CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. **4.C.**

FROM: John F. Weigold IV, General Manager

Meeting Date: August 20, 2020Subject: Consideration of Adoption of Resolution
42-2020 Amending the List of
Designated Positions Subject to the
District's Conflict of Interest Code**RECOMMENDATIONS:**

Staff recommends that the Board of Directors consider adoption of Resolution 41-2020 to amend the list of designated positions subject to the CCSD's Conflict of Interest Code.

FISCAL IMPACT:

There is no fiscal impact associated with this agenda item.

DISCUSSION:

The CCSD has adopted the Fair Political Practices Commission's (FPPC) model Conflict of Interest Code. The Conflict of Interest Code (Code) includes a list of designated positions, which are positions that make or participate in the making of decisions that may foreseeably have a material effect on participants' financial interests, as defined in State law and FPPC regulations.

Government Code Section 87306(a) provides that agencies amend their Conflict of Interest Code as necessitated by changed circumstances, including the creation of new positions that need to be included in the Code. Amendments or revisions are then to be submitted to the Code reviewing body, which, pursuant to Government Code Section 82011, is the San Luis Obispo County Board of Supervisors.

There are two newly created positions and staff title changes, so it is appropriate to add them to the list of designated positions. Accordingly, staff is recommending that the Board of Directors adopt the attached Resolution, which will amend the CCSD's Conflict of Interest Code to revise the list of designated positions by adding the Wastewater Systems Superintendent and Water Systems Superintendent and revising the Administrative Services Officer/District Clerk and Facilities & Resources Officer titles.

Consultants**	

Consultants. “Consultant” means an individual who, pursuant to a contract with Cambria Community Services District, either: (A) Makes a governmental decision whether to: (1) approve a rate, rule or regulation; (2) adopt or enforce a law; (3) issue, deny, suspend or revoke any permit, license, application, certificate, approval, order or similar authorization or entitlement; (4) authorize the District to enter into, modify or renew a contract provided it is the type of contract that requires District approval; (5) grant District approval to a contract that requires District approval and to which the District is a party, or to the specifications for such a contract; (6) grant District approval to a plan, design, report, study or similar item; or (7) adopt or grant District approval of policies, standards or guidelines for the District, or for any subdivision thereof; or (B) Serves in a staff capacity with the District and in that capacity participates in making a governmental decision as defined in California Code of Regulations, Title 2, section 18702.2 or performs the same or substantially all the same duties for the District that would otherwise be performed by an individual holding a position specified in the District’s conflict of interest code under Government Code section 87302. (California Code of Regulations, Title 2, section 18701 (a)(2).)¹

¹ A consultant serves in a capacity only if he or she has an on-going relationship with the District A consultant who works on one project or a limited range of projects for the district is not deemed a consultant subject to the reporting requirements of this code unless the project or projects extend over a substantial period of time, generally more than one year (See *Smith* Advice Letter, FPPC No. I-99-316; *Travis* Advice Letter, FPPC No. A-96-053; *Randolph* Advice Letter, FPPC No. A-95-045.)

** “Consultants” are included in the list of designated positions and must disclose interests and investments in accordance with the broadest disclosure category in the District’s conflict of interest code, subject to the following limitation: The General Manager may determine in writing that a particular consultant, although a “consultant” in a “designated position,” nevertheless is hired or retained to perform a range of duties that is limited in scope and therefore is not required to comply with all or some of the disclosure requirements described herein. The General Manager’s written determination will include a description of the consultant’s duties, and, based on that description, a statement of the extent of disclosure requirements. The written determination is a public record and will be retained for public inspection in the same manner and location as the District’s conflict of interest code as required by Government Code section 81008.

Officials Who Manage Public Investments. Officials who manage public investments are deemed to be “statutory filers” within the meaning of Government Code section 87200 and California Code of Regulations, Title 2, section 18720 because they must file statements of economic interest (FPPC Form 700) pursuant to the state Political Reform Act instead of the District’s conflict of interest code. As a result, such persons are not designated in this code and are listed here for information only. The District’s statutory filers are:

Board Members
General Manager
Finance Manager

An individual holding one of the above-listed positions may contact the Fair Political Practices Commission for assistance or written advice regarding their filing obligations if they believe that their position has been categorized incorrectly. The Fair Political Practices Commission makes the final determination whether a position is covered by Government Code section 87200.

New Position Added Without Code Revision. If the District creates a new position that requires disclosure without simultaneously amending this code, the employee appointed to fill such a position will file a Form 700 assuming office statement and thereafter file an annual Form 700 disclosure of economic interest statement using the broadest disclosure category until the District amends the code to designate the position. Alternatively, the General Manager may designate for any such position or consultant narrower disclosure obligations using a FPPC Form 804 or Form 805 as appropriate. (See 2 C.C.R. section 18734.)

APPENDIX B DISCLOSURE CATEGORIES

Category 1: All investments and business positions in business entities and income, including receipt of gifts, loans, and travel payments, from sources that are engaged in the performance of work or services of the type utilized by the District, or that manufacture, sell or provide supplies, machinery, services or equipment of the type utilized by the District.

AGENDA NO.

5.A.FROM: John F. Weigold IV, General Manager
Pamela Duffield, Finance Manager

Meeting Date: August 20, 2020

Subject: Public Hearing to Discuss and Consider
Adoption of Resolution 42-2020
Approving the Final CCSD Budget for
Fiscal Year 2020/2021 and Reserve for
Encumbrances Fiscal Year 2019/2020**RECOMMENDATIONS:**

Staff recommends the Board discuss and consider adoption of Resolution 42-2020 approving the CCSD Final Budget for FY 2020/2021, reserve for encumbrances of multi-year projects and contractual obligations and provide direction to staff as deemed appropriate.

FISCAL IMPACT:

The FY 2020/2021 Preliminary Budget was approved by the Board on June 18, 2020. The FY 2020/2021 Final Budget includes the same revenue projections, expenditure authorities, and changes to the General Fund, Water, SWF and Wastewater Fund balances as shown below:

The overall fiscal impact to the General Fund is a deficit of \$11,933 and is calculated as follows:

Fire	(\$114,878)
Facilities & Resources	(\$56,291)
Administration	\$158,877
PROS	\$359
Total	<u>(\$11,993)</u>

The overall fiscal impact to the Enterprise Funds is a surplus of \$470,978 and is calculated as follows:

Water	\$539,114
SWF	\$319,560
SWF-Capital	\$0
Wastewater	<u>(\$387,697)</u>
Total	\$470,978

In addition, the FY 2020/2021 Final Budget requests unexpended funds from FY 2019/2020 multi-year projects and contractual obligations be reserved for encumbrances in FY 2019/2020 and carried forward to FY 2020/2021. The reserve for encumbrances total \$1,099,073, which includes \$77,233 in General Funds and \$1,021,840 in Enterprise Funds.

DISCUSSION:

Adoption of a budget is one of the most important actions taken by the Board of Directors. It establishes the District's direction for the near term, and to some extent these decisions also have long term implications. The budget is the District's financial work plan, translated in

expenditures, supported by revenues. The budget establishes the priorities of the District for the fiscal year.

FY 2020/2021 Final Budget

The Final Budget includes several components:

- Final Budget – The Preliminary Budget includes department and fund level summaries, detailed line items for all revenues, expenses and reserve for encumbrance requests.
- Salary Schedule – The updated salary schedule and associated Resolution 36-2020, dated July 16, 2020 is being included, due to establishing pay schedules for the positions of Deputy District Clerk, Administrative Department Manager and Retired Annuitant since the preliminary budget was approved.
- Organizational Charts – The organizational charts represent the current reporting structure of CCSD and the approved position changes which are funded in the final budget.
- Reserve Estimates – The reserve estimates are updated to reflect the actual revenues, expenses and reserve for encumbrances requests for FY 2019/2020.

The Finance Committee reviewed the final budget on July 28, 2020 and recommended approval to the Board by a 5-0 vote. Staff and the Finance Committee recommend approval of the FY 2020/2021 Final Budget and reserve for encumbrances through adoption of Resolution 42-2020.

**A RESOLUTION OF THE BOARD OF DIRECTORS
OF THE CAMBRIA COMMUNITY SERVICES DISTRICT
APPROVING THE FINAL CCSD BUDGET FOR FISCAL YEAR 2020/2021 AND
RESERVE FOR ENCUMBRANCES FISCAL YEAR 2019/2020**

WHEREAS, the General Manager has submitted for consideration the Final Cambria Community Services District (CCSD) Fiscal Year (FY) 2020/2021 Budget (Budget); and

WHEREAS, the draft Preliminary FY 2020/2021 CCSD Budget was introduced during a public hearing on June 18, 2020, and all persons were given an opportunity to be heard and their suggestions carefully considered; and

WHEREAS, a public hearing on August 20, 2020, on the Final FY 2020/2021 CCSD Budget was duly scheduled, advertised, and held, and all persons were given an opportunity to be heard and their suggestions carefully considered.

NOW THEREFORE, BE IT RESOLVED that the Board of Directors has reviewed the Final CCSD Budget FY 2020/2021 for the period from July 1, 2020 through June 30, 2021, including the FY 2019-2020 reserve for encumbrances requests, and hereby finds that the Budget is a sound plan for financing and expenditure control of required CCSD operations and services, and said Budget is hereby approved.

BE IT FURTHER RESOLVED that the Board of Directors is aware of the potential that events beyond control of the CCSD could substantially reduce CCSD revenues and/or increase expenditures. Therefore, the General Manager may temporarily suspend the expenditure of funds within the adopted Budget if in his judgment such temporary suspension is necessary to protect the CCSD's financial position and the impact of such a temporary suspension on CCSD operations will not be substantially detrimental to CCSD services. The General Manager is directed to administer the business operations of the CCSD as called for in the Operating Budget for FY 2020/2021 and as modified by any such temporary expenditure suspension. The General Manager is further directed to report back to the CCSD Board of Directors, as necessary, with recommendations for revision of the Budget when, and if, Budget impacts are known, and specific CCSD program or service level adjustments can be formulated.

BE IT FURTHER RESOLVED that the CCSD Board of Directors hereby directs the General Manager to levy and collect special assessments and other fees as duly approved by the Board and to administer and expend the tax proceeds in accordance with the enabling legislation.

CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. **6.A.**FROM: John F. Weigold, IV, General Manager
Timothy Carmel, District Counsel

Meeting Date: August 20, 2020	Subject: Discussion and Consideration of Adoption of Resolution 43-2020 Declaring a Continued Local Emergency in the Cambria Community Services District Due to the Coronavirus Pandemic
-------------------------------	--

RECOMMENDATIONS:

Staff recommends that the Board of Directors discuss and consider adoption of Resolution 43-2020 declaring a continued local emergency in the Cambria Community Services District due to the Coronavirus Pandemic.

FISCAL IMPACT:

The District continues to work with customers challenged with paying for their water and wastewater utility services, due to the impact of the COVID-19. Listed below is a recap of the billing cycle, the number & dollar amount of late customers and the number & dollar amount of customers on a payment plan, as of August 13, 2020:

Billing Cycle	Late #	\$	Pmt Pln	\$
Nov-Dec 2019	3	2,215.67	0	-
Jan-Feb 2020	3	916.91	0	-
Mar-Apr 2020	10	13,368.85	2	459.03
May-Jun 2020	188	108,437.26	8	2,198.69
	204	124,938.69	10	2,657.72

The number and dollar amount of late customers for the May-June 2020 billing cycle was not available at the time of writing this report. The overall fiscal impacts and any potential FEMA grant reimbursement associated with the COVID-19 are unknown at this time.

DISCUSSION:

As the Board is aware, the State and County of San Luis Obispo have adopted a number of executive orders declaring a public health emergency and imposing restrictions on the general population to help control the spread of the COVID-19 virus. The Board of Directors adopted Resolution 09-2020 on March 23, 2020, which declared a local State of Emergency and provided the General Manager with authority to allow for a more expeditious and effective response to various situations related to the Coronavirus Pandemic as they occur. Resolution 09-2020 requires the Board to determine whether a local State of Emergency continues to exist at each regular and special meeting. As the COVID-19 virus continues to ravage the State and country, it is recommended that the Board adopt Resolution 43-2020 declaring a continued State of Emergency.

AGENDA NO. **6.B.**FROM: John F. Weigold IV, General Manager
William S. Hollingsworth, Fire Chief

Meeting Date: August 20, 2020 Subject: Discussion and Consideration of
Adoption of Resolution 44-2020
Amending Fiscal Year 2020/2021
Budget

RECOMMENDATIONS:

Staff recommends the Board adopt Resolution 44-2020 amending the FY 2020/2021 budget. This budget amendment is requested to reflect the awarded and accepted AFG Covid-19 Supplemental Grant for Personal Protective Equipment (PPE)

FISCAL IMPACT:

The fiscal impact to the General Fund – Fire Department is \$1,226.29 and will be absorbed within the FY 2020/2021 budget. As a condition of this grant, Federal Emergency Management Agency (FEMA) requires the applicant (CCSD) to contribute non-Federal funds equal to five percent (5%) of the Federal funds awarded, as shown in the table below.

AVG Covid-19 Grant Budget

- | | |
|--------------------------|-------------------|
| • Federal funds awarded: | \$22,525,71 |
| • CCSD 5% match: | \$1,126.29 |
| • Total approved budget | \$23,652.00 |

DISCUSSION:

The purpose of the AFG Covid-19 Supplemental is to provide funds for the purchase of PPE and related supplies, to prevent, prepare for and respond to coronavirus. The application included requests to create a cache of PPE supplies for use with future and/or continuing pandemic emergency responses. This cache includes particulate reusable respirators, N95 masks, surgical gowns, surgical face masks, protective coveralls, examination gloves, hand sanitizers, and disinfectants.

FEMA opened the grant period with a very narrow application window that did not allow the typical time available to present this grant funding opportunity to the Board. Fire Chief William Hollingsworth presented this to General Manager Weigold, and pursuant to Resolution 09-2020 which authorizes the General Manager to take all actions necessary and proper to protect the safety of employees and the public from COVID-19, received permission to move forward with the application, understanding that any cost share would have to be absorbed in the existing, approved budget for the General Fund - Fire Department, no operational increase in spending would be approved. The application was submitted and subsequently awarded on June 29, 2020, with a defined performance period of July 6, 2020 to July 5, 2021. The grant has been accepted by the CCSD.

Staff recommends the Board approve Resolution 44-2020 amending the FY 2020/2021 budget to appropriate both revenue and expense necessary to receive the AFG Covid-19 Supplemental Grant for Personal Protective Equipment (PPE).

AGENDA NO. **7.A.**

FROM: John F. Weigold, IV, General Manager

Meeting Date: August 20, 2020

Subject: GENERAL MANAGER REPORT

GENERAL MANAGER:

We continue our core CCSD missions of providing water, wastewater treatment, emergency response, facilities, and administrative services. However, the CCSD team has had four staff members quarantined this month due to the COVID-19 pandemic. We have increased our vigilance, restricted physical staff interaction between offices, and increased screening at all CCSD work locations.

I attended several meetings this month, including daily SLO County Emergency Operations Conference Calls; biweekly SLO County Special District General Manager Meetings (discussed COVID policies and procedures and shared our significant CSD activities); the Policy Committee meeting; the PROS Commission meeting; the Finance Committee meeting; the Resources & Infrastructure Committee meeting; and bi-weekly Cambria/San Simeon Community Leaders Forum conference call (we discussed the increasing homeless situation in Cambria and ongoing need for food for area residents).

In addition to the daily operations of the CCSD, the following is my update on some of our current ongoing projects:

Energy Efficiency Infrastructure Improvement

Staff met with PG&E staff and consultants on August 3rd for an update on the project. We are nearing completion of initial design and bids for all planned Energy Conservation Measures (ECMs).

Coastal Development Permit (CDP) for the Sustainable Water Facility (SWF)

The District submitted our CDP application for the SWF to San Luis Obispo County on July 15th. The County Planning Department is currently reviewing and soliciting comments on the application. We continue to work with various regulatory agencies to continue studies required for the CDP.

2020/2021 Budget

The Board reviewed and approved the preliminary budget for FY 2020-2021 in June. Review and approval of the final budget will occur at the August 20th Board meeting.

Regulatory Compliance

The District continues to provide all required regulatory reporting on or ahead of schedule.

Human Resources Policy Reviews

We are reviewing all our human resources policies and procedures to ensure the District policies are up to date and compliant with current local, State and federal laws.

Purchasing

Staff is working with each department to review purchasing in order to leverage District purchasing to save money on supplies and reduce costs.

Capital Improvement Plan (CIP)

Staff is building a consolidated District-wide CIP list to facilitate long range planning and financial budgeting.

There are no documents responsive to your request. The form you attached to your Public Records Request is for the State of New York and that license number doesn't match anything in our records.

7/31/2020 Mike Keough 1) Following are additional responses and Public Record Requests to a few items. I will be using the original request and numerical designation and CCSD's response followed by my own response to CCSD's response and an additional Public Records Request for information that was available but we were denied access to. 2. Provide all documentation and correspondence regarding this ROC and the investigation conducted with Danny Pena and the Special District Risk Management Authority (SDRMA) Also include names and affiliations of individuals involved in the process. **CCSD Response 07.30.20: Claim files are exempt from disclosure under Government Code Section 6254(b).**

Keough Response and New Request 07.31.20: There has not been a lawsuit filed and we are not in litigation. Code Section 6254(b). This exception does not allow records created prior to a suit and relevant to it to be withheld merely because a suit is pending, but instead relates to records created for the suit. Please provide documents at requested.

3. Provide all documentation and correspondence regarding this ROC and the investigation by CCSD Ray Dienzo and the Hydrologist he mentioned that reviewed the matter. Also include names and company affiliation of individuals involved in this process.

CCSD Response 07.30.20: There are no documents responsive to your request. Keough Response and New Request 07.31.20: Per item #6 clearly leaks are being documented/recorded monthly. Please provide the last (10) yearly records of claims against CCSD for damage from water leaks in Cambria and their outcome including reasons for rejection.

I greatly appreciate your efforts to put this information together. Please advise CCSD that as stated in their response to Item #1 they have a duty under the Public Records Act to make a good faith

effort to search for documents that are responsive to my request. It appears that they are obstructing my right to these records by manipulating a code that does not remotely pertain to this situation and arbitrarily stating "there are no documents responsive to your request" when clearly there is plenty of information not only available but well documented. These actions are not in "good faith" nor in accordance with their duty under the Public Records Act. Please advise soonest, as per the CCSD Notice of Rejection of Claim (ROC) dated July 16, 2020, time is of the essence to file a court action on this this claim and delay may cause us greater financial harm.

On 8/10/2020, the CCSD responded to Mike Keough's 7/31/2020 Public Records Request with the following:

2. We have made a diligent search of our records and have provided you with all records that could be located that are not exempt from disclosure. Furthermore, Government Code Section 6254(b) below expressly includes claims, not just lawsuits and litigation.

3. The district never retained a hydrologist to do a report or investigation after the claim was filed, so there are no documents responsive to your request.

If you want the service orders in the future, please let me know and staff will prepare them for your review at the district office. Please note the records are not available electronically and any photocopies will cost .20 per page for black & white copies, as outlined in the enclosed Cambria Community Services District fee schedule.

7. There are no document responsive to your request.

8/3/2020 Gregg Berge 1) Thank you for providing the documents pursuant to my CPRA request. In follow up and for clarity, the email from Tammy Rudock dated Tuesday October 27, 2009 in reference to "Art's former water meter", there seems to be a tremendous amount of confusion as to the status of the subject meter, as being a "Grandfathered Meter", a water meter re-classified as in "Intent to Serve" letter, and not a "Grandfathered Meter", or whatever the current status is. I would

like to draw your attention to Art's former property on Linden Court (APN #024-312-026 currently listed in the local Multiple Listing Service" (the "MLS") and states the property purchase includes: "Grandfathered water meter from the CCSD" along with other studies, reports, survey's, and maps. (MLS No. SC20098519) As an agent in the state of California, I am required to verify information on properties that I have clientele interested in purchasing and need a written verification of the "true" status of this water meter, given its long history and background due to disclosure requirements under state law. Please confirm in writing if this property on Linden Court has the following attached to it. 1) Water meter; and/or 2) Grandfathered water service pursuant to definition under CCSD Municipal Code (and provide code section applicable); 3) Intent to Serve (ITS) letter issued; 4) or waitlist position only. Please respond in writing by email. Thank you for your letter of clarity to the prior issued documents per the CPRA.

On 8/3/2020, the CCSD responded to Gregg Berge's 8/3/2020 Public Records Request with the following:

Enclosed are the following documents which are responsive to your request:

- CCSD Municipal Code Exhibit B to 8.04.030 (A)(2)(3) Existing Commitments
- CCSD Municipal Code 8.04.010 – Definitions

8/3/2020 Gregg Berge 1) In follow up today to the documents you provided under my original CPRA, let this email serve as a new formal document request under the CPRA. Please provide the following copies under the provisions of the CPRA:

8/5/2020 Paul Nugent 1) I would like all email communication sent from John with the title General Manager feedback in the subject line including FWD or any other variant of that nature. There will likely be forwards of this email that I need to resolve the details of as there appears to have been a brown act violation. I am aware that an email that I sent to both John Weigold as well as Harry Farmer and Donn Howell was forwarded from Director Steidel and Pierson. It may be easier to just ask for all email sent from John Weigold that were forwards from Paul Nugent.

On 8/5/2020, the CCSD responded to Paul Nugent's 8/5/2020 Public Records Request with the following:

Enclosed are the following documents which are responsive to your request:

Utilities Report for August 2020

Departmental Activities for the Month of July

Water Department

July began with Utility Services Associates finishing up the second segment of leak detection throughout the system. Two subsurface leaks were detected and repaired. During the leak detection program 154 hydrants, 281 valves and 49 services were inspected for water loss. A total distance of 22.91 miles of distribution system was covered. The water loss sources identified and repaired from this audit saved a potential 2.6 million gallons of loss per year.

The dry season at the San Simeon Well Field is officially underway now that flow has ceased at the Palmer Flats creek area. This trigger limits diversion from our San Simeon well field to 370-acre feet until October 31st.

Water Staff relocated an irrigation meter gifted to Greenspace by the previous owner. It will be used for irrigation at the Pocket Park on Center Street.

The Leimert tank was inspected this month to maintain compliance with State regulations. The 120,000-gallon tank also had some small exterior repairs and interior coating performed. The tank was last inspected in 2014. The District is also seeking proposals for an asset management program for all potable water storage facilities to extend the life and amortize costs associated with preventative maintenance.

Engineering staff continued to research potential meter register replacements, speaking with vendors across the industry. Engineering staff anticipates releasing an RFP for this program before the end of the year.

Other Water Department activities and tasks for July 2020 are included in the following table.

Activity	# Completed
Manual Meter Reads/Locates for Billing Purposes	62
Customer assists for high water usage on customer side of meter	18
Locking/Unlocking Water Meters	0
Meter Shut-Off/Turn-On at Owner's Request	3
Repairs of distribution system leaks	7
After-Hours System Alarm Responses	4
USA Locations	23
Water Service Line Information Requests	5
Service angle stop/ Valves Replaced	2

Well level data and production summary reports are available on the District [website](#). As of July 31, the District has diverted 30% and 27% of the annual San Simeon Creek and Santa Rosa Creek allocations, respectively, with 80% of total production coming from the San Simeon Creek aquifer. San Simeon Creek well levels are trending slightly above average.

Sustainable Water Facility

Activities for the month of July at the SWF included grading of access road, road base application and building maintenance. We are training new operators at the facility on pump and valve maintenance, replacing old air supply lines for pneumatic valve operation and basic operations.

Staff continues to develop a plan for an Instream Flow Study to support the District's application for a regular Coastal Development Permit, which was updated this month. Engineering staff met with staff from the California Coastal Commission, California Department of Fish and Wildlife, and State Parks to receive feedback and direction on the path ahead.

Wastewater Treatment Plant (WWTP)

We continue to work under COVID-19 precautions.

The PG&E IGA is moving along on schedule, and a request for a replacement transformer has been submitted to PG&E.

We processed 16.1 million gallons of water and disposed of 128 tons of sludge.

Figure 1 Aeration basin #2 drained and being cleaned

This month aeration basin #2 was taken down and cleaned. MKN engineering was here to inspect for future upgrades. This basin had air diffusers that had come off and needed repair. The crew removed the rags, grit and debris from the basin and placed it all into industrial bags. We had a crane come out to

remove the bags from the basin and place them into a dumpster. We filled two dumpsters with bags and then they were taken to the landfill. After removing the bags and opening the basin, we were able to access the broken headers and make needed repairs. The basin was placed back online for a few weeks and then we began to empty basin #1. We hope to have basin #1 cleaned and online in early August.

We also had two building painted in July.

Collection System

A lot of time has been spent cleaning up and removing old equipment from our lift stations . Our Collection System Maintenance Workers, Ben and Tristan, have cleaned out the spider webs and

mopped the floors. We hope to repaint the buildings this fiscal year. The lift stations have not looked this good in years, so a big thank you to Ben and Tristan for all their hard work.

Ben and Tristan have also started taking online classes with California State University - Sacramento for collections operations. Both staff members have applied for their OIT certifications so they can help on the plant when needed.

Ben has taken and passed the written exam for a CDL and now has his learners' permit.

The new sewer camera is being put to use, and our team is continuing to maximize its use.

Conservation & Permits

This month, we found out we would be losing our Administrative Technician II to the National Park Service. Jim has been incredibly helpful putting together the new Retrofit Points Bank database, updating our GIS system management, and providing frontline customer service for our permit counter. We wish him the best of luck with the NPS in beautiful Yosemite.

Recruitment for the Administrative Technician II – Assistant to the District Engineer will take place as soon as possible. In the meantime, a temporary employee will begin work in August.
