Subject: Some neighbors

I have a neighbor on Rogers
Who I know has plenty of resources
To call someone who for a year since a tree fell has just been piling the branches by the road. It's been red tagged
but honestly this makes more work for the CCSD.
We spent a tremendous amount of money, getting our three lots compliant in order to be safe.
I think the folks who just ignore you should be fined big time.
Sincerely

Laylon
