TO: Board of Directors

AGENDA NO. **5.A.**FROM: John F. Weigold IV, General Manager
Pamela Duffield, Finance Manager-----
Meeting Date: May 13, 2021Subject: Discussion and Consideration of
Adoption of Resolution 13-2021
Confirming the Itemized Report of Water
and Wastewater Standby or Availability
Charges for Collection on the County
Tax Roll**RECOMMENDATIONS:**

At the close of the public hearing, staff recommends that the Board of Directors adopt Resolution 13-2021 Confirming the Itemized Report of Water and Wastewater Standby or Availability Charges, so that the charges can be collected on the County tax rolls.

FISCAL IMPACT:

Collection of the FY 2021/22 Water and Wastewater Standby or Availability Charges through the County tax rolls will ensure that those charges are collected by the CCSD in the most cost-efficient manner, as permitted by State law.

DISCUSSION:

At the April 15, 2021 regular meeting, the Board of Directors fixed Water and Wastewater Standby or Availability Charges, pursuant to Government Code section 61124(b). These charges are imposed on owners of all developed parcels and owners of undeveloped parcels with intent to serve letters or connection permits. These charges are a critical revenue source for CIP, major maintenance, and capital outlay projects. Resolution 13-2021 confirms the itemized report of Water and Wastewater Standby or Availability Charges and authorizes their collection on the County tax rolls, pursuant to Government Code section 61115(b).

The County Auditor-Controller's Office requires that the resolutions submitted to them for charges and assessments to be collected on the tax rolls expressly recite the statutory authority for collection by the County in that manner. Accordingly, the Resolution confirming the itemized report of the FY 2021/22 Water and Wastewater Standby or Availability Charges is being presented to the Board for adoption, so that it can be submitted to the County and the charges can be collected on the tax rolls. This Resolution is presented in a format that is acceptable to the County.

- To employ lighting best practices in conformance with current applicable codes and ordinances (including CZLUO 23.04.320).
- To reduce district expense through the use of energy efficient lighting.
- To minimize light pollution, including sky glow, light trespass, glare and nuisance lighting to protect the health, safety and welfare of residents and visitors.
- To mitigate adverse impacts on the nocturnal environment while preserving Cambria's rural village character.

AGENDA NO. **6.B.**FROM: John F. Weigold IV, General Manager
Pamela Duffield, Finance Manager

Meeting Date: May 13, 2021	Subject: Discussion and Consideration of Adoption of the Budget Policy Revisions Recommended by the Finance Committee
----------------------------	--------------------------------------------------------------------------------------------------------------------------------

RECOMMENDATIONS:

The staff recommends the Board review the budget policy revisions recommended by the Finance Committee and consider adoption of the revised policy.

The Finance Committee made its final review of the revisions to the budget policy on April 27, 2021 and recommended approval by a 5-0 vote.

FISCAL IMPACT:

There are no fiscal impacts identified with the associated action.

DISCUSSION:

The Finance Committee prepared a budget policy, and that policy was approved by the Board on December 10, 2020. Subsequent to that approval, the Board approved changing the name of the Sustainable Water Facility (SWF) to the Water Reclamation Facility (WRF). On April 8, 2021, the Board approved a name change implementation schedule and directed staff to change the name in District policies and regulations.

At the April 27, 2021 Finance Committee meeting, the budget policy was reviewed, and no additional changes were suggested for revision. Staff and the Finance Committee recommend the Board adopt the revisions outlined in the budget policy to reflect the name change from SWF to WRF.

I. PURPOSE

It is the policy of the Cambria Community Services District that an annual Budget will be prepared, presented to the Board of Directors for approval and used as the guide for District spending decisions each year.

The annual budget serves multiple purposes:

- Translate District plans into financial estimates of the impact of those plans.
- Provide a template for resource allocation.
- Establish spending controls consistent with District needs and Board objectives.
- Provide a basis for evaluation of actual spending during the year.
- Provide a guidepost for expectations and a basis for determining when actual events are inconsistent with those expectations.

With its approval, the Board of Directors authorizes General Manger to plan for and take actions that are consistent with the Budget, within the limits of other Board policies. Prior to taking action that is inconsistent with either the Budget of other policies, the General Manager will raise the issue for discussion and approval at a public meeting.

II. PROCEDURES

A. Plans, Goals, Resources

A budget is a financial manifestation of plans and goals. In order to be meaningful, the Annual Budget must include a discussion of District goals and objectives, plans to accomplish those objectives (in the case of multi-year objectives the Annual Budget will address what will be accomplished in the relevant year), available resources and discussion of trade-offs between competing objectives and available resources.

Plans and objectives must be consistent with overall Board policy and direction. They should be developed in such a way that they are measurable. During the year and following each year, the General Manager will report on achievements and gaps between what was achieved and initial plans and objectives. These reports will include the financial implications of these achievements and gaps and plans for remediation if necessary. Interim reports will be presented on at least a quarterly basis.

B. Calendaring

The Annual Budget must be prepared and presented to the Board in a timely fashion. Except under exceptional circumstances, requiring approval by the Board, the Budget must be approved prior to the beginning of each fiscal year. The typical schedule will include the following:

- Preliminary budget submitted for review by the Standing Finance Committee at the May meeting.
- Revised preliminary budget, incorporating input from the Standing Finance Committee where appropriate, shall be submitted to the Board at its regular June meeting, in order to meet the required statutory deadline of adoption by June 30th.
- Final budget submitted for review by the Standing Finance Committee at the July meeting.
- Final Budget, incorporating input from the Finance Standing Committee and/or Board, submitted for approval at the regular August Board meeting in order to meet the required statutory deadline of August 31st
- Special meeting(s) of the Standing Finance Committee and/or the Board may be necessary to resolve difficult issues prior to adopting the Preliminary or Final -Budgets.

C. Mid-year Budget Update

If there is an event or events that materially impacts the assumptions in the Annual Budget, the General Manager will propose and present a midyear update for approval. Any midyear update will be prepared on a schedule that leads to approval as soon as practical after the regular December Board meeting, but no later than the regular February Board meeting. Changes should be limited to the impacts of the triggering event on plans, objectives and financial performance.

The General Manager also has the option of proposing and presenting a quarterly budget update for approval. Any quarterly update will be prepared on a scheduled that includes a review by the Standing Finance Committee, in advance of the regular board meetings in November, February and May.

D. Organization Chart and Position Allocation Listing

Budget documents will include both an organization chart and a position allocation listing which is a count of full-time equivalent employees. The full-time equivalent of employees will display the number of employees at the end of the current budget year as well as the planned headcount at the end of the proposed budget year.

Full-time equivalent will only include the employee count. Contractors, Consultants and Temporary employees or agencies will be represented in the organization chart and table to give a clear picture of the number of staffing required to fulfill the need to the District. Vacant positions will also be identified.

Potential open positions that will not be filled due to budget constraints should also be noted. New positions require justification and the General Manager is encouraged to provide a discussion about the relative merits for creating and filling positions.

E. CIP & Other Capital Assets

Capital spending plans are by their nature multi-year. Each year, prior to budget preparation, the General Manager should evaluate the needs to acquire or replace infrastructure, facilities, equipment and other capital items for a reasonable time period (five years or more). These plans should prioritize the acquisitions and identify funds available to achieve the plans. All plans should include discussion of the impact of acquiring assets and/or failing to acquire them due to resource limitations.

The General Manager shall work with the Standing Resource & Infrastructure Committee in establishing, changing and maintaining the Capital Improvement Plan for the District. The Capital Improvement Plan shall be adopted along with the Preliminary and Final Budgets and be amended as needed during the mid-year or quarterly budget updates.

F. Overhead Allocation

Overhead allocation is a tool to match the costs of administrative functions to the operating activities of the CSD. Administrative functions will be charged to a department or departments that are accounted for in the General Fund. Allocation to the Enterprise Funds, (Water, including the [WRFSWF](#), Wastewater) are necessary to assure that rates will be set to properly reimburse the General Fund for expenses necessary to the delivery of services.

Overhead allocation will take into account four criteria:

- Recovery based on equal distribution to all departments.
- Recovery based on relative size of department. The term “relative size” is a subjective determination based on estimates of each department’s use of resources and impact on the District’s overall mission.
- Recovery based on full-time equivalent employees.
- Recovery based on percent of administrative labor applied to departments as determined by interviewing administrative personnel.

On a yearly basis, each type of administrative spending will be reviewed to determine the best method, of the four above, to allocate that expense to the operating departments.

As part of the budget process, the charges to each operating department will be the percentage of total overhead budget derived from aggregating the recoveries applied to each spending line item. The percentage of overhead spending allocated to each operating department will be set at the beginning of the year and will not be changed unless there is a material change in actual or anticipated overhead spending, or a change in the nature of one or more operating departments that would cause a material change in the recovery methodologies.

G. Income Allocation – Property Tax and Other

Property taxes are the primary source of funds for the General Fund departments. Since administrative overhead is fully allocated, no property tax receipts will be allocated to the

administrative department(s). Currently, the departments receiving allocations of property tax are the Fire Department, the Facilities and Resources Department and the Parks, Recreation and Open Space department.

Allocation of property taxes is arbitrary. Ultimately, the allocation is the proper responsibility of the CSD Board of Directors. The methodology is iterative. The General Manager should budget expenses for each of the General Fund departments with an understanding of the likely level of property tax receipts. Once expenses are projected, the General Manager will make a recommendation to the Board about the appropriate allocation of property tax receipts. The recommendation should include discussion about the choices made in the spending projections and potential competition between departments for limited funds. The Board will determine the extent to which it agrees with the General Manager's priorities and allocate anticipated property taxes appropriately. If necessary, the Budget will be revised to take into account the Board's allocation decision.

Minor sources of income, such as fees and grants, are generally specified to certain funds. When the purpose is unspecified, the Board will allocate funds based on recommendations by the General Manager.

H. Structure

Working with the General Manager, the Board should set operating and financial objectives. This process is discussed above. From a structural standpoint, the budget's financial documents must reflect the financial impact of these objectives. More specifically, budget documents must contain at least the following information:

- Beginning Fund Balance
- Receipts of funds
- Loan Proceeds (external and interfund)
- Expenses
- Capital expenditures
- Loan Repayments (external and interfund) • Allocation to reserves for:
 - Emergency
 - Replacement
 - Unfunded liabilities such as employee benefits
 - Other
- Other receipts or expenses
- Ending Fund Balance

To the extent necessary, the budget will contain appropriate documents with detail supporting the above line-items.

I. Consolidation Entries

The budget will include at least two consolidation levels: General Fund and District. In the process of consolidation, internal transfers will be eliminated to avoid overstating income and expenses. Internal transfers include, but are not limited to, overhead allocation and interfund loans.

AGENDA NO. **6.C.**FROM: John F. Weigold IV, General Manager
Pamela Duffield, Finance Manager

Meeting Date: May 13, 2021

Subject: Discussion and Consideration of
Adoption of the Reserve Policy
Revisions Recommended by the
Finance Committee**RECOMMENDATIONS:**

The staff recommends the Board review the reserve policy revisions recommended by the Finance Committee and consider adoption of the revised policy.

The Finance Committee made its final review of the revisions to the Reserve policy on April 27, 2021 and recommended approval by a 5-0 vote.

FISCAL IMPACT:

There are no fiscal impacts identified with the associated action.

DISCUSSION:

The Finance Committee prepared a reserve policy, and that policy was approved by the Board on August 15, 2019. Subsequent to that approval, the Board approved changing the name of the Sustainable Water Facility (SWF) to the Water Reclamation Facility (WRF). On April 8, 2021, the Board approved a name change implementation schedule and directed staff to change the name in District policies and regulations.

At the April 27, 2021 Finance Committee meeting, the reserve policy was reviewed, and no additional changes were suggested for revision. Staff and the Finance Committee recommend the Board adopt the revisions outlined in the reserve policy to reflect the name change from SWF to WRF.

Attachment: Reserve Policy – Redline Version

POLICY TITLE: Reserve Policy
POLICY NUMBER: 2150

Purpose: The Cambria Community Services District shall maintain reserve funds from existing unrestricted funds as designated by the District's Reserve Policy. Funds established under this policy shall function as both Capital Outlay and Contingency Reserves. This policy establishes the procedure and level of reserve funding to achieve goals, including the following:

- c. Fund replacement and major repairs for the district's major assets and infrastructure.
- d. Fund multi-year capital improvements.
- e. Fund designated projects/programs or other special uses not otherwise funded by current operational income, grants or other available sources.

The District will account for reserves as required by Governmental Accounting Standards Board Statement No. 54 which distinguishes reserves as among these classes: non-spendable, restricted, committed, assigned and unassigned. In the event that any of the District's Funds receives material, unanticipated eligible revenue (e.g. a windfall) or budget surplus, the Board will consider setting aside some or all of such unanticipated revenue or surplus for reserves before committing expenditure for other purposes. The accumulated balance of unassigned Reserve Funds will not exceed 50% of the respective Fund's prior year Unrestricted Income. Assigned Reserve Funds shall not exceed the specific purpose for which they are accumulated.
- b. Reserves will be set aside for the following purposes:
 - a. General Fund unassigned Reserves:
 - i. Operating Reserve: Funds to be used to provide for operations in anticipation of Property Tax receipts. Any reserves used for this purpose will be replaced when the Property Taxes are received.

Finance Committee Report for CCSD Board Agenda, 5-13-21:

The Finance Committee of the CCSD Board of Directors held its regular meeting via Zoom on Tuesday, April 27, 2021 at 10 a.m.

Committee members present were: Tom Gray (chair), Ted Siegler (vice-chair), DeWayne Lee and Cheryl McDowell. Marvin Corne was absent.

Staff present were: John Weigold, General Manager, Pamela Duffield, Finance Manager, Carlos Mendoza, Facilities & Resources Supervisor, and Ossana Terterian, Board Secretary.

Regular business was as follows:

-- Review of third quarter budget report and staff recommendations:

Finance Manager Duffield reviewed the budget impact associated with the January storm damage, reporting a total damage estimate of over \$400K.

The budget request for storm damage repair only covers the necessary emergent and safety-related work. Some of the needed funds come from the facilities and resources budget but the majority are funded from reserves.

The budget request for the skate park design is funded by reallocation within the PROS budget.

The Committee voted 4-0 to recommend to the Board approval of the requested budget adjustments.

-- Update on the Strategic Plan objective of identifying underfunded/under-resourced/understaffed services:

Committee member Lee and Ms. Duffield reviewed the progress made by the ad-hoc committee for this assignment. The committee has developed a prioritized list of underfunded/under-resourced/understaffed services by department. It also has identified some initial ideas for identifying funding resources and structural changes to meet unmet service needs.

The Committee voted 3-1 to amend the priority list to distinguish one-time investment from ongoing maintenance, and to present the list in with that change to the CCSD Board.

In other business, the Committee voted to recommend changes in budget and reserve policies to reflect the name change from Sustainable Water Facility (SWF) to Water Reclamation Facility (WRF). Ms. Duffield also updated the Committee on the 2019-2020 audit and the implementation of the Tyler Incode system. She noted that Accounts Payable and Purchasing went live the week of April 4th. The 1st payroll was processed the week of April 12th, and the 2nd payroll was being processed without assistance from Tyler.

After extensive review and discussion by the full R&I Committee and input from members of the public, the R&I Committee unanimously approved forwarding this report to the CCSD Board.

The Resources & Infrastructure Committee held a Special Meeting via Zoom on Monday, May 4, 2021, at 2:00 pm.

Committee Members present were: Karen Dean (Chair), David Pierson (Vice Chair), Brad Fowles, James Webb, Steven Siebuhr, and Michael Thomas.

Staff Present were: General Manager Weigold, District Engineer/Utilities Manager Ray Dienzo, Program Manager Melissa Bland, Admin Tech II Megan Gerseny, and CCSD Board Secretary Ossana Terterian.

UWMP Consultants present were Dan Heimel from WSC (Water Systems Consulting, Inc), and Lisa Maddaus from MWM (Maddaus Water Management, Inc).

The R&I Committee received three presentations regarding the updated technical portions for the 2020 UWMP (Urban Water Management Plan).

The first presentation was by Lisa Maddaus of MWM on the Summary of DSS (Decision Support System) Modeling Demand Analysis Update for 2020 UWMP. This analysis provides data needed to update demand forecast data tables, and is the foundation for supply and demand comparisons for various water year scenarios in water supply reliability and assumptions for future water demand.. This modeling included analysis of water consumption, production, water loss, jobs data, passive water savings (retrofits and updates of water devices, changes in plumbing codes), population/growth projections, climate change, and conservation.

Our next presentation was by Dan Heimel of WSC and was a study to assist the District in developing Draft Demand Reduction Trigger Evaluations and to help develop the Water Shortage Contingency Plan. This study looked at out two aquifers, our Water Rights Production Limits and Constraints, and our availability in wet and dry seasons. This study also looked at six different drought scenarios and several different stopping times of the flow at Palmer Flats which determines the beginning of dry season for the San Simeon Creek aquifer, and these factors are used in determining the triggers for levels needed for percentages of required dry season water conservation and enacting different stages of our Water Shortage Contingency Plan.

District Engineer Ray Dienzo, along with Program Manager Melissa Bland presented a draft of the Water Shortage Contingency Plan and the Six Stages of Drought/Water Severity. The presentation included Emergency Water Conservation measures for the proposed stages and the actions needed for each of those stages.

There was extensive discussion, comments, and questions by the Committee members as well as from the public. An Ad Hoc Committee was formed consisting of Vice Chair David Pierson, Chair Karen Dean, and Committee member Michael Thomas to work with staff to help review and further fine tune the Water Shortage Contingency Plan and Water Shortage Severity Stages criteria and suggested actions.

An brief update was also received on the progress of the PG&E SST Program.

Presently I'm responsible for reports from FFRP, the Cambria Forest Committee, and, along with Tom Gray, the Ad Hoc Committee on Forest Management Alternatives.

Here is the report from the Forest Committee meeting of Wednesday, April 14th:

There were three topics that highlighted this meeting. The availability of Fire Insurance for Cambria homeowners is problematic at this time. Yet it appears that State Farm, as well as other insurance companies, are possibly providing an opportunity to utilize a Wildfire Defense System to help provide fire protection to local residents. And while this seems to be a hopeful sign for Cambria home owners, it's been reported that a number of local insurance agents are not aware of this program. Obviously there needs to be further investigation in this area.

Also discussed was the Cal Fire Vegetation Treatment Program (VTP), which presently here in Cambria mostly applies to the Covell Ranch. Forest Manager Steve Auten is doing a Project Specific Analysis on this property that will take a few months. The VTP itself is a very complicated and controversial program which plans to clear 250,000 acres of vegetation a year in California for the next 40 years through burning, grinding by the use of a masticator, and herbicide spraying. How problematic this process is regarding the overall health of the forest would appear to be a question that needs to be asked. Also, while vegetation management may seem to address fire prevention, it's been found that homes are more flammable than trees and brush in spreading fires. If the VTP is to be used in Cambria, one would hope there would be the opportunity for public discussion on this very important matter.

Also commented on was encouraging the use of Ember Excluders, devices installed in ones home to help provide protection from brushfires.

Neil Havlik, Cambria resident and member of the local chapter of the California Native Plant Society, states the NPS is endeavoring to cultivate a more cooperative relationship between themselves, Cal Fire, and Cal Trans regarding caring for, and maintaining, the health of the natural environment. An effort is also being made by the NTP to connect with the San Luis Obispo County Land Conservancy and ECOSLO (the Environmental Center of San Luis Obispo). The goal is to obtain more information to determine how to ultimately hire a Forest Manager/Ecologist for the the community of Cambria.

The next Cambria Forest Committee meeting is Wednesday, May 12th, at 6:30 PM via Zoom.

Right now there is nothing to report from FFRP. In the past, their meetings were always on the second THURSDAY of the month at 6PM, right after the first CCSD monthly meeting, creating a real problem for me. With their meetings now on the first TUESDAY of the month, I can most always make the report available on the Wednesday before the first Board meeting, so this month will have that to you on May 12th.

Regarding the Ad Hoc Forest Management Committee. Tom is trying to arrange a meeting for May but has yet to arrange for all the parties involved to be available. Will see how this turns out.

Have a good weekend.

NCAC Liaison Report for the CCSD Board Agenda May 13, 2021

The NCAC held its regular meeting via Zoom on April 21, 2021 at 6:30 pm.

Special Guest Speaker was Craig Ufferheide, Operations Coordinator for the Cambria Community Emergency Response Team (CERT). Craig presented the history of CERT and the training of their first responders, talked about “go” bag recommendations for emergencies, and the RUOK program for wellness checks for residents. Craig also reported on how CERT had been helping with COVID vaccinations and with emergency evacuation planning.

County Supervisor Bruce Gibson commented on the “Dog Beach” between North Morro Bay and Cayucos which was acquired by communities from Chevron. He reported on the status of the reopening of Hwy 1 at Rat Creek, about the information that was being gathered regarding the conduct of the 2022 election, and about a meeting that was planned for May 4 on homelessness issues.

The NCAC Election Committee put out a call for Candidates for representatives for the odd numbered areas of Cambria and for San Simeon, and will be holding the voting July 6 at the Vets Hall.

The Land Use Committee had four referrals from County Planning, one was for an addition to an existing home, one for a tear down and rebuild, one for a storm water capture sump vault, and one for a lot line adjustment to correspond to as built conditions. All projects were approved by the Council.

The Business Representative reported that business in Cambria has been “phenomenal “ and that real estate prices have risen 20%.

Michael Walsh was approved to become the Area 2 (Leimert/ Happy Hill) Alternate Rep, replacing Paul Nugent who has moved out of state.
