state agencies overseeing the Districts regulator environment and funding opportunities. Key performance measures and tasks include:

- (1) BPR will facilitate meetings with the District and the various agencies including the California State Water Resources Board, and Environmental Protection departments including CalRecycle, Department of Fish & Wildlife.
- (2) Explicit attention will immediately focus on California Coastal Commission and the California Infrastructure and Economic Development Bank.

#### Strategic Partnerships

Consultant will act as a direct liaison with other water advocates and potential strategic partners of District. Consultant will foster and participate in coalition building activities among the stakeholder groups that have an interest in water policy and finance. Key relationships ongoing shall include:

- (1) New Coastal Commission staff and Board Members.
- (2) New Gubernatorial Administration in Sacramento both elected and appointed officials.
- (3) Key Federal Relationships with federal regulatory agencies and elected officials.

#### **Board Interaction and Direct Reporting**

Consultant will regularly consult with District, and will report at all regularly scheduled Board meetings. In addition, Consultant will prepare regular reports which detail its goals,

accomplishments, evaluation of its performance and next steps. Consultant will participate in District sponsored events and meetings and assist staff in organizing educational efforts aimed at key decision-makers that have a direct impact on District. Consultant will also provide District Board Members with pertinent legislative information and relevant regulatory reports in electronic and other formats.

Meeting Date: July 26, 2018 Subject: DISCUSSION AND CONSIDERATION

OF ADOPTION OF RESOLUTION 24-2018 AMENDING SECTION 7.2 OF THE BOARD OF DIRECTORS BYLAWS RELATING TO BOARD MEMBER INVOLVEMENT IN PERSONNEL MATTERS

# RECOMMENDATIONS:

Staff recommends that the Board of Directors adopt Resolution 24-2018 amending Section 7.2 of the Board of Directors Bylaws relating to Board Member involvement in personnel matters.

#### **FISCAL IMPACT:**

There is no fiscal impact to the CCSD by amending Bylaw Section 7.2.

#### **BACKGROUND:**

Liebert Cassidy Whitmore (LCW) is the law firm that provides the CCSD with advice and guidance on employment-related matters. In conjunction with recent training provided by LCW, attorney Shelline Bennett has recommended the following change to Section 7.2 of the Board of Directors Bylaws relating to the issue of Board Member involvement in personnel matters:

7.2 A Board Member's individual involvement in District personnel matters or the day-to-day operations of the District can potentially create liability, demonstrates a disregard for the proper command structure of the District, and jeopardizes the administrative appeals process. To ensure Board Members' conduct complies with CCSD's Municipal Code, Personnel Policies, and California law, to affirm CCSD's administrative hierarchy and the Board's delegation of authority, and to protect the integrity of the administrative appeals process, **Board Members must not involve** themselves or interfere in personnel matters or the day-to-day operations of the District. Such matters are under the authority of the General Manager. Board Members should recognize and respect the General Manager's authority to handle personnel matters and the other operations of the District. The Board Members shall deal with the personnel matters and the other operations of the District through the General Manager, except for the purpose of inquiry, and no Board Member shall give orders or instructions to any subordinates of the General Manager. The General Manager shall take orders and instructions from the Board of Directors only when sitting in a duly convened meeting of the Board of Directors, and no individual Board Member shall give any orders or instructions to the General Manager. When presented with questions or complaints from citizens or

staff related to operational and personnel matters, Board Members should listen to the concerns expressed and either: (1) confer with the General Manager to advise of the concerns; or (2) refer the individual to the General Manager for resolution of their concerns. Board Members must not bypass the authority of the General Manager. If the concern is being made against the General Manager, the Board Member should confer with the District's General Counsel.

The attached Resolution has been prepared to make the proposed change to the Bylaws for the Board's consideration.

# A RESOLUTION OF THE BOARD OF DIRECTORS OF THE CAMBRIA COMMUNITY SERVICES DISTRICT AMENDING SECTION 7.2 OF THE CAMBRIA COMMUNITY SERVICES DISTRICT BYLAWS REGARDING BOARD MEMBER INVOLVEMENT IN PERSONNEL MATTERS

**BE IT RESOLVED** that the Board of Directors of the Cambria Community Services District does hereby resolve as follows:

Section 7.2 of the Cambria Community Services District Bylaws is amended to read as follows:

"7.2 A Board Member's individual involvement in District personnel matters or the day-to-day operations of the District can potentially create liability, demonstrates a disregard for the proper command structure of the District, and jeopardizes the administrative appeals process. To ensure Board Members' conduct complies with CCSD's Municipal Code, Personnel Policies, and California law, to affirm CCSD's administrative hierarchy and the Board's delegation of authority, and to protect the integrity of the administrative appeals process, **Board Members must not involve** themselves or interfere in personnel matters or the day-to-day operations of the District. Such matters are under the authority of the General Manager. Board Members should recognize and respect the General Manager's authority to handle personnel matters and the other operations of the District. The Board Members shall deal with the personnel matters and the other operations of the District through the General Manager, except for the purpose of inquiry, and no Board Member shall give orders or instructions to any subordinates of the General Manager. The General Manager shall take orders and instructions from the Board of Directors only when sitting in a duly convened meeting of the Board of Directors. and no individual Board Member shall give any orders or instructions to the General Manager. When presented with questions or complaints from citizens or staff related to operational and personnel matters, Board Members should listen to the concerns expressed and either: (1) confer with the General Manager to advise of the concerns; or (2) refer the individual to the General Manager for resolution of their concerns. Board Members must not bypass the authority of the General Manager. If the concern is being made against the General Manager, the Board Member should confer with the District's General Counsel."

# CAMBRIA COMMUNITY SERVICES DISTRICT POLICY B-01-18

#### **BOARD MEMBER INTERACTION WITH STAFF**

Purpose: This policy establishes procedures for Board Member communication with Staff.

#### **Communication Path**

The path of communication shall be Board to District Manager, District Manager to staff.

#### **Non-Interference with Staff**

Individual Board Members shall not interfere with or direct District staff nor use District facilities in such a way that the action is unreasonable or interferes with the operation of the District.

## **Simple Information Requests**

Individual Board Members may make simple information requests of staff, through the District Manager. A simple information request is one that would take less than one hour for staff to complete.

| Meeting Da             | ate: July 26, 2018    | Subject: | DISCUSSION AND CONSIDERATION REGARDING PARTICIPATION IN SAN LUIS OBISPO COUNTY FIRE PROTECTION SERVICES STUDY |

#### **RECOMMENDATIONS:**

Staff recommends that the Board of Directors discuss and consider the correspondence received from CalFire regarding the study of fire protection services in the unincorporated areas of San Luis Obispo County and provide direction for a response regarding CCSD participation and representation in the study.

#### **FISCAL IMPACT:**

Participation in the study will involve undetermined costs related to staff time to attend meetings and otherwise respond to requests for information.

#### **BACKGROUND:**

CalFire San Luis Obispo County Fire Department Fire Chief Scott Jalbert has sent the District the attached letter regarding a study commissioned by the Board of Supervisors on fire protection services in the unincorporated areas of the County. As indicated in the letter, the County has retained two retired fire chiefs, Dan Turner and Mike McMurry, to conduct the study, which is slated to be completed by the end of this year.

Attached to the letter is a detailed Scope of Work, outlining what the study will include. As noted in Chief Jalbert's letter, participation by the CCSD is voluntary. In his letter, he indicated that meetings are scheduled to begin after August 2, 2018 to allow time for the Board of Directors to agendize the request to participate and select representation. Accordingly, this item has been placed on the Board's agenda to facilitate a discussion of whether or not the CCSD should participate in the study, and to discuss any concerns about doing so.

Chief Hollingsworth has indicated that the CCSD Fire Department supports the concept of the study and are happy to participate. He also believes that the CCSD can benefit from the County reviewing and potentially increasing the current allocation of funds for emergency services.

Board of Directors
Cambria Community Services District
P.O. Box 65
1316 Tamsen Drive
Cambria CA 93428

Dear Members of the Board,

The San Luis Obispo County Board of Supervisors commissioned a study of fire protection services in the unincorporated area of the county. This study's focus is the concern about the sustainability of fire protection services due to the limitation of resources. The recent application for dissolution that Cayucos Fire Protection District filed brought these concerns into sharp focus. The County and LAFCO are currently working to sustain fire protection services in Cayucos and the surrounding unincorporated area but share a concern for long range sustainability for the entire unincorporated area.

This study will be a fact finding endeavor to determine issues facing the five special districts that provide fire protection in the unincorporated area that are not served by the County Fire Department. Completion of the study and report are expected by the end of 2018. I am including a copy of the "scope of work" the Board of Supervisors approved at their June 5, 2018 meeting.

The County has retained two retired fire chiefs, Dan Turner and Mike McMurry, to conduct the study, which is slated to be completed by the end of 2018. The Board chose this team to intentionally provide different perspectives: Chief Turner with his extensive fire service experience and knowledge of the local County fire protection system. Chief Turner has 37 years of fire service experience and is the retired fire chief from County Fire/Cal Fire, San Luis Obispo. Chief McMurry with an outside view and experience with fire districts. Chief McMurry retired from Scotts Valley Fire Protection District in Santa Cruz County after 34 years in the fire service and is the Past President of the Fire District's Association of California.

Participation in the study by your district is voluntary, however, a significant part of the study will include input from each of the districts regarding challenges for the future of fire protection.

Participation by all five districts will lead to a more thorough understanding of the challenges ahead. You may also choose not to participate in the process.

The team would like to meet with representatives of your District including board member(s), general manager, and fire chief. We recognize that public policy is set by the Board of Directors, but would like to have input from various perspectives within the District. The team has a series of questions regarding governance, finance, staffing (including recruitment and retention), sustainability of services, and fire department operations. There will be an opportunity for input from Cambria CSD representatives on issues of importance to your District.

The team will collect data from additional sources including San Luis Obispo LAFCO, San Luis Obispo County Auditor/Controller/Tax Collector, County GIS, San Luis Obispo County Planning Department and others.

Work is currently underway to develop the queries. The district meetings are set to begin after August 2, 2018 to allow time for your Board agendize the request, determine interest in participating, and select representation. The team plans to send an outline of the questions in July and will request a meeting time that is convenient for you after August 2.

All agencies within San Luis Obispo County have a long history of cooperation in collectively providing the best possible fire protection service to the citizens we serve. Thank you in advance for your input and information.

In the spirit of cooperation,

Scott Jalbert Fire Chief

Meeting Date: July 26, 2018 Subject: DISCUSSION AND CONSIDERATION

TO APPROVE REAL PROPERTY TRANSFER AGREEMENT WITH THE LAND CONSERVANCY OF SAN LUIS OBISPO COUNTY FOR THE TRANSFER OF THREE (3) LOTS

#### **RECOMMENDATIONS:**

Staff recommends that the Board of Directors discuss and consider approving a Real Property Transfer Agreement ("Agreement") with the Land Conservancy of San Luis Obispo County (LCSLO) for the transfer of three (3) lots and adopt Resolution 25-2018 authorizing acceptance of the lots.

#### FISCAL IMPACT:

There will be ongoing maintenance costs associated with accepting the lots.

#### **DISCUSSION:**

In June 2017, the Board of Directors entered into a Memorandum of Understanding ("MOU") with LCSLO for the Transfer Development Credits Lot Retirement Program ("TDC Program"). Under the MOU, LCSLO will acquire parcels by donation or purchase from landowners and immediately transfer the parcels to CCSD. CCSD then encumbers the parcels with a conservation easement in favor of LCSLO, effectively retiring all development rights on the property. LCSLO identified a landowner that wishes to donate three lots to LCSLO and has provided the attached Agreement to facilitate the transfer. The Agreement transfers those three lots from LCSLO to the CCSD and documents the process described above.

The North Coast Area Plan (NCAP) contains provisions relating to LCSLO's promotion of the TDC Program, as well as implementation of the CCSD's Buildout Reduction Program (BRP) through the acquisition of vacant lots and retirement of development rights. The TDC Program voluntarily retires lots within designated sensitive resource areas of Monterey Pine Forest Habitat by recording a conservation easement or other document on the property. The building potential of the retired lot is then transferred to a buildable lot outside of the CCSD to allow for development of dwellings with a larger square footage than would otherwise be allowed by planning area standards. LCSLO manages the program, coordinating land purchases or donations with lot owners and turning the land over to the CCSD for long term management.

The TDC Program was established in the late 1980's as a way to address concerns over the development of antiquated and substandard lots in Cambria. Several thousand parcels created in the 1920's and 1930's are located on densely forested and steeply sloped lands. Rapid development threatened the rare Monterey Pine Forest and presented erosion and sedimentation concerns, as well as further straining the area's already limited water supply.

The three (3) lots are located on Dovedale Avenue Street as shown on the attached assessor's map. LCSLO indicates these lots have a high ecological value and are worth retiring through this program. Staff inspected the lots and found some items that they recommend addressing prior

to the District taking ownership should the Board approve the Agreement. The lots are on the weed abatement list and, as of July 16, they still needed to be cleared. In addition, there are three trees that pose a danger. One Pine tree is dead and could fall on the house behind it. A second Pine tree has uprooted and is leaning on an Oak. And an Oak is completely dead and could fall on the street. If approved, these hazards will need to be addressed and there will be ongoing maintenance costs, including annual weed abatement, that will be paid out of the General Fund. This transaction will, of course, also help implement the BRP.

# RESOLUTION NO. 25-2018 July 26, 2018

# RESOLUTION OF THE BOARD OF DIRECTORS OF CAMBRIA COMMUNITY SERVICES DISTRICT AUTHORIZING THE GENERAL MANAGER TO ACCEPT BY GRANT DEED 3 LOTS HELD BY THE LAND CONSERVANCY OF SAN LUIS OBISPO COUNTY AND EXECUTE RELATED DOCUMENTS

WHEREAS, the Cambria Community Services District, is a special services district organized and existing pursuant to California law; and

WHEREAS, the Cambria Community Services District has a need to reduce the District's water demand; and

WHEREAS, the town of Cambria is characterized by its rare Monterey Pine forest; and

WHEREAS, the Land Conservancy of San Luis Obispo County, a non-profit organization, has been active in retiring vacant lots in Cambria for over thirty years, and is thereby simultaneously both reducing the District's demand for water and protecting the Monterey Pine forest; and

WHEREAS, one of the long-term goals of the Land Conservancy of San Luis Obispo County's lot purchase program in Cambria is for those lots to ultimately go into public ownership; and

WHEREAS, once the lots have been transferred into public ownership, they will be protected by a Conservation Easement in favor of the Land Conservancy of San Luis Obispo County.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Cambria Community Services District as follows:

- 1. The General Manager is authorized and directed to accept the real property set forth in Exhibit A, attached hereto and incorporated herein by this reference.
- 2. The General Manager and his or her designee are hereby authorized to execute any document necessary, including a Conservation Easement, and to take any other reasonably necessary action to consummate the transaction contemplated herein.

[Remainder of page left intentionally blank.]

The foregoing Resolution was adopted at a Regular Meeting of the Board of Directors of the Cambria Community Services District held on July 26, 2018.

PASSED AND ADOPTED THIS 26th DAY OF JULY, 2018.

#### REAL PROPERTY TRANSFER AGREEMENT

(Cambria/Lodge Hill Restoration Plan)

This Real Property Transfer Agreement ("Agreement") is entered into as of the date last written below (the "Effective Date"), by and between The Land Conservancy of San Luis Obispo County, a California nonprofit corporation ("Conservancy"), and the Cambria Community Services District, a special district ("CCSD").

#### Recitals

- A. WHEREAS, Conservancy is a publicly supported, tax-exempt non-profit organization, qualified under Section 501(c)(3) of the Internal Revenue Code whose primary purpose is the preservation, protection, or enhancement of land in its natural, scenic, historical, agricultural, forested, and/or open space condition.
- B. WHEREAS, Conservancy administers the Cambria/Lodge Hill Restoration Plan, pursuant to which fee title to real property in the Lodge Hill area of Cambria, California is acquired for the purpose of preserving sensitive natural resources by restricting future uses of the property and transferring the development rights to other locations where additional development is desired or is deemed more appropriate.
- C. WHEREAS, the Cambria/Lodge Hill Restoration Plan contemplates that upon acquisition of real property within the Lodge Hill area by Conservancy and the removal of the development rights, the real property will be transferred to a public entity to serve as the long-term fee title owner and that the Conservancy will retain a conservation easement.
- D. WHEREAS, Conservancy and CCSD previously entered into a Memorandum of Understanding dated July 24, 2017 (the "MOU"), pursuant to which CCSD agreed to serve as the public entity owner of real property to be acquired by Conservancy under the Cambria/Lodge Hill Restoration Plan, subject to the terms and conditions of the MOU.
- E. WHEREAS, Conservancy has entered into a Real Property Donation Agreement ("Donation Agreement") with a landowner, whereby Conservancy will acquire by charitable donation fee title to certain unimproved real property in the County of San Luis Obispo, State of California, which is more particularly described in <a href="Exhibit A">Exhibit A</a> attached hereto (the "Property").
- F. WHEREAS, Conservancy desires to accept the donation of the Property, subject to the terms and conditions of the Donation Agreement, and to thereafter transfer fee title to the Property to CCSD while retaining a conservation easement thereon, on the terms and conditions set forth in this Agreement.
- G. WHEREAS, CCSD desires to accept the transfer of the Property and to concurrently grant to Conservancy a conservation easement thereon, on the terms and conditions set forth in this Agreement.

NOW, THEREFORE, based on the foregoing recitals, the parties agree as follows:

1. Escrow. An escrow ("Escrow") shall be established with First American Title Company, 899 Pacific Street, San Luis Obispo, CA 93401 ("Escrow Holder"). Written escrow instructions shall be prepared by Escrow Holder which shall incorporate the terms of this Agreement. If there is any inconsistency between the terms and conditions of this Agreement and the escrow instructions, the terms and conditions of this Agreement shall control. The escrow instructions shall be signed by the parties and delivered to the Escrow Holder within five (5) days after delivery of the escrow instructions from Escrow Holder to the parties. The parties shall also deposit with the Escrow Holder all instruments, documents, and other items identified in the escrow instructions or reasonably required by the Escrow Holder to close the transaction contemplated by this Agreement on the Closing Date (as defined in Section 12.a., below).

**2. Transfer of Property.** Subject to the terms and conditions of this Agreement, at Close of Escrow, Conservancy shall transfer to CCSD, and CCSD shall accept from Conservancy, the Property. No consideration shall be given by CCSD for the Property.

#### 3. Due Diligence.

- a. <u>CCSD's Inspection</u>. The parties acknowledge that concurrently with this Agreement, Conservancy has entered into a Donation Agreement to acquire the Property from the landowner (the "Acquisition Transaction"). The Donation Agreement provides Conservancy with the opportunity during escrow to conduct due diligence investigations, review landowner documents and disclosures, access the Property and examine title to the Property in order to evaluate the acceptability of the Property. Conservancy will provide CCSD with copies of documents relating to the Property that are obtained by Conservancy in the Acquisition Transaction. In the event that CCSD desires to conduct any additional due diligence, CCSD may do so on the terms set forth in the Donation Agreement, a copy of which has been provided to CCSD.
- b. <u>Conservancy's Deliveries</u>. Within five (5) days after receipt by Conservancy of any material documents or disclosures relating to the Property in the Acquisition Transaction, Conservancy shall provide a copy thereof to the CCSD.
- c. <u>Access</u>. CCSD may access the Property prior to Close of Escrow on the terms set forth in the Donation Agreement.
- d. <u>CCSD's Right to Terminate</u>. If CCSD disapproves of the results of its inspection and review of the Property, CCSD may elect to terminate this Agreement by giving Conservancy written notice of termination at least ten (10) days prior to the expiration of the Due Diligence Period provided for in the Donation Agreement. CCSD's approval of the Acquisition Transaction is a condition to Conservancy's obligation to accept the Property under the Donation Agreement, therefore CCSD's termination of this Agreement will also result in the termination of the Donation Agreement.
- e. <u>Preliminary Title Report</u>. Promptly after opening Escrow, Escrow Holder shall cause to be delivered to CCSD a preliminary report for an ALTA Standard Owner's Policy for the Property, setting forth all liens, encumbrances, easements, restrictions, conditions, pending litigation, judgments, administrative proceedings and other matters of record affecting Conservancy's title to the Property (the "Preliminary Report"). CCSD shall approve or disapprove in writing of each exception and any other matters shown on the Preliminary Report at least ten (10) days prior to the Close of Escrow (the "Title Review Period") (but not less than five (5) business days after CCSD's receipt of the Preliminary Report or any update to the Preliminary Report). CCSD's failure to object in writing prior to the expiration of the Title Review Period shall be deemed to be an approval of the Preliminary Report. If CCSD objects to the Preliminary Report, CCSD may further elect to terminate this Agreement by sending written notice of termination to Conservancy prior to Close of Escrow.
- 4. Notice of Material Changes. Conservancy will promptly notify CCSD in writing of any Material Change affecting the Property that becomes known to Conservancy prior to Close of Escrow. "Material Change" shall mean a substantial adverse change in the use, occupancy, tenants, title, or condition of the Property (excluding changes caused by CCSD) that occurs after the Effective Date and prior to Close of Escrow. CCSD shall have three (3) business days following Conservancy's delivery of written notice of a Material Change within which to satisfy itself with regard to such change. If any Material Change is disapproved by CCSD, then within said three (3) business day period, CCSD may terminate this Agreement by giving written notice to Conservancy.

## 5. Status of Title on Conveyance of Property.

# **TEMPLATE 06/22/18**

- a. Conservancy agrees to convey the Property to CCSD by grant deed in substantially the form attached hereto as  $Exhibit\ B$  (the "Grant Deed") at Close of Escrow, which shall be subject to the following:
- i. The lien of general and special real property taxes and assessments not delinquent.
  - ii. All exceptions reflected on the Preliminary Report.
- b. If CCSD elects to purchase title insurance, a standard coverage ALTA owner's protection policy of title insurance to be issued by Escrow Holder, insuring title to the Property vested in the name of CCSD in the amount of appraised market value of the Property. The policy of title insurance shall insure CCSD's interests subject only to the exceptions described above and any obligation of CCSD recorded against title at Close of Escrow. At least ten (10) days prior to the Close of Escrow, CCSD shall notify Escrow Holder whether CCSD desires to purchase title insurance.
- **6.** Conservancy's Representations and Warranties. Conservancy makes the following representations and warranties for the benefit of CCSD as of the date of this Agreement and as of the Closing Date:
- a. Conservancy is a California corporation duly organized and in good standing under the laws of the State of California;
- b. Conservancy is a non-profit organization having among its purposes the preservation of land on behalf of the public and Conservancy is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code
- c. Conservancy has the full legal right, power and authority to enter into and perform this Agreement;
- d. The execution and delivery of this Agreement by Conservancy, and the consummation of the transactions contemplated hereby, have been duly authorized by all necessary action by or on behalf of the Conservancy; and
- e. This Agreement is a valid and binding obligation of Conservancy, enforceable in accordance with its terms.
- 7. CCSD's Representations and Warranties. CCSD makes the following representations and warranties for the benefit of Conservancy as of the date of this Agreement and as of the Closing Date:
- a. CCSD acknowledges and agrees that the Property is being transferred in its AS IS, WHERE IS condition, without any representations or warranties of any kind, including but not limited to representations or warranties relating to the physical condition of the Property, the boundaries of the Property, title to the Property or any matters affecting title to the Property.
- b. CCSD has not relied on any representations, actions or omissions by Conservancy, its employees or agents, in evaluating the Property, except those representations set forth in Section 6, above.
- c. CCSD acknowledges that it has satisfied itself with all matters concerning the Property, and that if title insurance for the Property is desired, CCSD may obtain a title insurance policy at its expense.

# **TEMPLATE 06/22/18**

- d. CCSD acknowledges that Conservancy shall retain the rights to the Transfer Development Credits ("TDCs") from the Property and may sell and transfer those TDCs pursuant to the TDC Program.
- e. CCSD is a California special district duly organized and in good standing under the laws of the State of California:
- f. CCSD has the full legal right, power and authority to enter into and perform this Agreement;
- g. The execution and delivery of this Agreement by CCSD, and the consummation of the transactions contemplated hereby, have been duly authorized by all necessary action by or on behalf of the CCSD; and
- h. This Agreement is a valid and binding obligation of CCSD, enforceable in accordance with its terms.
- **8. Survival.** Each of the above representations and warranties of Conservancy and CCSD shall survive the Close of Escrow.
- **9. Conservation Easement.** As a condition of the transfer of title to the Property to CCSD, Conservancy and CCSD shall execute a Deed of Conservation Easement in substantially the form attached hereto as <u>Exhibit C</u> (the "Conservation Easement") and the Baseline Documentation (as defined in the Conservation Easement). The Conservation Easement shall be recorded on title to the Property immediately following recordation of the Grant Deed.
- 10. CCSD Approval of Acquisition Transaction. At least thirty (30) days prior to the date set for Close of Escrow for the Acquisition Transaction, CCSD shall deliver to Conservancy CCSD's written approval or disapproval of Conservancy's acquisition of the Property.

#### 11. Conditions to Close of Escrow.

- a. <u>Condition to CCSD's Obligation</u>. CCSD's obligation to consummate the transaction contemplated by this Agreement, is subject to the satisfaction or waiver by CCSD of the following conditions on or prior to Close of Escrow:
- i. <u>Conservancy's Obligations</u>. Conservancy shall have timely performed all of the obligations required by the terms of this Agreement to be performed by Conservancy.
- ii. <u>Conservancy's Representations</u>. All of the representations and warranties made by Conservancy to CCSD in this Agreement shall be true and correct as of Close of Escrow.
- iii. <u>Marketable Title</u>. The willingness of Escrow Holder to issue ALTA owner's standard coverage title policy in accordance with Section 5.b., above.
- iv. <u>Conservancy's Acquisition of Property</u>. Conservancy shall have acquired fee title to the Property by closing the Acquisition Transaction.
- b. <u>Conditions to Conservancy's Obligations</u>. Conservancy's obligation to consummate the transaction contemplated by this Agreement, is subject to the satisfaction or waiver by Conservancy of the following conditions on or prior to Close of Escrow:

### **TEMPLATE 06/22/18**

- i. <u>CCSD's Obligations</u>. CCSD shall have timely performed all of the obligations required by the terms of this Agreement to be performed by CCSD.
- ii. <u>CCSD's Representations</u>. All of the representations and warranties made by CCSD to Conservancy in this Agreement shall be true and correct as of Close of Escrow.
- iii. <u>Marketable Title</u>. The willingness of Escrow Holder to issue ALTA owner's standard coverage title policy in accordance with Section 5.b., above. This condition is applicable only if CCSD elects to purchase title insurance.
- iv. <u>SCC Approval</u>. The State Coastal Conservancy ("SCC") shall have approved the Acquisition Transaction in a form satisfactory to Conservancy.
- v. <u>Conservancy's Acquisition of Property</u>. Conservancy shall have acquired fee title to the Property by closing the Acquisition Transaction.
- c. <u>Failure of Conditions</u>. Both CCSD and Conservancy agree to use good faith, reasonable efforts to satisfy each of the foregoing conditions in this Section. If a condition for the benefit of either CCSD or Conservancy is not satisfied by the Close of Escrow (as it may be extended), then the party which was to be benefited by the condition may elect to (a) terminate this Agreement or (b) waive the condition.

### 12. Closing of Escrow.

- a. <u>Closing Date</u>. The escrow shall close (the "Close of Escrow") immediately after and on the same date as the close of escrow for the Acquisition Transaction (the "Closing Date"). In the event that the closing date for the Acquisition Transaction is extended, then the Closing Date for this transaction shall be automatically extended to the same date. The Closing Date may otherwise be extended by the mutual written agreement of Conservancy and CCSD.
- b. <u>Deposits by Conservancy</u>. At least one (1) business day prior to the Closing Date, Conservancy shall deposit or cause to be deposited with Escrow Holder fully executed and, where required in recordable form, the following:
  - i. The Grant Deed;
  - ii. The Conservation Easement;
  - iii. The Baseline Documentation;
- i. All funds necessary to pay costs and expenses for which Conservancy is responsible under this Agreement; and
- ii. Such other documents as are reasonably required to carry out the intent of the parties pursuant to this Agreement.
- c. <u>Deposits by CCSD</u>. At least one (1) business day prior to the Closing Date, CCSD shall deposit or cause to be deposited with Escrow Holder fully executed and, where required in recordable form, the following:
  - i. The Certificate of Acceptance attached to the Grant Deed;
  - ii. The Conservation Easement;

- iii. The Baseline Documentation;
- iv. All funds necessary to pay costs and expenses for which CCSD is responsible under this Agreement; and
- v. Such other documents as are reasonably required to carry out the intent of the parties pursuant to this Agreement.
- d. <u>Closing Costs and Prorations</u>. Upon Close of Escrow, CCSD shall pay the costs of the title insurance policy required by this Agreement (if CCSD elects to purchase title insurance), as well as all recording fees and transfer taxes. CCSD and Conservancy shall split equally, on a 50/50 basis, Escrow Holder's fees and any other expenses of Escrow Holder. Real Property taxes and assessments applicable to the Property shall be pro-rated between Conservancy and CCSD as of the Closing Date.
- e. <u>Disbursements and Other Actions by Escrow Holder.</u> Upon Close of Escrow, Escrow Holder shall promptly undertake all of the following in the manner indicated:
- i. <u>Recording</u>. Cause the Grant Deed, including the Certificate of Acceptance, to be recorded in the Official Records of San Luis Obispo County, immediately followed by recordation of the Conservation Easement.
- ii. <u>Documents to CCSD</u>. Deliver to CCSD an original of the recorded Grant Deed, a copy of the recorded Conservation Easement, and an original of the executed Baseline Documentation (unless the executed Baseline Documentation is exchanged outside of Escrow).
- iii. <u>Documents to Conservancy</u>. Deliver to Conservancy a copy of the recorded Grant Deed, an original of the recorded Conservation Easement, and an original of the executed Baseline Documentation (unless the executed Baseline Documentation is exchanged outside of Escrow).
- iv. <u>Title Policy</u>. If CCSD has elected to purchase title insurance, issue to CCSD a standard owner's ALTA title policy in accordance with Section 5.b. of this Agreement.

### 13. General Provisions.

- a. <u>Termination of Agreement</u>. In the event that this Agreement is terminated prior to the Close of Escrow, the parties shall pay all charges of the Escrow Holder in the manner set forth in Section 12.d. Any money deposited by a party with Escrow Holder in connection with this transaction shall be returned to that party, less any deductions authorized by this Agreement; and the parties shall be relieved of all further obligations and liabilities to each other under this Agreement except as otherwise provided herein.
- b. <u>Assignment; Binding on Successors</u>. This Agreement may not be assigned by Conservancy or CCSD without the prior written consent of the other, which consent shall not be unreasonably withheld, conditioned or delayed. Subject to the foregoing sentence, this Agreement shall be binding on, and inure to the benefit of, the parties to it and their respective heirs, legal representatives, successors and assigns.
  - c. Time of Essence. Time is of the essence in this Agreement.
- d. <u>Governing Law.</u> This Agreement shall be governed by and construed in accordance with the laws of the State of California. Any legal action to enforce or interpret the provisions of this Agreement may be commenced only in the Superior Court for the County of San Luis Obispo, State of California.

### **TEMPLATE 06/22/18**

e. <u>Notices</u>. Any notice, delivery, or other communication pursuant to this Agreement shall be in writing and shall be deemed to be properly given if delivered, mailed, or sent by email or facsimile transmission in the manner provided in this paragraph, to the following persons:

Any party may change the party's address for these purposes by giving written notice of the change to the other party in the manner provided in this paragraph. If sent by mail, any notice, delivery, or other communication shall be effective on the date it is deposited with a reputable overnight courier such as FedEx or UPS or with the United States mail, duly certified, with postage prepaid, and addressed as set forth above. Notices sent by email or facsimile transmission shall be effective on the date they are sent. Facsimile machines used for fax notice must generate a "Transmission Record" stating the telephone number of the receiving fax, number of pages sent out, date and time of transmission and indication of any transmission errors. Email transmission will be deemed effective if the email is properly addressed and the sender does not receive a delivery failure notice.

f. <u>Days</u>. The term "days" when used in this Agreement means calendar days unless otherwise specified. If the last day on which to perform an action pursuant to this Agreement falls on a Saturday, Sunday, United States federal holiday or other day on which Escrow Holder is not open for business,

then the time in which to perform such action shall be extended until the end of the next day that is not a Saturday, Sunday, United States federal holiday or other day on which Escrow Holder is not open for business.

- g. <u>Entire Agreement</u>. This Agreement, including the foregoing recitals and the attached exhibits, constitute the entire agreement between the parties relating to the donation of the Property. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force and effect. Any amendment to this Agreement shall be of no force and effect unless it is in writing and signed by the party to be bound thereby.
- h. <u>Attorneys' Fees</u>. If any action, proceeding, or arbitration arising out of or relating to this Agreement is commenced by either party to this Agreement or by the Escrow Holder, then as between the parties, the prevailing party shall be entitled to receive from the non-prevailing parties, in addition to any other relief that may be granted, the reasonable attorneys' fees, costs, and expenses incurred in the action, proceeding, or arbitration by the prevailing party.
- i. <u>Headings</u>. The headings of the articles and paragraphs of this Agreement are inserted for convenience only. They do not constitute part of this Agreement and shall not be used in its construction.
- j. <u>Waiver</u>. The waiver by any party to this Agreement of a breach of any provision of this Agreement shall not be deemed a continuing waiver or a waiver of any subsequent breach of that or any other provision of this Agreement.
- k. <u>Negotiation of Agreement Language</u>. Both parties have actively negotiated the language of this Agreement through their attorneys. This Agreement shall be interpreted according to its plain meaning and not for or against another party on the basis of California Civil Code Section 1654.
- l. <u>Counterparts</u>. This Agreement may be executed in two counterparts, each of which shall be deemed an original and both of which together shall constitute one and the same agreement. This Agreement may be executed by a party's signature transmitted by facsimile ("fax") or by electronic mail in portable document format ("pdf"), and copies of this Agreement executed and delivered by means of faxed or pdf signatures shall have the same force and effect as copies hereof executed and delivered with original signatures. All parties hereto may rely upon faxed or pdf signatures as if such signatures were originals. Any party executing and delivering this Agreement by fax or pdf shall promptly thereafter deliver a counterpart of this Agreement containing said party's original signature.
- m. <u>No Broker's Commission</u>. Each party represents to the other that it has not used a real estate broker in connection with this Agreement or the transaction contemplated hereby. In the event any person asserts a claim for a broker's commission or finder's fee, the party on account of whose conduct or actions the claim is asserted will indemnify, defend and hold the other party harmless from said claim. This Section shall survive the Close of Escrow or any earlier termination of this Agreement.
- n. <u>Severability</u>. Each provision of this Agreement is severable from any and all other provisions of this Agreement. Should any provision of this Agreement be for any reason unenforceable, the balance shall nonetheless be of full force and effect.

[Signatures follow on next page.]

IN WITNESS WHEREOF, the parties have executed this Agreement effective as of the date last written below.

### CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors AGENDA NO. **8.A.** 

FROM: Jerry Gruber, General Manager

.....

Meeting Date: July 26, 2018 Subject: MANAGER'S REPORT

### **GENERAL MANAGER:**

There has been a great deal of discussion lately regarding the District's infrastructure. Some of the dialogue has posed questions about which improvements have been made since our last rate increases, and that the CCSD has not made the improvements to the infrastructure that have been needed. Infrastructure improvements are based on the availability of funds from both the Water and Wastewater Enterprise Funds. Although those funds have been extremely limited over the years due to minimal rate increases and a rate structure that has not kept paced with an aging infrastructure, significant improvements have been made and will continue to be made.

In the past I have taken time each month as part of the Board Meeting and part of the General Manager's Report to include pictures associated with infrastructure improvements within the Water and Wastewater Departments. Although I stopped providing these update several months ago due to time constraints, infrastructure improvements continue to be made. Since becoming General Manager in April of 2011, there has been more improvements made to the infrastructure and enhancements made to the overall operations of both the Water AND Wastewater systems than since the inception of the District in 1976. Although a lot has been accomplished, there still is a lot to do as identified by the District's comprehensive CIP for both Departments.

I have included numerous photographs of infrastructure improvements as part of today's agenda packet going back to 2015 to answer a few of the questions mentioned earlier. The pictures included do not include all the work that has been done due to the enormity of photographs and the limited space within the agenda packet. Again, the pictures include only a three-year period and do not go back to November of 2010 when infrastructure improvements began and when I started working for the CCSD.

I would like to thank both Standing Committees for their efforts regarding the District's Finances and Infrastructure.

Alleyne LaBossiere is currently serving as the CCSD'S interim Finance Manager. Alleyne was our previous District Finance Manager and is now a retired annuitant. Alleyne is not receiving any benefits, nor is he working as a contract employee. The District will begin the recruitment process soon for the position of Finance Manager.

The Parks, Recreation and Open Space Commission is currently advertising for three positions within the Commission. Please see the CCSD Website for additional information.

The PROS Commission has also agreed to support the mailing of a pool survey to CCSD customers as part of the next billing cycle. The PROS Commission is not taking a position or endorsing the Pool Committee's survey, it is only acting as a conduit to distribute the survey via CCSD bills.

On July 12, 2018, Melissa Bland and I met with the Realtors at Rabobank to update them on CCSD activities and items relating to retrofit upon resale and the escrow process.

Staff conducted a PG&E kickoff meeting as part of the initial assessment for the Wastewater Treatment Plant on Wednesday July 18, 2018. Staff will keep the Board and Infrastructure Committee apprised of the progress being.

Staff met with Jon Rokke from the RWQCB on Friday July 20, 2018 at the Sustainable Water Facility to discuss future operations of the facility.

### **ADMINISTRATION:**

### Wastewater Department:

• Met with Wastewater Department Supervisor

### Water Department:

Met with Water Department Supervisor

### **FACILITIES AND RESOURCES:**

### 1. Weed abatement:

**a.** CCSD Staff has begun to re-mow the eastern part of the Ranch. This is the third mow of the season in that area. This area is mowed to provide both a fire break and to control invasive plants.

### 2. Trail Work:

- **a.** Windsor Trail: Trail from the Windsor bridge to Shamel Park was cut back. Trail was cut back 4 feet back and 8 feet high. Work was done before 4<sup>th</sup> of July as the trail is heavily used to access the 4<sup>th</sup> of July festivities at Shamel Park.
- **b.** Santa Rosa Creek Trail: Staff cut back and chipped encroaching willow branches.
- **c.** Hwy 1 trail: two willow trees fell across trail. Trees were cut and chipped.

### 3. Bluff Trail Work:

- **a.** Work on Bluff Trail has been scheduled for the weeks of August 6<sup>th</sup> and 13<sup>th</sup>. Work is being coordinated with FFRP.
- **b.** Trail will be resurfaced with fresh base material. During work, parts of the Bluff Trail will be closed to public. Signs have already been placed on both sides of the Bluff Trail advising the community of the work.

### 4. Fiscalini Tank Road:

**a.** Facilities Staff assisted the Water Department in mowing the road leading to the Fiscalini Tanks. Road was mowed to reduce the risk of fire and provide better access.

### 5. Vets Hall Repairs:

- **a.** Two new skylights were purchased and installed on the roof of the Vets Hall. The old skylights were broken and cracked.
- **b.** New door has been ordered. Door on the side of the building has been peeling and warping due to weather.
- **c.** Railing by BBQ area is scheduled to be replaced. Railing has some rot.

### 6. Skate Park:

**a.** Work is scheduled to make repairs on side of big ramp at the p[ark. This area of the ramp has some rot and a large hole has been created.

### 7. **Goats**:

- **a.** Facilities Staff is using goats to create a fire break on CCSD property. Goats are being housed at the Facilities yard and the project is estimated to last two weeks.
- **b.** Goats allow us to access areas that are difficult for machinery and are difficult to do by hand.
- **c.** Cost of the goats is free for this project. A Rancher on Hwy 41 has allowed us to use the goats as a test for this project.

### **ENGINEER:**

Key activities since the June 28, 2018 Board meeting report (prior staff report prepared on June 18, 2018) to the date of this report's preparation (which was July 19, 2018) have included:

- Sustainable Water Facility (SWF):
  - o The Advanced Water Treatment Plant (AWTP) has remained offline.
  - o The June 2018 monthly Title 22 self-monitoring reports were completed and submitted by the due date of July 15, 2018.
  - On July 10, 2018 staff received an updated Title 22 Monitoring and Reporting Program (as Revised July 3, 2018) from the RWQCB, which includes a provision to not require groundwater sampling and analyses while the AWTP remains offline (up until one month prior to its seasonal operational startup and following three months after its seasonal shut down). Therefore, staff will not be sampling for the month of July 2018 to take advantage of the cost savings allowed by this update.
  - The impoundment basin closure activities are continuing. As of July 14th, 2018, approximately 1,267,426 gallons have been pumped from the impoundment basin. The impoundment basin freeboard that same day was at 85.60 inches.
  - The new Chief Plant Operator for the SWF, James "Jim" Green, is currently assisting
    with preparations to allow restarting the facility as may be needed later this fall. In the
    meantime, staff is having weekly meetings to review progress.
  - Staff continues to coordinate with County Planning staff on the SWF's regular Coastal Development Permitting process. Currently, the SWF can only operate during a Stage 3 Water Shortage Emergency.
  - Permit Counter. For the 2018 Calendar Year: 1 Transfer of Position, 8 Assignments, 9
    Voluntary Lot Mergers, 2 New/Re- Construction Applications, and 38 Remodel/Changeof-Use Applications were received for processing. We have also processed 3
    applications to extend ITS letters.
  - Retrofit/Water Conservation Inspections: 17

### Miscellaneous:

- Influent Screen Installation. One addendum was prepared based on input from prospective bidders. Five bids were received by 3:00 pm on July 18, 2018, with the lowest most responsible bid being \$156,650. Please see a separate staff report prepared for today's meeting to consider awarding this contract.
- SWRCB licensing of existing water rights remains in progress.
- Staff continued to update background materials and respond to questions on the planned capital improvement projects for water, wastewater, and the SWF. This included attending the special July 11, 2018 Board meeting, which included the standing Infrastructure and Finance Committees, as well as the special July 12, 2018 Board meeting.
- Staff attended the evening community workshop on June 19, 2018.
- Staff coordinated with Facilities and Resources on issues with the sewer lateral at the Vets Hall. This included coordination for having the sewer lateral jetted out on June 30, 2018 and looking up record information.

- Melissa Bland updated the customer information system (CIS) database information to assist administrative staff with annual notices and invoicing.
- Well Levels
  - o Current well levels are average for this time of year.

### **WASTEWATER:**

### **Wastewater Treatment Plant Operations**

- The Keep Trak maintenance program is being updated to include the collection system. This
  includes improving the existing information to better represent what is in the field. Updated
  Keep Trak information is being filed in folders to help facilitate record keeping on the various
  repairs being completed.
- WW Operator Vormbaum's ability to navigate computer programs has been very helpful working with Keep Trak and Op 10 programs.
- After the new influent screen is operational, work will begin on removing accumulated rags and debris from the aeration basin. The influent screen installation project was informally bid with bids due on July 18, 2018 at 3:00 pm.
- We have been in talks with PG&E to replace the 3 wire MCC with a 4 wire MCC. This would also include replacing the generator and blowers. This is moving forward and our kickoff meeting will be July 18.
- The new transfer pump on the digester is working very well and has reduced the amount of time needed to move water. This is a big step in keeping odors down.

### **Collection Systems & Lift Stations**

- The upgrades at lift station 9 are now paying off. We are now able to identify other troubles that occur at this location. One of the problems is pumps ragging up very fast at this location and reducing flow. WW Operator Blackburn is in the process of finding a solution to help reduce the amount of rags that collect on the discharge check valves and reduce flow.
- We are continuing our ongoing campaign to locate the source of groundwater and storm water (i.e., infiltration and inflow, or I & I) that is getting into the collection system.
- The 30 new water-tight manhole lids have been arriving a few at a time and will soon begin their move to the collection system.
- Gold Coast Environmental supplied a grease trap for the kitchen at the back of the Vets Hall, which was installed by Potter Plumbing.
- On Thursday, June 21, we experienced a reportable spill at the Vets Hall due to approximately 100 gallons of wastewater leaking out of the building lateral. This was cleaned up by staff that same evening and none of the water entered the storm drain or local surface drainage. The building lateral was subsequently jetted out and TV inspected on June 30<sup>th</sup> and is being monitored by our Facilities & Resources Department. The GIS system and past videotape of the street main was used to provide information on the lateral location within Main Street.
- The Vets Hall lateral was the first reportable Sanitary Sewer Overflow we have had to report in over two years.

### Administrative:

- WW Operators Artho and Vormbaum are working on their Class B commercial driver's license.
- WW Operator Vormbaum has passed his Grade III wastewater test, and we are waiting for the State to issue his license.

• Interviews for the vacant WW Operator position were conducted in July. We hope to have the recruit onboard in August.

### WATER:

- 1. The SWF remained offline. James Green replaced John Allchin as Chief Plant Operator of the SWF. Water Department Staff member Larry Moore has been assisting James in developing his understanding and familiarity with SWF operations, sampling needs, and the impoundment basin's closure. Water Department staff continued to perform weekend duties related to the impoundment basin's monitoring and closure. These duties include measuring of the available freeboard, performing membrane integrity tests, and observing the level of wildlife gathered around or near the impoundment basin. James and Larry have identified maintenance and related improvements that are to be made to ensure the plant maintains its readiness to run smoothly when needed.
  - 2. SR4 is currently offline as we add pH and temperature monitoring per a recommendation received from the Water Board's Division of Drinking Water. Progress is dependent upon receiving updated software from Hach, which has had a few delivery glitches. Once the new software is installed, SR4 will be returned to service.
  - 3. On Saturday June 2<sup>nd</sup> the chlorine analyzer located at the San Simeon well field failed. Operator Larry Moore contacted Jim from Alpha Electric. Jim came out Saturday night and helped install a backup CL2 analyzer. The quick thinking by Larry and the willingness of Jim to work on a Saturday night ensured that the Water Department would not have to take the San Simeon well field offline. The well field was back up and running within a few hours.
  - 4. Seven water leaks occurred in the distribution system in June, with one being significant. On Moonstone Beach Drive one leak was caused by a rusty saddle located on the 14" Main supply line. Because the saddle had completely corroded, we had to isolate the section of pipe to install a new saddle. Unfortunately, water service to approximately four motels was interrupted for about 2-3 hours. Our department was short of staff during this time, so our new SWF CPO James Green stepped in to help facilitate this repair and assist with traffic control.
  - 5. Water Department staff were alerted to a sinkhole that developed at the Rodeo Grounds facility. Water Department staff identified the cause of the sink hole as a leak at SR1. The leak only occurred when the SR1 well was running. SR1 provides non-potable water for CCSD needs, such as the filling of the Wastewater Department's Vactor truck, the Fire Department's Water Tender, and Facilities & Resources Department needs. Water Department Supervisor and operator Ben Grosskreutz located, excavated and repaired the leak.
  - 6. The Water Department Supervisor assisted SLO County roads by donating non-potable water to the subcontractors working on the Main Street resurfacing project. The water was used to fill the equipment used to sweep and clean the roads after the grinding of asphalt on Main St. Water was also used to make the slurry mix that the sub-contractors installed over the existing asphalt. This helped subcontractors to save time and complete the job sooner.
  - 7. Andy Dreyfuss of Bush Wacker completed the mowing of the San Simeon well field. Carlos and his staff mowed the easement to the Fiscalini Tank site. Water Department staff has mowed all other Water Department facilities and continues to mow and maintain Water Department facilities.

- 8. In June, Andy Lyman transferred from the Facilities & Resources Department to the Water Department. Andy is working hard to learn all aspects of water operation. He has proven to be a quick learner and an asset to our team. All Water Department staff have stepped up to help train Andy. We are all thankful and grateful to have Andy working with us.
- 9. To cut costs and save money for the District, Water Department staff helped install a grease trap at the Vets hall. The Water Department provided sand, road base and cold mix asphalt to the project. Water Department operators provided and operated a jackhammer and removed asphalt from the area that needed to be excavated. Justin Smith of Potter Plumbing excavated the site and installed the grease trap. Water Department staff backfilled, compacted and installed the cold mix asphalt to complete the job. Water Department staff also cleaned up spoils and hauled the spoils off in the District's dump truck.
- 10. Water Production & Well Levels for June 2018 are attached.
- 11. The following table summarizes key activities that Water Department staff responded to during this reporting month.

### **SUSTAINABLE WATER FACILITY (SWF):**

### **Advanced Water Treatment Plant Operations**

- The plant remained offline for the month of June.
- Staff continued the practice of circulating Preservol solution throughout the micro-filters and reverse osmosis elements twice monthly. This is being done to preserve the filter and reverse osmosis membranes.
- A representative from our chemical supply company performed a site evaluation on July 12. We
  are currently developing a strategy to ensure the chemical storage and supply tubing is ready to
  operate.

### **Impoundment Basin Closure**

- Blending of impoundment basin water with WWTP final effluent continued and was being performed 6 days per week in June.
- Analysis results from samples of blended water disposed of in the percolation pond remained within concentration limits authorized by the RWQCB. Staff communicate with RWQCB representatives on a weekly basis to ensure compliance with all closure plan requirements.

- An average of 75,000 gallons per week was being removed from the impoundment basin via the blending operations. We estimate the impoundment basin will be empty by early September.
  - o Prospective bidders are being queried on their interest in hauling and disposal of sediment from the bottom of the impoundment basin.

Improvements to the control panels before and after pictures

#### Wastewater Treatment & Collection System Plant Improvements October 2016

At least 45 manholes have been repaired and replaced
Twenty manhole inserts have been installed, thus reducing intrusion and
infiltration

This hole represents 5 gallons per minute of flow

or 7200 gallons per day from one mahole

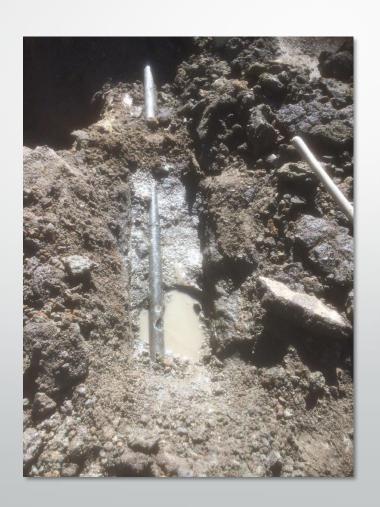

### Wastewater Treatment & Collection System Plant Improvements October 2016 The staff identified manholes that needed access

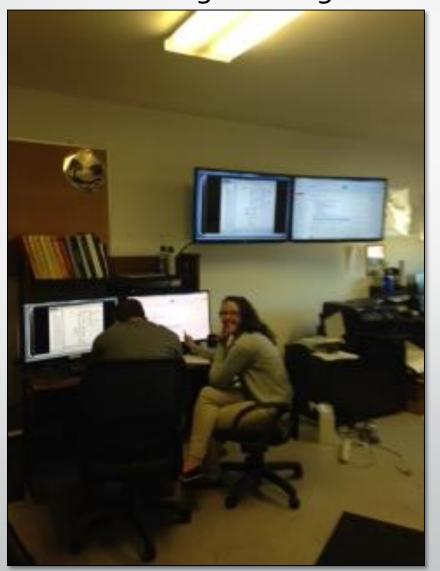

#### Wastewater Treatment & Collection System Plant Improvements November 2016

The 2" abandoned pipe on Pineridge was repaired on November 2, 2016
Ongoing repairs to the distribution system continue

### Wastewater Treatment & Collection System Plant Improvements November 2016 New SCADA and Programming was installed

#### Wastewater Treatment & Collection System Plant Improvements November 2016

Both drive motors were replaced for clarifiers 1 and 2 Both waste activated sludge pumps were replaced

### Wastewater Treatment & Collection System Plant Improvements November 2016 New handrails were installed

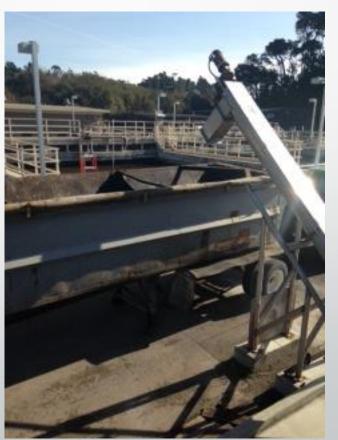

#### Wastewater Treatment & Collection System Plant Improvements December 2016

Sludge was collected in the new trailer and the digestors are functioning properly for the first time in many years

It also reduced plant odor

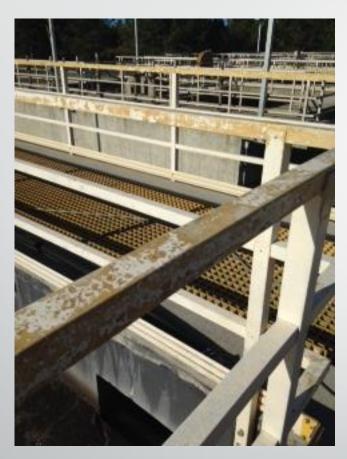

65

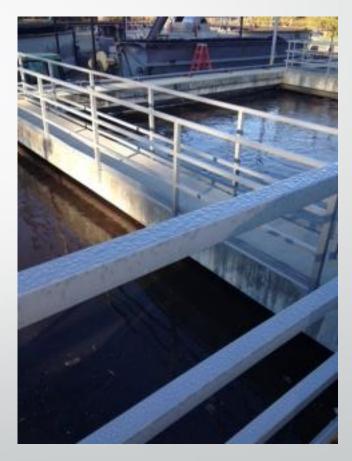

### Wastewater Treatment & Collection System Plant Improvements December 2016 The old lift station panel 9 was replaced

### Wastewater Treatment & Collection System Plant Improvements December 2016 All handrails have been completely painted

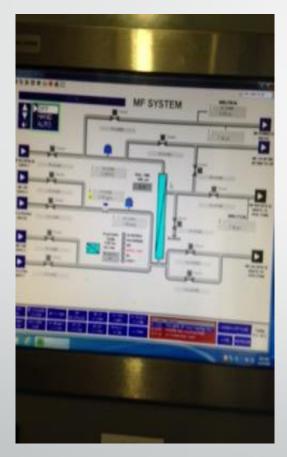

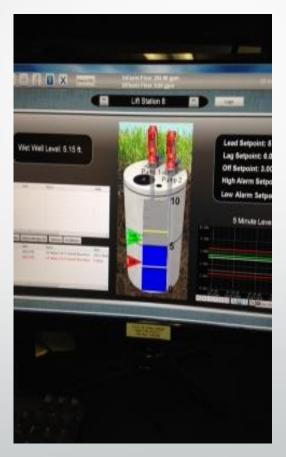

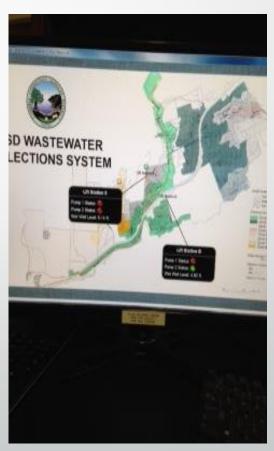

#### Wastewater Treatment & Collection System Plant Improvements December 2016

Lift station 8 went live on SCADA and they are continuing upgrades to the lift stations

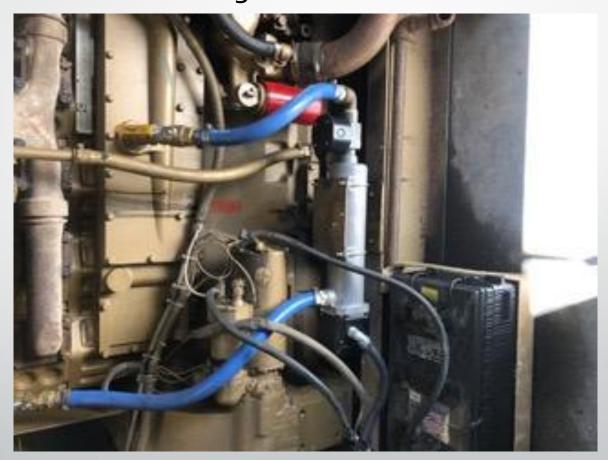

#### Wastewater Treatment & Collection System Plant Improvements March 2017

VFD's are on both effluent pumps and they are programmed to handle flow direct from the clarifiers

69

# Wastewater Treatment & Collection System Plant Improvements March 2017 The generator block heater was replaced and they serviced all of the above ground generators

#### Wastewater Treatment & Collection System Plant Improvements March 2017

Effluent pump #1 had a new discharge and was rebuilt
Both pumps had new 95% efficient motors installed
The old Miltonic's level control along with the rusted control panels was replaced with a transducer and a small junction box

#### Wastewater Treatment & Collection System Plant Improvements March 2017

The rotating assembly was replaced in the pump that used to send sludge from the south tank to the north tank

We had replacement motors in stock for all motors on the screw press

The Allen Bradly controls have been backed up for the screw press and the VFD was replaced

An extension for the discharge was installed on the screw press to allow the filling of the trailers

The trailers are now picked up when full The plant doesn't stockpile the sludge

The aeration basin recirculation pumps were hard lined in

New davit cranes were installed to remove both RAS and WAS pumps

The hand rails on both the aeration basin and the clarifiers have been painted with a 25 year two part epoxy

The stairs and supports have been painted

RAS flow meter has been replaced and the second flow meter was installed

Both RAS and WAS are now controlled with SCADA

WAS pump #2 has been replaced along with the VFD

#### Wastewater Treatment & Collection System Plant Improvements March 2017

Blower #4 has been installed and the bearings on the two blowers have been replaced

The alarms have also been connected to SCADA

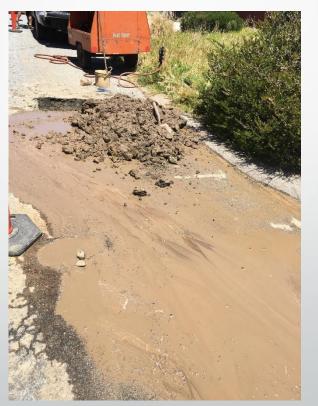

### Wastewater Treatment & Collection System Plant Improvements May 2017 Staff has continued to fix leaks

This leak was fixed at Kent Street (behind the Shell station)

This leak was fixed at Kent Street (behind the Shell station)

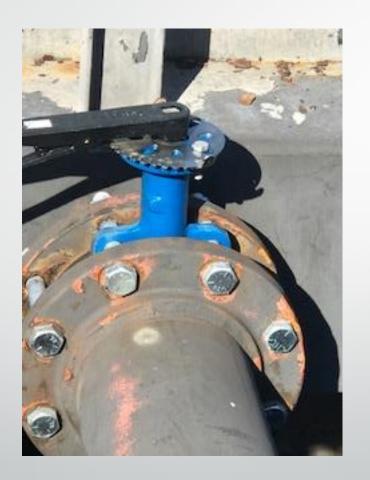

#### Wastewater Treatment & Collection System Plant Improvements May 2017

Twenty five new PamRex water proof manhole covers were replaced on the 25 most needed manhole lids in the collection system

### Wastewater Treatment & Collection System Plant Improvements May 2017 Staff replaced old valves

### Wastewater Treatment & Collection System Plant Improvements May 2017

Lift station 9 was approved for an electrical upgrade

The SCDA panel was moved to a safer location above ground and replaced with efficient controls

#### Wastewater Treatment & Collection System Plant Improvements June 2017

The department was unable to remove this welded manhole cover, so they replaced it with a water tight cover

## Wastewater Treatment & Collection System Plant Improvements June 2017 Staff replaced the digester walkways

### Wastewater Treatment & Collection System Plant Improvements June 2017

The lid was not attached to the lift station and the rings broke off, making it inaccessible

The department installed a new water tight lid

Both lids are in a wetland and were weeping water months after the rains stopped
They both have 4 holes in the top that allow water into the system with the smallest of rains
Manholes like this are big contributors to the heavy flows during winter rains
These are also very hard to access due to the wet ground
Now that we have a new lid and ring we will remove the tree that is working its way into the manhole.

During heavy rains the manhole was underwater and not sealed A water tight lid and ring was installed

A new panel was installed and is being used as a pull box All the breakers are now in the panel, outside the pump house

The first suction line was replaced at lift station B-3

This is a section of the suction line that failed FRM was the contractor that installed the stainless steel suction line at the lift station CCSD staff replaced the 4 inch cast iron piping with PVC Holes had to be bored around the old piping to remove it

The new electrical panel that was installed outside the pump house with SCADA

Staff can track this lift station from the WWTP or any remote location

This is accessible to the operator without the need of entering the pump house

This removed the old out-of- date electronics and replaced them with state of the art communications

This lift station was the first to have remote SCADA controls added along with backup controls for redundancy

In the future, all lift stations will be brought to this level of communication and capabilities

The new clarifier drive was installed by FRM Before and after pictures

## Wastewater Treatment & Collection System Plant Improvements July 2017 The new suction line was installed

## Wastewater Treatment & Collection System Plant Improvements July 2017 The lift station 8 guide rails were replaced with stainless guide rails

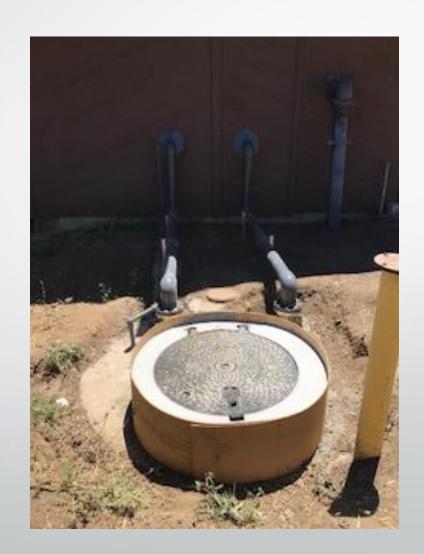

Water Department Improvements

July 2017

This is manhole cover was lifted 8 inches and the lid was replaced

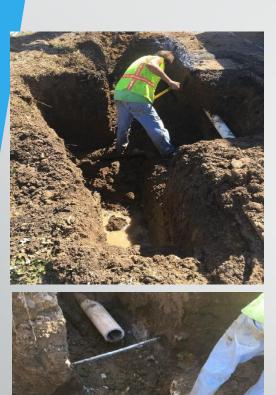

## Water Department Improvements October 2017 Work was done in the alley that runs parallel with Burton Drive

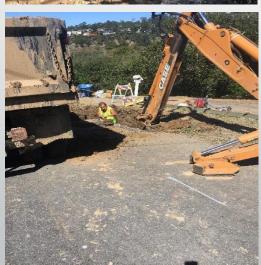

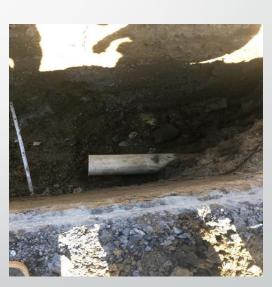

United Rentals delivered the new 6 inch pump and staff installed and tested it

West Coast Trees cut down three pine trees at the WWTP and spread the chips around the plant entrance

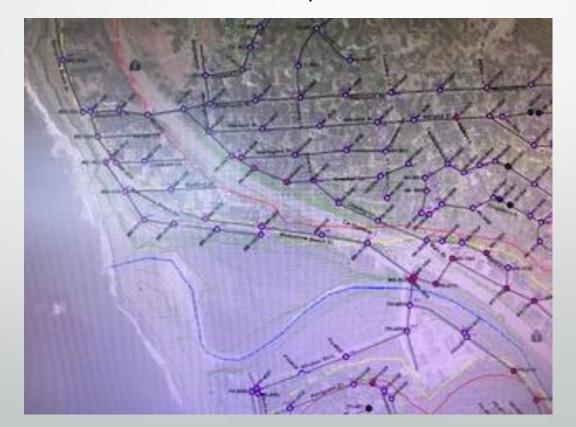

# Wastewater Treatment & Collection System Plant Improvements December 2017 The pressure relief value was purchased and used on the non-potable water system

This is a snapshot of the GIS map for the collection system

The program was added to the collection system

The department can step onto a manhole and find out what needs to be done and what has been done over the last year

## Water Department - Stuart Street Tank Project January 2018

Superior Tank removed the most severely corroded roofing in January 2018

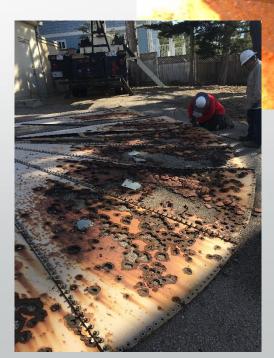

After removal of the roof and rust scale, it was determined that 3 shell panels were too far gone to bolt to Everyone agreed that changing the contract to add the replacement of those shell panels would increase the likelihood that this tank can stay in service for the desired five more years

The cost and schedule to change out the panels while Superior was on site, with the adjacent roof off, is

#### **Public Records Requests and Responses**

There were 5 Public Record Requests received since June 28, 2018 by the following citizens. The listing below is representative of the request and does not necessarily reflect the extensive nature of each request.

6/26/2018: David Hill 1. I'm requesting the fire incident report for 1145 Pinewood.

On June 26, 2018, the CCSD responded to David Hill's 6/26/2018 Public Records Request with the following:

Enclosed is the fire incident report for 1145 Pinewood.

**6/28/2018:** Kathe Tanner 1. Please send me any documents about the purchase of the truck for the plant operator, such as a sales receipt that shows details about year, model, mileage, etc. 2. Also, employment information and the resume for James Green.

On July 2, 2018, the CCSD responded to Kathe Tanner's 6/28/2018 Public Records Request with the following:

- 1. The Chief Plant Operator's truck purchase documents are available for review at the Cambria Community Services District Administration Office. Please call Haley Dodson at (805) 927-6235 to schedule an appointment to review the documents. However, if you'd like us to copy each document, we'd be happy to provide you with an estimate for a deposit in order to pay for the copies requested.
- 2. We recognize that we have a duty under the Public Records Act to make a good faith effort to search for documents that are responsive to your request. Please narrow your request to specific identifiable documents or records. We are happy to assist you in your efforts to identify specific documents. However, there are no documents responsive to your request with regards to a resume.

**7/3/2018:** Kathe Tanner 1. I also need the information about James Green, such as his resume, his responsibilities and his salary, or if the latter isn't available, at least the salary range for his position.

On July 5, 2018, the CCSD responded to Kathe Tanner's 7/3/2018 Public Records Request with the following:

On July 2, 2018 we responded that there are no documents responsive to your request with regards to a resume. Enclosed is the Chief Plant Operator (CPO) for the Sustainable Water Facility position description and the CCSD salary schedule.

**7/9/2018:** Kathe Tanner 1. I am hereby formally requesting any information and any documentation on the firing or "letting go" of Rudy Hernandez and the arrangements to replace him.

On July 19, 2018, the CCSD responded to Kathe Tanner's 7/9/2018 Public Records Request with the following:

The CCSD is in receipt of your Public Records Act request, wherein you ask for copies of all "documentation on the firing or 'letting go' of Rudy Hernandez and the arrangements to replace him." There are no documents that the District is able to produce regarding Mr. Hernandez's departure that are responsive to your request. The only records that the CCSD has are exempt pursuant to Government Code Section 6254, subdivision (c). Enclosed is the document that is responsive to the remainder of your request.

**7/10/2018**: Amanda Rice 1. Please consider the request for the four expenditure reports (10/2016, 11/2017, 2/2018 and 3/2018) a formal public records request, which allows your staff up to 10 days to respond or ask for more time.

On July 20, 2018, the CCSD responded to Amanda Rice's 7/10/2018 Public Records Request with the following:

We have searched diligently for documents related to your Public Records Request and we have identified four documents that are responsive to your request. Enclosed is the October 2016 expenditure report in excel, November 2017 expenditure report, February 2018 expenditure report and March 2018 expenditure report. Unfortunately, the November 2017 expenditure report, February 2018 expenditure report and March 2018 expenditure report is not available in excel. Please contact me at (805) 927-6223 if you have questions.

#### BOARD OF DIRECTORS' MEETING-JULY 26, 2018 FINANCE MANAGER'S REPORT

#### FINANCIAL REPORTS FOR THE FISCAL YEAR ENDING JUNE 30, 2018

Attached for your review are reports comparing the Revenue and Expenditures to date for 2017/2018 Fiscal Year (FY 17/18) to the amounts budgeted. As noted, the activity for FY 17/18 is not final and the amounts are unaudited.

#### CASH BALANCES AS OF JUNE 30, 2018 AND FOR THE PROCEEDING 4 YEARS

Attached for your review is a report showing the cash balances as of June 30 for the past five years. This report includes the balances of all bank accounts (Main Checking Account, Payroll Checking Account, Money Market Account, Health Reimbursement Account (HRA) Account and Vet's Hall Account) as well as the balance in the Local Agency Investment Account (LAIF). It also shows the increase or decrease from the proceeding year. The June 30, 2018 balance is not audited while the balances for the prior years are audited.

The following spreadsheets are to show the results of the District's operations for Fiscal Year 2017/2018. (FY 17/18) as of June 30, 2018. It is important to note that these are not final results for the fiscal year. Some revenue, particularly property taxes and special assessments related to FY 17/18 is still to be received. Some expenditures will also be made. In addition, activities not related to cash inflows and outflows will be made as year-end accruals have yet to be recorded. These accruals includes Payroll Payable as the first payroll done in July, 2018 includes one week in June. It is expected that more detailed results, which will include most, if not all, of the remaining activity for FY 17/18 will be presented at the August Board of Directors' meeting.

The following comments are to assist the readers of the attached spreadsheets:

Each page is for a given department.

With the exception of Allocated Overhead, the amounts shown on the Activity as of June 30, 2018 are the results of cash inflows and cash outflows.

The FY 2017/2018 row are the amounts from the budget approved on June 22, 2107 and the Mid-Year Budget adjustments approved March 22, 2018.

The Comments are overages or shortages for a given line item in the FY 17/18 Budget. Generally, only differences of \$10,000 or more are listed.

No transfers from reserves are included in the Activity as of 6/30/18 are included as these are done after all other activity is accounted for.
